

TEXAS A&M UNIVERSITY
SAN ANTONIO

CSEC 3309-001, Scripting Languages, Fall 2025
Department of Computing and Cyber Security, College of Arts & Sciences
Course Syllabus

Class Meeting Time and Place: Thursdays, 5:30 PM – 8:15 PM, Online-Synchronous

Class Duration: 08/25/2025 - 12/12/2025

Instructor: Dr. Kim Withers, Ph.D.

Office: Not Applicable

Tel: 210-373-0899

E-Mail: kwithers@tamusa.edu

Student emails will receive a reply within two business days.

Course Website: <https://tamusa.blackboard.com/>

Online Office Hours: Available via Zoom by appointment only. Mondays or Tuesdays after 6pm CST.

COURSE DESCRIPTION:

This course builds upon an introductory level programming foundation (in any procedural or object-oriented programming language) that a student is encouraged to already have obtained prior to enrolling in this course. In this course, students will be introduced to JavaScript, VBScript, Windows/Linux Shell Script, Python Scripting, Perl, and Structured Query Language (SQL). Students will learn basic programming skills in each of these languages. The intention of this course is to introduce students to the use of these languages for server administration and security purposes. Programming examples and assignments will involve simple scripts run at the Windows command prompt or run in compilers that the student can download and install for free. There will be accompanying forum discussions on how these programming skills would be applied for server administration and security purposes.

This course introduces students to common scripting languages used in computing. It examines the overall design of scripting languages as well as the specific syntax of common scripting languages. Students will develop projects in each of the languages examined and will determine the best application environment for each of the languages examined.

Prerequisite(s): Grade of 'C' or better in each: MATH 1314 or equivalent, CSEC 1436 or CSCI 1436 or (CSCI 1336 and CSCI 1136), CSEC 1437 or CSCI 1437 or (CSCI 1336 and CSCI 1137). Students who do not meet the pre-requisites must contact the instructor immediately. TSI Restriction(s): Reading, Math, and Writing

COURSE OBJECTIVES:

After successfully completing this course, you will be able to:

- Apply basic programming concepts including logical process, algorithms, universal data types, command structures, conditional statements, loops, and methods.

- Apply basic programming skills using Shell scripting language.
- Apply basic programming skills using Python scripting language.
- Apply basic programming skills using Node.js JavaScript scripting language.
- Apply basic RDBMS skills using SQL
- Apply basic statistical analysis using MS Excel
- Explore, identify, apply, and test basic programming concepts including logical process, universal data types, command structures, conditional statements, loops, and methods.

REQUIRED COURSE MATERIALS:

Class resources will be provided in Blackboard.

METHOD OF INSTRUCTION:

This class includes lecture and class discussion, demonstrations, and hands-on practice. Student participation is encouraged and mandatory in required assignments and practical demonstrations, including both individual and group tasks.

STUDENT EXPECTATIONS:

- Read all course materials, including the syllabus and description of the grading and testing systems to be used in the course.
- Attend every class session and complete all assignments on time.
- Participate in all classroom learning activities.
- Interact respectfully with faculty, staff, and fellow students.
- Refrain from all academic misconduct
- Avoid situations that give the appearance of misconduct.
- Report any observed academic misconduct.

GRADING SYSTEM:

The grading system is as follows:

Graded Element	Maximum Points
Projects (4 @ 50 points each)	200
Assignments (14 @ 50 points each)	700
Midterm/Final Exams (150 points each)	300
Total	1200

* Note: Instructor may choose to add hands-on labs or exercises to the course

Grade Scale (Percentage)	
A	90-100
B	80-89
C	70-79
D	60-69

F	59 and below
----------	--------------

GRADING POLICY: The final course grade will be based on your performance on the quizzes, exams, assignments, and class participation using the following weights:

Attendance/Class Participation	10%
Assignments/Quizzes/Exams	30%
Mid-term Exam	15%
Final Exam (as per University Schedule)	20%
Class Projects	25%
Total	100%

This course has a requirement of a grade of C as a minimal grade for satisfactory completion of this course.

