**Catalog Course Description:** This foundational course will help students develop an understanding of leadership theory while acquiring the necessary skills and insights to become effective leaders. The course blends theory and application and integrates contemporary ideas and practices with established scholarly research. Students will examine the roles of self-leadership, and the binding relationships between leader and followers. The course considers how power, courage, vision, and morality influence leadership. TSI Restrictions: Math

**Prerequisites:** Completion of the College of Business prerequisites, MGMT 3325.

**Student Learning Outcomes:** After successful completion of this course, students will be able to:

1. Evaluate various contemporary leadership theories
2. Explore the personal and relationship associations of an effective leader
3. Assess their personal strengths and weaknesses as a leader
4. Construct a personal definition of leadership and their leadership philosophy

**AACSB Assessment:**

The College of Business received AACSB accreditation in Spring 2023. As part of that ongoing process, students will be assessed on program level outcomes based on course outcomes from various courses. The materials from this course may be used for assessing such program level outcomes, and hence students must follow the necessary rigor to ensure mastery and retention of the above course outcomes.

**Required Materials:**

- **Textbook:** Lussier, R.N. & Achua, C.F. 2016. Leadership: Theory, Application, and Skill Development (6th Ed.) ISBN-10: 1285866355 ISBN-13: 9781285866352
- **Blackboard:** Connect to <http://tamusa.blackboard.com>. You will have lecture notes, solutions to problems, multimedia materials and other supplementary materials in Blackboard. All class communications will be through Blackboard and students should monitor this several times a day.
- **Time Expectation for Coursework:** You are expected to spend a minimum of 4-8 hours per week on the course. Based on the background, some students may require more time. Time spent may be longer when assignment/exams are due.

**Other Recommended / Reading Materials:** Additional reading materials are available on the course website as recommended by the instructor.

**Course Requirements every student must fulfill in order to succeed in course:**

1. Students should check the Course Calendar, Announcements, and Messages (e-mail) systems in **Blackboard** on a regular basis.
2. Students should stay current with all course assignments, quizzes, and exams.
3. If the course uses remote proctoring for exams, students must schedule their exam early in the semester.
4. Students should ask questions and communicate with the instructor either in class, online, off-line or during office hours.
5. For all classwork, exams, quizzes etc., if a student is completing it off-campus, then they are responsible for availability of internet connectivity. Extensions will not be granted for lack of availability of internet connections.
6. Students should remember that hybrid and online courses assume greater responsibility and independent learning skills by the student for their own learning outcomes.

**Grading Policy:** The final course grade will be based on your performance on the quizzes, exams, assignments and class participation using the following weights:

<b>Assessments</b>	<b>Total</b>
Self-Assessments (12)	20%
Student Presentations	20%
Reflection Paper (1)	30%
Chapter Quizzes (12)	<u>30%</u>
<b>Total</b>	<b>100</b>

The final letter grades will be assigned as follows: Above 90% ▶ A; 80 – 89% ▶ B; 70 – 79% ▶ C; 60 – 69% ▶ D; Below 60% ▶ F.

**Online Activities:** There will independent learning activities including textbook readings, discussion board, chapter videos, and other items. Students are expected to read the designated chapters and engage on the material presented. To encourage reflection and application, self-assessments will be assigned and discussed in class. **BlackBoard** will be utilized in this course to assist students with independent learning of the subject.

**Student Presentations:** Students are assigned a specific date for a presentation on an assigned topic or question. **WebEx** will be the platform – be prepared to upload your presentation, be familiar with microphone and other online presentation capabilities. Allow 10-15 minutes for the presentation and include two (2) meaningful questions to assess your audience’s understanding or gain their insights on the topic. Schedule for presentations will be posted on BlackBoard / Course Content page.

**Student Reflections:** Students are assigned a specific date to share their final reflections on the top three insights gained from this course. This will be a conversation (attendance will be required!), rather than a formal presentation. Students will have 2-3 minutes to share their insights with their classmates.

**Examinations / Quizzes:** Students will be assessed through chapter quizzes which will address the concepts and theories discussed over the semester. The quizzes will available through **BlackBoard**.

