

Math 1351-001 Fundamental of Mathematics-II

Texas A&M University–San Antonio

Spring 2024

Class Meeting: T, R 11 – 12:15pm Classroom Hall 307

Instructor: Mr. Emilio Cruz

Credit hours: 3

E-mail: ecruz1@tamusa.edu

Office hours: M, F: 1p – 2p

T: 315pm – 415pm

S: one hour by appt

COURSE DESCRIPTION AND MATERIALS:

Catalog Description: Course Description: Study of the concepts of geometry, probability, and statistics, as well as applications of the algebraic properties of real numbers to concepts of measurement with an emphasis on problem solving and critical thinking. This course is designed specifically for students who seek middle grade (4 through 8) teacher certification. This course meets the standards for the Mathematics category of courses under the core curriculum.

Required Textbook: Long, DeTemple, Millman, Mathematical Reasoning for Elementary Teachers (7th ed.), Pearson,

1. E-text book and MyMathLab Access code:

Calculators: A scientific non-graphing, non-programmable calculator is required and allowed on all exams. No cell phone or graphing calculator will be allowed, and online math utilities (e.g., Desmos) are also not allowed. A TI-30XIIS scientific calculator is highly recommended.

Student Learner Objectives:

Learning Outcomes: Upon completion of this course, students will be able to:

1. Identify, describe, compare and classify two- and three-dimensional geometric figures; demonstrate an understanding of geometric properties and relationships; and use geometric terminology appropriately.
2. Demonstrate an understanding of elementary probability to include interpreting and explaining basic probability models.

3. Demonstrate an understanding of elementary statistics to include constructing, reading and interpreting tables, charts and graphs, and making inferences based on data analysis.
4. Compute, apply, interpret and explain measurement including length, area, surface area and volume.
5. Apply problem solving skills and critical thinking in the areas of geometry, probability, statistics and measurement.
6. Relate the course content to the teaching and learning of mathematics in the elementary and middle school classrooms.

MATH 1351 helps students develop Critical Thinking, Communication, and Empirical and Quantitative Skills by focusing on student understanding of essential mathematical concepts for secondary teachers to include recognizing, identifying, and solving, analyzing and explaining applications in elementary educational settings.

List of Topics: Topics to be covered include but are not limited to the following.

- Algebraic Expressions
- Graphing
- Experimental Probability
- Theoretical Probability
- Permutations & Combinations
- Representing Data
- Center and Spread
- Statistical Inference
- Figures in the Plane
- Curves and Polygons
- Figures in Space
- Measurement
- Area & Perimeter
- Pythagorean Theorem
- Volume
- Surface Area
- Transformations
- Patterns & Symmetries
- Tilings & Tessellations
- Congruent Triangles
- Similar Triangles

COURSE REQUIREMENTS / EXPECTATIONS

Class Attendance: Class attendance is mandatory. There are many studies that link lack of class attendance with failing grades.

Examinations: Exams will be proctored in the Testing Center. You will be given at least one week's notice of when an exam will be scheduled. Make sure that you schedule the exam in a timely manner, failure to do so may cause the time slots in the Testing Center to fill up and you not being able to take the required test at the time that you need. Students who fail to take an

exam for whatever reason will be awarded a 0 and have their final exam grade replace the missed exam.

Homework: Homework will be assigned after every section. You will have one week to complete your homework.

Evaluation of Student Performance:

Exams: 3 at 15% each

Homework: 25%

Final Exam: 30%

Course grades based on percentage

A: 90-100%

B: 80-89.9%

C: 70-79.9%

D: 60-69.9%

F: < 60%.

Tutoring: Tutoring Services for majority of math courses is a free, appointment-based, one-on-one and group tutoring program for currently enrolled Texas A&M University-San Antonio students (call **784-1332** or email Tutoring@tamusa.tamus.edu for an appointment – walk-ins welcomed, but priority granted to those with an appointment).

JAGS: Additional academic skill resources can be found in *The JAGS (Jaguar Academic Guides to Success) Program*. JAGS offers academic skill building strategies and can assist you in developing an effective academic success plan. If you are interested in the JAGS program, please contact the Student Academic Success Center at (210) 784-1352.

Blackboard: Students are responsible for checking blackboard regularly for announcements, assignments, and other support materials posted on Blackboard.

Leaving Class Early: Please make every effort to avoid situations that require you to leave before the end of class. However, in the event that you must leave class early please inform your instructor in advance.

Dropping the Course: It is the student's responsibility to drop a course. *The instructor may not automatically drop you. Last day to drop with an automatic "W" and Last day to drop a course or withdraw from the university can be checked on [academic calendar webpage](#) of TAMU-SA.* Please contact the Welcome Center at 784-1300 if you desire to drop the course.