CLASSROOM POLICIES

- Cell phone ringers must be off, and phones may NOT be used during class, no matter how briefly. If your phone is out during class, you will be asked to leave, and it will count as an unexcused absence.
- No food or drinks are allowed in the classroom.
- No reading of magazines, newspapers, or other unrelated texts during class.
- No racist, sexist, or homophobic language is allowed in the classroom.
- Laptops and tablets may be used for notetaking during lectures, but not for activities unrelated to the course. Students observed using devices for unrelated activities will lose the privilege of using devices in class.

ABSENCES

To succeed in the course, students must attend and participate in each class session. If you miss a session, it is your responsibility to learn any material missed.

Students who are absent more than 3 times will receive an automatic zero for participation in the course (12% of the final grade). Excused absences are excluded from this policy; excused absences must be arranged in advance and are at the instructor's discretion.

ACADEMIC INTEGRITY / CHEATING

Any form of cheating on an assignment, homework, lab, or test will result in both a zero score for the assignment and a one-letter grade penalty in the course.

Plagiarism is the use of someone else's words, ideas, or data without giving credit to the original author. Plagiarism is a form of cheating.

If you are confused as to the difference between helping each other (which is encouraged) and cheating (which will not be tolerated), ask your instructor.

Acceptable	Cheating
Including a brief quote from a web page with the source cited.	Copying entire pages or paragraphs and republishing it as your own.
Using graphics from a free clip art or graphic site.	Using someone else's graphics without permission.
Discussing an assignment with another student.	Copying another student's work or file.
Looking at online sources or asking for a classmate's help to figure out what to do.	Duplicating a classmate's lab answers as your own, without performing the lab activity yourself.

If you assist someone else in cheating, you can also be charged with cheating yourself. This can include giving another student access to your computer account, negligently permitting another student to access your account, or posting answer keys where others can access them. Protect your account as if your academic career depends on it!

NO USE OF GENERATIVE AI PERMITTED

This class assumes that all work submitted by students will be generated by the students themselves, working individually or in groups. Students should not have another person/entity do the writing of any portion of an assignment for them, which includes hiring a person or a company to write assignments and/or using artificial intelligence (AI) tools like ChatGPT. Use of any AI-generated content in this course qualifies as academic dishonesty and violates Texas A&M-San Antonio's standards of academic integrity.

TIME PER TASK FOR ONLINE COURSES

For online courses, estimate the following:

- 30 to 60 minutes per chapter (reading)
- 15 to 20 minutes per end-of-chapter review questions set.
- 15 minutes per Fill in the Blanks quiz
- 30 to 60 minutes per project
- 1 to 2 hours per exam

FALL 2025 CLASS SCHEDULE

The provisions and information set forth in the schedule below are intended to be informational and not contractual in nature. The instructor reserves the right to amend, alter, change, delete or modify the provisions of the schedule.

WEEKLY COURSE OUTLINE

Week	Topics	Chapter Readings	Assignments
1	Course Intro	N/A	
2	Introduction to Scripting Apply basic programming concepts including logical process, algorithms, universal data types, command structures, conditional statements, loops, and methods. Explore, identify, apply, and test basic programming concepts including logical process, algorithms, universal data types, command structures, conditional statements, loops, and methods. Understanding Scripting and the role of scripting in Network /System administration	N/A	
3	WSH/Linux Shells and Programming Basics and Constants Apply basic programming concepts including logical process, algorithms, universal data types, command structures, conditional statements, loops, and methods.	N/A	Programming Assignment Assigned
4	Common Shell Commands	N/A	
5	Shell Scripting	N/A	
6	Shell Scripting (cont.)	N/A	Programming Assignment Assigned

7	Windows/Linux Shell Scripting	N/A	
MIDTERM EXAMS – October 6-October 17			
8	Python: Variables, Values, and Datatypes	N/A	
9	Python: Control Logic: Conditionals and Loops	N/A	Programming Assignment Assigned
10	Python: Functions and Data Structures	N/A	
11	Python: Application: Web Scraping	N/A	
12	Regular Expressions	N/A	Programming Assignment Assigned
13	Selected Topics	N/A	
14	Final Exam	N/A	

FINAL EXAMS – December 6-December 12

Note: This course outline is subject to change

COURSE REQUIREMENTS EVERY STUDENT MUST FULFILL IN ORDER TO SUCCEED IN COURSE:

1. Students should check the Course Calendar, Announcements, and Messages (e-mail) systems in Blackboard on a regular basis.
2. Students should keep current with all course assignments, quizzes, and examinations.