**Reflection Paper:** The final semester paper will reflect on the totality of the course including assessing yourself as a leader and establishing a plan for improving your leadership skills. As a part of this activity, each student will: develop a personally meaningful definition of leadership, create a personal leadership philosophy, examine their own strengths and weaknesses relative to effective leadership, draft a personal leadership development plan. Further details and nstructions will be posted on BlackBoard and discussed in class. All work should be submitted through the respective Blackboard assignment link.

**Make up and Late Assignment/exam/quiz policy:**

Students needing extra time may submit assignments up to one week after the assignment due date. Students who submit work late will receive a penalty of 10% applied to the grade achieved on the late assignment.

Assignments more than one week late will be accepted if the student has made prior arrangements with the professor. Students who do not meet the agreed-upon deadline will receive a grade of zero on the assignment. Late work without prior arrangement will be accepted in the case of extenuating circumstances (such as hospitalization, childbirth, major accident, injury, or bereavement). Students who suffer such a circumstance must notify the instructor as soon as possible. In these instances, the instructor may waive the late penalty.

Students must submit the final assignment no later than the last day of the term. No assignments are accepted after the last day of the term.

**Class conduct and civility code:** Everyone in class is expected to follow all rules in the student handbook, as well as common courtesy during classroom lectures and discussions in class and online, including the following:

1. It is the students' responsibility to obtain and be able to use the required materials and software for this class.
2. Student must retain copies of all assignments and graded work for verification purposes and provide it to the instructor, if necessary. Keep own copies of all computer files and e-mails till final grade is received.
3. For any questions about the exams and assignments, a student should contact the instructor, well in advance of the day they are due, so the instructor may have enough time to provide feedback.
4. All communications will be via e-mail communications to the Texas A&M University e-mail account, and students are expected to use their school provided email account. The instructor will reply to a student e-mail messages and voice messages within 24 hours during week days (Monday-Friday).
5. All assignment submissions must be uploaded to Blackboard by the due date and time. Submission window may close or marked late, even if late by one second.

Anyone violating these policies may be subject to disciplinary actions.

**Class attendance and Participation:** Students are responsible for the materials covered in class. The course covers a lot of material and most students find at least some parts of it difficult. Class participation is highly encouraged as it makes the class more interesting and enhances the learning experience. Students are strongly encouraged to ask questions, participate in class discussions and problem solving, and visit/contact the instructor during office hours in case of questions or concerns. Good attendance and participation will be rewarded when final grades are assigned.

The course is intensive and challenging and you are expected to master the materials presented in class. The structure of the class makes your individual study and preparation outside of class extremely important, and may vary considerably based on student background. However, a **minimum** of two hours of work outside the class is expected for every one hour of class period per week. Reading the assigned chapter(s) and having some familiarity with them before class will be very useful for understanding lectures.

Statement of Harassment and Discrimination: Texas A&M University-San Antonio is committed to the fundamental principles of academic freedom, equal opportunity, and human dignity. To fulfill its multiple missions as an institution of higher learning, A&M-San Antonio encourages a climate that values and nurtures collegiality and the uniqueness of the individual within our state, nation, and world. All decisions and actions involving students and employees should be based on applicable law and individual merit. Texas A&M University-San Antonio, in accordance with applicable federal and state law, prohibits discrimination, including harassment, on the basis of race, color, sex, religion, national origin, age, disability, genetic information, veteran status, sexual orientation, gender identity, gender expression, or pregnancy/parenting status. Individuals who believe they have experienced harassment or discrimination prohibited by this statement are encouraged to contact the appropriate offices within their respective units.

