Description of Course Assignments

Discussion Post #1

Welcome to History of Behavioral Health! As we begin our semester together, this discussion will focus mainly on your understanding of the relevance and importance of historical contexts within behavioral health and human services.

- 1. Introduce yourself by sharing your name, your major, and where you consider home.

- 3. Share your perspective about how and why historical contexts are important in current and future practices of behavioral health and human services professions.

After your post, return to the discussion forum throughout the week to read a selection of your peers' posts and provide substantive replies to at least one of their conversations and one comment in your initial thread. Replies to your peers are due by midnight on the assigned date, and are worth 5 (5%) points toward your overall course grade.

Syllabus Quiz

Review your course syllabus and complete this brief quiz related to the content. This assignment is due by 11:59pm on the assigned date, and is worth 5 (5%) points toward your overall course grade.

Discussion Post #2

The history of behavioral health can be traced back to the middle ages and before. While our textbook covers more contemporary historical issues, It is essential to acknowledge the root origins of how our understanding of behavioral health involved religious, political, and scientific developments.

In your discussion:

- 1. Choose religion, politics, or science and describe how behavioral health evolved from those beliefs and practices.
- 2. Review and reflect on how historic contexts may have been influenced by the predominant cultures during those time periods, and what may have been lost as a result.

After your post, return to the discussion forum throughout the week to read a selection of your peers' posts and provide substantive replies to at least one of their conversations and one comment in your initial thread. Replies to your peers are due by midnight on the assigned date, and are worth 5 (5%) points toward your overall course grade.

Mid-Term Examination

Your midterm examination will consist of 30 multiple-choice (2 points each) and 4 short answer (10 points each) items from chapters 1-8 of your textbook, in-class lecture material, and slides and is worth 15% of your overall course grade. Please allow a minimum of two hours to complete your exam. The exam will be administered via Blackboard asynchronously on the date assigned, and will be open for a full 24 hours, closing at midnight. Each exam will have one attempt and questions will be displayed in a scrolling format on screen.

Discussion Post #3

As you have learned, several key events in American behavioral health history, including the adoption of policies, laws and other rules, have created a healthcare system unique to much of the Western world. In your discussion:

- 1. Identify *at least one* law-based precedent relevant to behavioral health.
- 2. Expand your understanding of this law by providing a list of associated pros and cons. After your post, return to the discussion forum throughout the week to read a selection of your peers' posts and provide substantive replies to at least one of their conversations and one comment in your initial thread. Replies to your peers are due by midnight on the assigned date, and are worth 5 (5%) points toward your overall course grade.

Discussion Post #4

The history of behavioral health continues to shape and influence our world today and will continue to do so in the future. In a sense, yesterday informs today and tomorrow. In your discussion:

- 1. Explain this concept to the average individual.
- 2. Expand and deepen the conversation by comparing and contrasting periods of time in behavioral health history and development.
- 3. As someone in a helping profession, how can you fuse (or break) previous understanding and practices of behavioral health with the current trends in the field?

After your post, return to the discussion forum throughout the week to read a selection of your peers' posts and provide substantive replies to at least one of their conversations and one comment in your initial thread. Replies to your peers are due by midnight on the assigned date, and are worth 5 (5%) points toward your overall course grade.