3. If the course uses remote proctoring for exams, students must schedule their exam early in the semester.
4. Students should ask questions and communicate with the instructor either in class, online, off-line or during office hours.
5. For all classwork, exams, quizzes etc., if a student is completing it off-campus, then they are responsible for availability of internet connectivity. Extensions will not be granted for lack of availability of internet connections.
6. Students should remember that hybrid and online courses assume greater responsibility and independent learning skills by the student for their own learning outcomes.
7. For online-asynchronous courses, students should keep current on class recordings. For online-synchronous courses, students are expected to attend virtually during the class meeting time.
8. For OLC-A courses, students are not required to come to class, even for proctored examinations.
 - a. The instructor can require students to take examinations using proctoring software as indicated in the Proctored Exams section.
 - b. The instructor decides which type of examination works best for the class and the student must comply with their instructions – as long as they are not required to take an in-class examination or are required to take the examination at one specific time that applies to all students. In other words, the instructor will offer the student some flexibility regarding test location and the time to sit for the examination. Instructors should allow 72 hours for students to complete any examination.

MINIMUM TECHNOLOGY REQUIREMENTS:

To complete this course, the student must have access to the following technologies:

A computing device - desktop, laptop (**500GB to 1TB free space and 16G to 32G of memory**) capable of:

- accessing Internet-based content
- displaying recorded video
- playing recorded audio - with speakers or headphones
- recording audio - with microphone or headset
- capturing your image and actions during exams - with a web camera (see RLDB & Respondus Monitor)
- Internet access of sufficient speed to download/display recorded lectures.
- Free or trial software capable of creating slide + audio presentations.
- Standard office productivity applications like MS Word, Excel & PowerPoint, and Adobe Reader
- A printer (for printing course calendars, etc.)

RESPONSIBILITIES OF THE ONLINE STUDENT

The following items apply to the student in an online degree or an online course. The student is responsible for:

- Having consistent and easy access to a personal computer (Windows or Mac) with a

- reliable high-speed Internet connection.
- Gaining access to online courses in the Blackboard learning management system (LMS).
- Acquiring all course materials (textbooks, software, etc.) in a timely manner.
- Knowing and abiding by all applicable policies and procedures as prescribed in the Online Student Handbook and individual course syllabi.
- Acquiring and maintaining the knowledge base needed to operate successfully in an online course/program.
- Communicating to and from the instructor via Blackboard and the Texas A&M student e-mail address.
- Accessing the online course regularly and completing course activities on time regardless of equipment/technology problems. Students are recommended to log into their course once a day.

SUBMITTED WORK NAMING CONVENTION:

Save and submit all your work only in PDF format. Make sure to save your files using the convention **FIRSTNAME_LASTNAME_COURSE ABBREVIATION_SEMESTER AND YEAR_ACTIVITY NAME OR NUMBER** Or as specified in the assignment instructions.

Example: **Luke_Cage_CSEC3309_FALL25_FinalResearchReport.pdf**

COMMUNICATION WITH THE PROFESSOR:

I will be instructing a large student population and I filter my emails based on the class number. When you need to reach out to me via email: you must include the complete Class Number (e.g., CSEC3309), followed by your complete name, subject of email (e.g., Assignment 1), (e.g., Bridget Jones), and followed by your student number (**e.g., No1234567**) in the SUBJECT line of the email.

For example: **(Subject: CSEC3309 Assignment 1 Bridget Jones No1234567)**. Doing so will allow a more rapid response to your questions.

EXAMINATIONS AND QUIZZES: There will be a mandatory mid-term exam and a mandatory final exam (as per the university schedule). Missing an exam will result in a grade of zero for that exam and may result in a failure grade in the course. The exams/quizzes will consist of conceptual multiple-choice questions, problem solving questions, and short essay questions. The exam/quiz materials will come from lecture notes, the text, and class discussions. Questions will emphasize understanding and applications of concepts and topics covered in class. Please take notes and pay attention to lectures. You will see the material on the quizzes or exams.

PROCTORED EXAMS: In order to ensure course integrity, students enrolled in this course may use Remote Test-Proctoring software for the administration of exams, if allowed and is set up by the instructor.

