Section Description

The overarching goal of this course is to support you in preparing for your next steps after graduation. In this course we will reflect, prepare, and learn about a range of resources that are available to you at this step of your career. Throughout the course, you will take tangible steps to prepare for the next step. For many of you, this will be securing an internship and completing this internship. For others, you will do one or more micro-internships to build your resume and complete a range of experiences to build your CV in preparation for an internship and your next career step.

Course Materials

All course materials will be posted through Blackboard.

Course Requirements

Technology

All course materials will be available on Blackboard. Zoom will be available for instructor meetings as requested. Please let me know if you have any problems with this technology.

Communication. Most of my communication with the course will be through Blackboard announcements. Additionally, I will send messages to you via email, so please check your university email at least once a day. I will do my best to respond to your emails quickly. It is much more effective to contact me by email than by phone, since I am not always in my office during the workday. If you are having trouble accessing your email, please contact the help desk at sahelp@tamusa.edu or at 210-784-4357.

Respect: I will conduct this class with the assumption that you will treat one another with respect and dignity regardless of whether or not you agree with what others have to say. By far the most educational (and oftentimes rewarding) aspect of the college experience is the exposure we receive to diverse ideas, attitudes, and knowledge through our peers and teachers. In conjunction with this statement, please remember that genuine appreciation for individual differences (religious, racial, cultural, etc) is essential to the environment of learning. Respect involves maintaining professional and appropriate behavior towards your professor and your peers.

Conferences: I encourage you to make appointments with me to address anything you have questions about or that you would like to discuss: clarification of my expectations or your grades, comments on drafts, general or specific questions about the course material, papers in progress, ideas, etc. I recommend you meet with me early in the semester as one-on-one help and individual attention very often results in a deeper understanding of course materials and a clearer expression of that understanding in your writing.

The University is committed to building cultural competencies, or the attitudes, skills, and knowledge that enable individuals and organizations to acknowledge cultural differences and incorporate these differences in working with people from diverse cultures. Respecting and accepting people different than you is vital to your success in the class, on campus, and as a future professional in the global community.

While working together to build this community we ask all members to:

- Share their unique experiences, values, and beliefs.
- Be open to the views of others.
- Honor the uniqueness of their colleagues.

The Six-Drop Rule Students are subject to the requirements of Senate Bill (SB) 1231 passed by the Texas Legislature in 2007. SB 1231 limits students to a maximum of six (6) non-punitive course drops (i.e., courses a student chooses to drop) during their undergraduate careers. A non-punitive drop does not affect the student's GPA. However, course drops that exceed the maximum allowed by SB 1231 will be treated as "F" grades and will impact the student's GPA.