GENERAL POLICIES

Student Misconduct: Appropriate conduct is essential to the effective functioning of the university. University policy defines unacceptable conduct, both academic and non-academic misconduct, and penalties for such behavior. All policies and procedures for the Student Code of Conduct may be accessed

on-line at <http://www.tamusa.tamus.edu/uploadfile/folders/aprado/Pdf/Pdf-635139861789259476-10.100.20.118.pdf>.

Your Instructor's Commitment to Academic Honesty and Integrity: Your instructor is sympathetic to the pressures faced by many students (e.g., full time employment, family responsibilities), and will do his best to provide you with any assistance you may need to succeed in this course. However, he also committed to awarding grades based on students' honest efforts. Therefore, your instructor will accept no excuses for any form of academic misconduct. All incidents of suspected academic dishonesty will be investigated and pursued to the fullest extent permitted by university policy.

Academic Dishonesty: Students at Texas A&M University-San Antonio are expected to adhere to the highest standards of academic honesty and integrity. Academic Dishonesty for which a student is subject to penalty includes **cheating, plagiarism, fabrication, multiple submission, misrepresentation of academic records, facilitating academic dishonesty, unfair advantage, violating known safety requirements and ethical misconduct**. This includes holding other students to same standards and reporting any incidents of alleged violation of the honesty policy to the instructor involved or, if necessary, to the appropriate academic department head. All students are responsible for being familiar with the Academic Dishonesty Policy which may be found in the Texas A&M University-San Antonio Student Handbook.

CLASS RULES

1. **Regular participation and attendance is VERY IMPORTANT in this class!** You are enrolling in a SIX HOUR math course, so expect to work on your Math work very frequently. Waiting to work on one day at the end of the week would be disastrous for this six-hour course!! Assignments will be due throughout the week – watch deadlines in MML closely. Failure to complete work in each unit will result in a lower participation grade – see below.
2. An absence in this online course is defined as the following: Not attending an online lecture at the scheduled time OR not watching the recorded session. You will receive a weekly attendance grade based on our online meetings.
3. Our typical 'week' will start with Monday's class and end the following Sunday. All assignments for the week will typically open on the weekend, and the first unit homework section(s) will close on Thursday. The second unit homework section(s) will close on Saturday, and the last homework and weekly quiz closes on the following Tuesday.
4. You must log in and complete required assignments to receive the maximum participation grade each week. Optional activities such as study plan or videos do not satisfy the participation requirement. To be counted as "participating", you must log in and complete graded assignments (e.g., homework, quiz, practice test, or test) with a score greater than 50%. If needed, seek help so that you can re-take quizzes or re-try homework in order to get your grade up.
5. Please do not ask me to extend the due dates. Work ahead on the assignments instead (remember... if something can go wrong, it will).

IMPORTANT UNIVERSITY POLICIES AND RESOURCES

University Email Policy and Course Communications: All correspondence between professors and students must occur via University email accounts. You must have your Jaguar email account ready and working. If it is not working, contact the help desk at helpdesk@tamusa.edu or at 210-784-HELP (4357). If you don't hear back within 48 hours, contact them again. They have a lot of requests during the first part of the semester, so you may need to follow up with them.

Academic Accommodations for Persons with Disabilities: The Americans with Disabilities Act Amendments Act (ADAAA) of 2008 and the Rehabilitation Act of 1973 are federal anti-discrimination statutes that provide comprehensive civil rights protection for persons with disabilities. Title II of the ADAAA and Section 504 of the Rehabilitation Act require that students with disabilities be guaranteed equal access to the learning environment through the provision of reasonable and appropriate accommodation of their disability. If you have a diagnosed disability that may require an accommodation, please contact Disability Support Services (DSS) for the coordination of services. The phone number for DSS is (210) 784-1335 and email is dssupport@tamusa.edu.

Academic Learning Center: The Academic Learning Center provides free course-based tutoring to all currently enrolled students at Texas A&M University-San Antonio. Students wishing to work with a tutor can make appointments through the Brainfuse online tutoring platform. Brainfuse can be accessed in the Tools section of Blackboard. You can contact the Academic Learning Center by emailing tutoring@tamusa.edu, calling (210) 784-1307, or visiting the Central Academic Building, room 202.

Counseling/Mental Health Resources: As a college student, there may be times when personal stressors interfere with your academic performance and/or negatively impact your daily functioning. If you are experiencing emotional difficulties or mental health concerns, support is available to you through the Student Counseling Center (SCC). To schedule an appointment call 210-784-1331 or visit Modular C, Room 166 (Rear entrance).

All mental health services provided by the SCC are free and confidential (as the law allows). The Student Counseling Center provides brief individual and group therapy, crisis intervention, consultation, case management, and prevention services.