ASSIGNMENTS/ RESEARCH PAPERS: There will be several assignments, labs, and projects during the course. Individual assignment statements and due dates will be posted through Blackboard. For all assignment and quiz problems, ALL intermediate work of the

problem solution and lab steps **MUST** be shown. Considerable points will be taken off for not following these requirements.

ONLINE INDIVIDUAL / GROUP ACTIVITIES: This class will have group/team activities. Students are expected to work with their respective teams and attend class weekly. Not abiding by these guidelines will be detrimental to the success of your team.

MAKE UP AND LATE ASSIGNMENT/EXAM/QUIZ POLICY:

As a general rule, make-up or late submissions will **NOT** be offered or accepted for any missed assignments/exams/quizzes. Late submissions or make-ups may be accepted/administered only in extenuating circumstances such as an excused official university activity, a severe illness, death, or a dire emergency. However, you must provide comprehensive documentation either before or within one to two days of the missed assignment/quiz/exam. If late submissions are given, a 20-point penalty from the maximum possible points will be assessed. For example, if a paper is submitted late, the highest possible grade is 80%. Once the assignment is no longer available on Blackboard, no submission will be allowed. **DO NOT** attempt to send late assignments to the instructor via email. If extenuating circumstances exist that justify a late submission, full credit may be given on a case-by-case basis.

All assignments will be graded for **correctness and completeness**. The instructor retains the right to subjectively adjust an individual student's grade in appropriate cases, based upon observed performance. All assignment submissions **must be spell- and grammar-checked**. Students failing to present the information completely, professionally written and in the prescribed format will receive minimal credit for their work. **Students should double check their work before submitting assignments.**

CLASS CONDUCT AND CIVILITY CODE: Everyone in class is expected to follow all rules in the student handbook, as well as common courtesy during classroom lectures and discussions in class and online, including the following:

1. Students **are required** to have their camera turned on for online synchronous classes. **WEBCAM REQUIREMENTS:** This class requires the use of a webcam. This may be a webcam on your personal computer, a webcam available in a TAMUSA computer lab, or a camera on your mobile device. If you need to purchase a webcam using financial aid, contact the TAMUSA Bookstore or visit their website at <https://www.bkstr.com/texasamsanantoniostore/home>.
2. Attendance will be taken at the beginning or the end of the class. Late or missed attendance will render no points.
3. It is the students' responsibility to obtain and be able to use the required materials and software for this class.
4. Students must retain copies of all assignments and graded work for verification purposes and provide it to the instructor, if necessary. Keep your own copies of all computer files and e-mails till the final grade is received.
5. Talking while the instructor is lecturing is extremely disruptive and discourteous to the instructor and other students.

6. Using computers or phones (except for a valid urgent need) during class for a purpose not related to class is disruptive. All cell phones and gadgets should be turned OFF and headphones removed.
7. For any questions about the exams and assignments, a student should contact the instructor well in advance of the day they are due, so the instructor may have enough time to provide feedback.
8. All communications will be via e-mail communications to the Texas A&M University e-mail account, and students are expected to use their school provided email account. The instructor will reply to student e-mail messages and voice messages within 2 business days (Monday-Friday).
9. All assignment submissions must be uploaded to Blackboard by the due date and on time. The submission window may close or be marked late, even if late by one second.

Anyone violating these policies may be subject to disciplinary actions.

CLASS ATTENDANCE AND PARTICIPATION: A vital part of every student's education is regular attendance of class meetings. Any absences tend to lower the quality of a student's work, and frequent or persistent absences may result in a failing grade. Students are responsible for the materials covered in class. The course covers a lot of material, and most students find at least some parts of it difficult. Class participation is highly encouraged as it makes the class more interesting and enhances the learning experience. Students are strongly encouraged to ask questions, participate in class discussions and problem solving, and visit/contact the instructor during office hours in case of questions or concerns. Good attendance and participation will be rewarded when final grades are assigned. Attendance will be taken at each class session. Points will be added for attendance. There will be no opportunity to make up those points if you miss class.

The course is intensive and challenging and you are expected to master the materials presented in class. The structure of the class makes your individual study and preparation outside of class extremely important and may vary considerably based on student background. However, a **minimum** of two hours of work outside the class is expected for every one hour of class period per week. Reading the assigned chapter(s) and having some familiarity with them before class will be very useful for understanding lectures.