Texas A&M University-San Antonio faculty are committed to providing a safe learning environment for all students and for the university as a whole. If you have experienced any form of sex- or gender-based discrimination or harassment, including sexual assault, sexual harassment, domestic or dating violence, or stalking, know that help and support are available. A&M-San Antonio's Title IX Coordinator can support those impacted by such conduct in navigating campus life, accessing health and counseling services, providing academic and housing accommodations, and more. The university strongly encourages all students to report any such incidents to the Title IX Coordinator. Please be aware that all A&M-San Antonio employees (other than those designated as confidential resources such as counselors and trained victim advocates) are required to report information about such discrimination and harassment to the university. This means that if you tell a faculty member about a situation of sexual harassment, sexual violence, or other related misconduct, the faculty member must share that information with the university's Title IX Coordinator ([titleix@tamusa.edu](mailto:titleix@tamusa.edu) , 210-784-2061, CAB 439K). **Pregnant/Parenting Students:** Texas A&M-San Antonio does not require a pregnant or parenting student, solely because of that status or issues related to that status, to (1) take a leave of absence or withdraw from their degree or certificate program; (2) limit the student's studies; (3) participate in an alternative program; (4) change the student's major, degree, or certificate program; or (5) refrain from joining or cease participating in any course, activity, or program at the University. The university will provide such reasonable accommodations to pregnant students as would be provided to a student with a temporary medical condition that are related to the health and safety of the student and the student's unborn child. These could include maintaining a safe distance from substances, areas, and activities known to be hazardous to pregnant individuals and their unborn child; excused absences because of illness or medical appointments; modified due dates for assignments; rescheduled tests/exams; taking a leave of absence; and being provided access to instructional materials and video recordings of lectures for excused absences, if these would be provided to any other student with an excused absence.

Pregnant/parenting students are encouraged to contact the Title IX Coordinator with any questions or concerns related to their status ([titleix@tamusa.edu](mailto:titleix@tamusa.edu) ; 210-784-2061; CAB 439K).

Texas A&M-San Antonio has also designated the Title IX Coordinator as the liaison officer for current or incoming students who are the parent or guardian of a child younger than 18 years of age. The Title IX Coordinator can provide students with information regarding support services and other resources.

**Students' Rights and Responsibilities:** The following statement of students' rights and responsibilities is intended to reflect the philosophical base upon which University Student Rules are built. This philosophy acknowledges the existence of both rights and responsibilities, which is inherent to an individual not only as a student at Texas A&M University-San Antonio but also as a citizen of this country.

#### Students' Rights

1. A student shall have the right to participate in a free exchange of ideas, and there shall be no University rule or administrative rule that in any way abridges the rights of freedom of speech, expression, petition and peaceful assembly as set forth in the U.S. Constitution.
2. Each student shall have the right to participate in all areas and activities of the University, free from any form of discrimination, including harassment, on the basis of race, color, national or ethnic origin, religion, sex, disability, age, sexual orientation, gender identity, gender expression, and pregnancy/parenting or veteran status in accordance with applicable federal and state laws.
3. A student has the right to personal privacy except as otherwise provided by law, and this will be observed by students and University authorities alike.
4. Each student subject to disciplinary action arising from violations of university student rules shall be assured a fundamentally fair process.

#### Students' Responsibilities

1. A student has the responsibility to respect the rights and property of others, including other students, the faculty, and administration.

3. A student has the responsibility to recognize that student actions reflect upon the individuals involved and upon the entire University community.
4. A student has the responsibility to recognize the University's obligation to provide a safe environment for learning.
5. A student has the responsibility to check their university email for any updates or official university notifications.

We expect that students will behave in a manner that is dignified, respectful, and courteous to all people, regardless of sex, ethnic/racial origin, religious background, sexual orientation, or disability. Conduct that infringes on the rights of another individual will not be tolerated.

Students are expected to exhibit a high level of honesty and integrity in their pursuit of higher education. Students engaging in an act that violates the standards of academic integrity will find themselves facing academic and/or disciplinary sanctions. Academic misconduct is any act, or attempt, which gives an unfair advantage to the student. Additionally, any behavior specifically prohibited by a faculty member in the course syllabus or class discussion may be considered as academic misconduct. For more information on academic misconduct policies and procedures please review the Student Code of Conduct (<https://www.tamusa.edu/university-policies/student-rights-and-responsibilities/documents/Student-Handbook-2022-23.pdf> ) or visit the resources available in the OSRR website (<https://www.tamusa.edu/university-policies/student-rights-and-responsibilities/academic-integrity.html> ).

### **No Use of Generative AI Permitted**

**MGMT 4344** (Instructor: Dr. F. Irene Waggoner) assumes that all work submitted by students will be generated by the students themselves, working individually or in groups. Students should not have another person/entity do the writing of any portion of an assignment for them, which includes hiring a person or a company to write assignments and/or using artificial intelligence (AI) tools like ChatGPT.