Crisis support is available 24/7 by calling the SCC at 210-784-1331 (after-hours select option '2'). For more information and self-help resources, please visit www.tamusa.edu/studentcounseling

Emergency Preparedness: JagE Alert is Texas A&M University-San Antonio's mass notification. In the event of an emergency, such as inclement weather, students, staff and faculty, who are registered, will have the option to receive a text message, email with instructions and updates. To register or update your information visit: <https://tamusa.bbcportal.com/>.

More information about Emergency Preparedness and the Emergency Response Guide can be found here:

<https://www.tamusa.edu/uploadfile/folders/sdbowen23/pdf/pdf-635073426137928167-10.100.20.116.pdf>

Financial Aid and Verification of Attendance: According to the following federal regulation, 34 CFR 668.21: U.S. Department of Education (DoE) Title IV regulation, a student can only receive Title IV funds based on Title IV eligibility criteria which include class attendance. If Title IV funds are disbursed to ineligible students (including students who fail to begin attendance), the institution must return these funds to the U.S. DoE within 30 days of becoming aware that the student will not or has not begun attendance. Faculty will provide the Office of Financial Aid with an electronic notification if a student has

not attended the first week of class. Any student receiving federal financial aid who does not attend the first week of class will have their aid terminated and returned to the DoE. Please note that any student who stops attending at any time during the semester may also need to return a portion of their federal aid

Jaguar Writing Center: The Jaguar Writing Center provides writing assistance to graduate and undergraduate students in all three colleges. Writing tutors work with students to develop reading skills, prepare oral presentations, and plan, draft, and revise their written assignments. The Writing Center is currently holding all appointments digitally. Students can schedule appointments with the Writing Center in JagWire under the student services tab. Students wanting to work in realtime with a tutor can schedule an "Online Appointment." Students wishing to receive asynchronous, written feedback from a tutor can schedule an "eTutoring" appointment. More information about what services we offer, how to make an appointment, and how to access your appointment can be found on our website at <https://www.tamusa.edu/college-of-arts-and-sciences/language-literature-arts/english/writing-center/index.html>. The Writing Center can also be reached by emailing writingcenter@tamusa.edu.

Meeting Basic Needs: Any student who has difficulty affording groceries or accessing sufficient food to eat every day, or who lacks a safe and stable place to live, and believes this may affect their performance in the course, is urged to contact the Dean of Students (DOS@tamusa.edu) for support.

Furthermore, please notify the professor if you are comfortable in doing so. This will enable them to provide any resources they may possess.

Military Affairs: Veterans and active-duty military personnel are welcomed and encouraged to communicate, in advance if possible, and special circumstances (e.g., upcoming deployment, drill requirements, disability accommodations). You are also encouraged to visit the Patriots' Casa in-person room 202, or to contact the Office of Military Affairs with any questions at military@tamusa.edu or (210)784-1397.

Religious Observances: Texas A&M University-San Antonio recognizes the diversity of faiths represented among the campus community and protects the rights of students, faculty, and staff to observe religious holidays according to their tradition. Under the policy, students are provided an opportunity to make up any examination, study, or work requirements that may be missed due to a religious observance provided they notify their instructors before the end of the second week of classes for regular session classes.

Respect for Diversity: We understand that our students represent diverse backgrounds and perspectives. When we are equity-minded, we are aware of differences and inequalities and are willing to discuss them so we can act to resolve them. The University is committed to building cultural competencies, or the attitudes, skills, and knowledge that enable individuals and organizations to acknowledge cultural differences and incorporate these differences in working with people from diverse cultures. Respecting and accepting people different than you is vital to your success in the class, on campus, and as a future professional in the global community. While working together to build this community we ask all members to:

- Share their unique experiences, values, and beliefs.
- Be open to the views of others.
- Honor the uniqueness of their colleagues.
- Value each other's opinions and communicate respectfully.
- Keep confidential discussions that the community has of a personal (or professional) nature.
- Use this opportunity together to discuss ways in which we can create an inclusive environment in this course and across the A&M-San Antonio community.

The Six-Drop Rule: Students are subject to the requirements of Senate Bill (SB) 1231 passed by the Texas Legislature in 2007. SB 1231 limits students to a maximum of six (6) non-punitive course drops (i.e., courses a student chooses to drop) during their undergraduate careers. A non-punitive drop does not affect the student's GPA. However, course drops that exceed the maximum allowed by SB 1231 will be treated as "F" grades and will impact the student's GPA.

Statement of Harassment and Discrimination: Texas A&M University-San Antonio is committed to the fundamental principles of academic freedom, equality of opportunity and human dignity. To fulfill its multiple missions as an institution of higher learning, A&M-San Antonio encourages a climate that values and nurtures collegiality, diversity, pluralism and the uniqueness of the individual within our state, nation, and world. All decisions and actions involving students and employees should be based on applicable law and individual merit. Texas A&M University-San Antonio, in accordance with applicable federal and state law, prohibits discrimination, including harassment, on the basis of race, color, sex,

religion, national origin, age, disability, genetic information, veteran status, sexual orientation, gender identity, or gender expression. Individuals who believe they have experienced harassment or discrimination prohibited by this statement are encouraged to contact the appropriate offices within their respective units.