ACADEMIC ACCOMMODATIONS FOR INDIVIDUALS WITH DISABILITIES: Texas A&M University-San Antonio is committed to providing all students with reasonable access to learning opportunities and accommodations in accordance with The Americans with Disabilities Act, as amended, and Section 504 of the Rehabilitation Act. If you experience barriers to your education due to a disability or think you may have a disability, Disability Support Services is located in the Central Academic Building, Suite 210. You can also contact us via phone at (210) 784-1335, visit us <https://www.tamusa.edu/Disability-Support-Services/index.html> or email us at dss@tamusa.edu. Disabilities may include, but are not limited to, attentional, learning, mental health, sensory, physical, or chronic health conditions. All students are encouraged to discuss their disability-related needs with Disability Support Services and their instructors as soon as possible.

ACADEMIC LEARNING CENTER: The Academic Learning Center provides free course-based tutoring to all currently enrolled students at Texas A&M University-San Antonio. Students wishing to work with a tutor can make appointments through the Brainfuse online tutoring platform. Brainfuse can be accessed in the *Tools* section of Blackboard. You can contact the Academic Learning Center by emailing tutoring@tamusa.edu, calling (210) 784-1307, or visiting the Central Academic Building, room 202.

COUNSELING/MENTAL HEALTH RESOURCES: As a college student, there may be times when personal stressors interfere with your academic performance and negatively impact your daily functioning. If you are experiencing emotional difficulties or mental health concerns, support is available to you through the Student Counseling Center (SCC). To schedule an appointment, call 210-784-1331 or visit Madla 120.

All mental health services provided by the SCC are free and confidential (as the law allows). The Student Counseling Center provides brief individual and group therapy, crisis intervention, consultation, case management, and prevention services. For more information on SCC services visit tamusa.edu/studentcounseling

Crisis support is available 24/7 by calling the SCC at 210-784-1331 (after-hours select option '2'). Additionally, the TELUS Student Support App provides a variety of mental health resources to including support for in the moment distress, an anonymous peer to peer support network, mental health screenings, podcasts, and articles to improve your mental wellbeing.

EMERGENCY PREPAREDNESS: JagE Alert is Texas A&M University-San Antonio's mass notification. In the event of an emergency, such as inclement weather, students, staff and faculty, who are registered, will have the option to receive a text message, email with instructions and updates. To register or update your information visit: <https://tamusa.bbcportal.com/>.

More information about Emergency Operations Plan and the Emergency Action Plan can be found here: <https://www.tamusa.edu/about-us/emergency-management/>.

Download the SafeZone App (<https://safezoneapp.com/>) for emergencies or call (210) 784-1911. Non-Emergency (210) 784-1900.

FINANCIAL AID AND VERIFICATION OF ATTENDANCE: According to the following federal regulation, 34 CFR 668.21: U.S. Department of Education (DoE) Title IV regulation, a student can only receive Title IV funds based on Title IV eligibility criteria which include class attendance. If Title IV funds are disbursed to ineligible students (including students who fail to begin attendance), the institution must return these funds to the U.S. DoE within 30 days of becoming aware that the student will not or has not begun attendance. Faculty will provide the Office of Financial Aid with an electronic notification if a student has not attended the first week of class. Any student receiving federal financial aid who does not attend the first week of class will have their aid terminated and returned to the DoE. Please note that any student who

stops attending at any time during the semester may also need to return a portion of their federal aid.

WRITING, LANGUAGE, AND DIGITAL COMPOSING CENTER: The Writing, Language, and Digital Composing Center supports graduate and undergraduate students in all three colleges as well as faculty and staff. Tutors work with students to develop reading skills, prepare oral presentations, and plan, draft, and revise their written assignments. Our language tutors support students enrolled in Spanish courses and students composing in Spanish for any assignment. Our digital studio tutors support students working on digital projects such as eportfolios, class presentations, or other digital multimedia projects. Students can schedule appointments through Jag Wire under the Student Services tab. Click on “Writing, Language, and Digital Composing Center” to make your appointment. The Center offers face-to-face, synchronous online, and asynchronous digital appointments. More information about what services we offer, how to make an appointment, and how to access your appointment can be found on our website at <https://www.tamusa.edu/academics/>.

MEETING BASIC NEEDS: Any student who has difficulty affording groceries or accessing sufficient food to eat every day or who lacks a safe and stable place to live, and believes this may affect their performance in the course, is urged to submit a CARE referral (<https://www.tamusa.edu/university-policies/Student-Rights-and-Responsibilities/file-a-report.html>) for support. Furthermore, please notify the professor if you are comfortable in doing so. This will enable them to direct you to available resources.

MILITARY AFFAIRS: Veterans and active-duty military personnel are welcomed and encouraged to visit the Office of Military Affairs for any question involving federal or state VA Education Benefits. Visit the Patriots’ Casa building, room 202, or to contact the Office of Military Affairs with any questions at military.va@tamusa.edu or (210)784-1397.

RELIGIOUS OBSERVANCES: Texas A&M University-San Antonio recognizes the diversity of faiths represented among the campus community and protects the rights of students, faculty, and staff to observe religious holidays according to their tradition. Under the policy, students are provided an opportunity to make up any examination, study, or course work requirements that may be missed due to a religious observance provided they notify their instructors before the end of the second week of classes for regular session classes.

THE SIX-DROP RULE: Students are subject to the requirements of Senate Bill (SB) 1231 passed by the Texas Legislature in 2007. SB 1231 limits students to a maximum of six (6) non-punitive course drops (i.e., courses a student chooses to drop) during their undergraduate careers. A non-punitive drop does not affect the student’s GPA. However, course drops that exceed the maximum allowed by SB 1231 will be treated as “F” grades and will impact the student’s GPA.

STATEMENT OF HARASSMENT AND DISCRIMINATION: Texas A&M University-San Antonio is committed to the fundamental principles of academic freedom, equal opportunity, and human dignity. To fulfill its multiple missions as an institution of higher learning, A&M-San Antonio encourages a climate that values and nurtures collegiality and the uniqueness of the individual within our state, nation, and world. All decisions and actions involving students

and employees should be based on applicable law and individual merit. Texas A&M University-San Antonio, in accordance with applicable federal and state law, prohibits discrimination, including harassment, on the basis of race, color, sex, religion, national origin, age, disability, genetic information, veteran status, sexual orientation, gender identity, gender expression, or pregnancy/parenting status. Individuals who believe they have experienced harassment or discrimination prohibited by this statement are encouraged to contact the appropriate offices within their respective units.

Texas A&M University-San Antonio faculty are committed to providing a safe learning environment for all students and for the university as a whole. If you have experienced any form of sex- or gender-based discrimination or harassment, including sexual assault, sexual harassment, domestic or dating violence, or stalking, know that help and support are available. A&M-San Antonio's Title IX Coordinator can support those impacted by such conduct in navigating campus life, accessing health and counseling services, providing academic and housing accommodations, and more. The university strongly encourages all students to report any such incidents to the Title IX Coordinator. Please be aware that all A&M-San Antonio employees (other than those designated as confidential resources such as counselors and trained victim advocates) are required to report information about such discrimination and harassment to the university. This means that if you tell a faculty member about a situation of sexual harassment, sexual violence, or other related misconduct, the faculty member must share that information with the university's Title IX Coordinator (titleix@tamusa.edu, 210-784-2061, CAB 439K). If you wish to speak to a confidential employee who does not have this reporting requirement, you can contact the Student Counseling Center at (210) 784-1331 or visit them in Madla 120.

PREGNANT/PARENTING STUDENTS: Texas A&M-San Antonio does not require a pregnant or parenting student, solely because of that status or issues related to that status, to (1) take a leave of absence or withdraw from their degree or certificate program; (2) limit the student's studies; (3) participate in an alternative program; (4) change the student's major, degree, or certificate program; or (5) refrain from joining or cease participating in any course, activity, or program at the University. The university will provide such reasonable accommodations to pregnant students as would be provided to a student with a temporary medical condition that are related to the health and safety of the student and the student's unborn child. These could include maintaining a safe distance from substances, areas, and activities known to be hazardous to pregnant individuals and their unborn child; excused absences because of illness or medical appointments; modified due dates for assignments; rescheduled tests/exams; taking a leave of absence; and being provided access to instructional materials and video recordings of lectures for excused absences, if these would be provided to any other student with an excused absence. Pregnant/parenting students are encouraged to contact the Title IX Coordinator with any questions or concerns related to their status (titleix@tamusa.edu; 210-784-2061; CAB 439K).