Texas A&M University-San Antonio faculty are committed to providing a safe learning environment for all students and for the university as a whole. If you have experienced any form of sex- or gender-based discrimination or harassment, including sexual assault, sexual harassment, domestic or dating violence, or stalking, know that help and support are available. A&M-San Antonio's Title IX Coordinator can support those impacted by such conduct in navigating campus life, accessing health and counseling services, providing academic and housing accommodations, and more. The university strongly encourages all students to report any such incidents to the Title IX Coordinator. Please be aware that all A&M-San Antonio employees (other than those designated as confidential resources such as counselors and trained victims advocates) are required to report information about such discrimination and harassment to the university. This means that if you tell a faculty member about a situation of sexual harassment or sexual violence, or other related misconduct, the faculty member must share that information with the university's Title IX Coordinator (titleix@tamusa.edu, 210-784-2061, CAB 439K). If you wish to speak to a confidential employee who does not have this reporting responsibility, you can contact the Student Counseling Center at (210) 784-1331, Modular C.

Students' Rights and Responsibilities: The following statement of students' rights and responsibilities is intended to reflect the philosophical base upon which University Student Rules are built. This philosophy acknowledges the existence of both rights and responsibilities, which is inherent to an individual not only as a student at Texas A&M University-San Antonio but also as a citizen of this country.

Students' Rights

1. A student shall have the right to participate in a free exchange of ideas, and there shall be no University rule or administrative rule that in any way abridges the rights of freedom of speech, expression, petition and peaceful assembly as set forth in the U.S. Constitution.
2. Each student shall have the right to participate in all areas and activities of the University, free from any form of discrimination, including harassment, on the basis of race, color, national or ethnic origin, religion, sex, disability, age, sexual orientation, or veteran status in accordance with applicable federal and state laws.
3. A student has the right to personal privacy except as otherwise provided by law, and this will be observed by students and University authorities alike.
4. Each student subject to disciplinary action arising from violations of university student rules shall be assured a fundamentally fair process.

Students' Responsibilities

1. A student has the responsibility to respect the rights and property of others, including other students, the faculty and administration.
2. A student has the responsibility to be fully acquainted with the published University Student Rules found in the Student Handbook, [Student Code of Conduct](#), on our website, University Catalog and to comply with them, as well as federal, state, and local laws.

3. A student has the responsibility to recognize that student actions reflect upon the individuals involved and upon the entire University community.
4. A student has the responsibility to recognize the University's obligation to provide an environment for learning.
5. A student has the responsibility to check their university email for any updates or official university notification.

We expect that students will behave in a manner that is dignified, respectful, and courteous to all people, regardless of sex, ethnic/racial origin, religious background, sexual orientation or disability. Behaviors that infringe on the rights of another individual will not be tolerated.

Students are expected to exhibit a high level of honesty and integrity in their pursuit of higher education. Students engaging in an act that violates the standards of academic integrity will find themselves facing academic and/or disciplinary sanctions. Academic misconduct is any act, or attempt, which gives an unfair advantage to the student. Additionally, any behavior specifically prohibited by a faculty member in the course syllabus or class discussion may be considered as academic misconduct. For more information on academic misconduct policies and procedures please review the [Student Code of Conduct](#).

Important Dates:

- ❖ August 28 First day of class
- ❖ November 10 Last day to drop with an automatic “W”
- ❖ November 21 Last day to drop a course or withdraw from the University
- ❖ November 22 Study Day – No classes
- ❖ November 23-25 Thanksgiving Holiday – University closed
- ❖ December 7 Last day of classes
- ❖ December 8 Study Day – No classes
- ❖ December 9 - 15 Final Exams

The complete academic calendar is available online: <https://www.tamusa.edu/provost/academic-calendar.html>

No Use of Generative AI Permitted

MATH 1324 assumes that all work submitted by students will be generated by the students themselves, working individually or in groups. Students should not have another person/entity do the writing of any portion of an assignment for them, which includes hiring a person or a company to write assignments and/or using artificial intelligence (AI) tools like ChatGPT. Use of any AI-generated content in this course qualifies as academic dishonesty and violates Texas A&M-San Antonio’s standards of academic integrity.

COVID-19 SYLLABUS STATEMENT

The safety of our campus community is paramount to our ability to provide our students, faculty, and staff with a productive and secure learning and working environment. While masks are not required, we do encourage everyone to wear a mask, particularly inside the buildings, in order to reduce the spread of covid-19. The university maintains a covid-19 web-site with current data, safety protocols, and reporting guidelines at <https://www.tamusa.edu/community-safety-together/index.html>.