Texas A&M-San Antonio has also designated the Title IX Coordinator as the liaison officer for current or incoming students who are the parent or guardian of a child younger than 18 years of age. The Title IX Coordinator can provide students with information regarding support services and other resources.

STUDENTS' RIGHTS AND RESPONSIBILITIES: The following statement of students' rights and responsibilities is intended to reflect the philosophical base upon which University Student Rules are built. This philosophy acknowledges the existence of both rights and responsibilities, which is inherent to an individual not only as a student at Texas A&M University-San Antonio but also as a citizen of this country.

Students' Rights

1. A student shall have the right to participate in a free exchange of ideas, and there shall be no University rule or administrative rule that in any way abridges the rights of freedom of speech, expression, petition and peaceful assembly as set forth in the U.S. Constitution.
2. Each student shall have the right to participate in all areas and activities of the University, free from any form of discrimination, including harassment, on the basis of race, color, national or ethnic origin, religion, sex, disability, age, sexual orientation, gender identity, gender expression, and pregnancy/parenting or veteran status in accordance with applicable federal and state laws.
3. A student has the right to personal privacy except as otherwise provided by law, and this will be observed by students and University authorities alike.
4. Each student subject to disciplinary action arising from violations of university student rules shall be assured a fundamentally fair process.

Students' Responsibilities

1. A student has the responsibility to respect the rights and property of others, including other students, the faculty, and administration.
2. A student has the responsibility to be fully acquainted with the published University Student Rules found in the Student Handbook, [Student Code of Conduct](#), on our website, and University Catalog, and to comply with them, as well as with federal, state, and local laws.
3. A student has the responsibility to recognize that student actions reflect upon the individuals involved and upon the entire University community.
4. A student has the responsibility to recognize the University's obligation to provide a safe environment for learning.
5. A student has the responsibility to check their university email for any updates or official university notifications.

We expect that students will behave in a manner that is dignified, respectful, and courteous to all people, regardless of sex, ethnic/racial origin, religious background, sexual orientation, or disability. Conduct that infringes on the rights of another individual will not be tolerated. Students are expected to exhibit a high level of honesty and integrity in their pursuit of higher education. Students engaging in an act that violates the standards of academic integrity will find themselves facing academic and/or disciplinary sanctions. Academic misconduct is any act, or attempt, which gives an unfair advantage to the student. Additionally, any behavior specifically prohibited by a faculty member in the course syllabus or class discussion may be considered as academic misconduct. For more information on academic misconduct policies and procedures please review the Student Code of Conduct (<https://www.tamusa.edu/university-policies/student-rights-and-responsibilities/documents/Student-Handbook-2022-23.pdf>) or visit the resources available

in the OSRR website (<https://www.tamusa.edu/university-policies/student-rights-and-responsibilities/academic-integrity.html>).

NO USE OF GENERATIVE AI PERMITTED

CSEC 3309 assumes that all work submitted by students will be generated by the students themselves, working individually or in groups. Students should NOT have another person/entity do the writing of any portion of an assignment for them, which includes hiring a person or a company to write assignments and/or using artificial intelligence (AI) tools like ChatGPT. Use of any AI-generated content in this course qualifies as academic dishonesty and violates Texas A&M-San Antonio's standards of academic integrity.

WRITING, LANGUAGE, AND DIGITAL COMPOSING CENTER: The Writing, Language, and Digital Composing Center supports graduate and undergraduate students in all three colleges as well as faculty and staff. Tutors work with students to develop reading skills, prepare oral presentations, and plan, draft, and revise their written assignments. Our language tutors support students enrolled in Spanish courses and students composing in Spanish for any assignment. Our digital studio tutors support students working on digital projects such as e-portfolios, class presentations, or other digital multimedia projects. Students can schedule appointments through Jag Wire under the Student Services tab. Click on "Writing, Language, and Digital Composing Center" to make your appointment. The Center offers face-to-face, synchronous online, and asynchronous digital appointments. More information about what services we offer, how to make an appointment, and how to access your appointment can be found on our website at <https://bit.ly/WLDCCenter>

KEY DATES FOR FALL 2025 SEMESTER

Fall 2025 Regular 16-Week Session

March 24	Monday	Registration opens
August 18	Monday	Tuition & fee payment deadline
