Grading

Reading Quizzes

You will be assigned reading in the textbook, Gateways to Art 4th Edition. You will then be quizzed on Blackboard over the material covered in the reading. The quiz must be completed by 11:59PM each Sunday. Reading Quizzes will count for 25% of your final grade.

Art Projects

In this class we'll be creating our own artworks inspired by our reading and by the work of a contemporary artist. Each week you will be assigned a recorded video lecture by or about an artist engaging with the weekly course content. After watching this video, you will put into practice the theory gained through assigned reading and artist examples to make your own work of art. These artworks will utilize common materials that you are likely to have around the house. You will share your creations with your classmates by posting photos of your art to discussion boards. Art Projects must be completed by 11:59PM each Sunday. 1 Hour Art Projects will count for 30% of your final grade.

Community Art Visits

In weeks 3, 7, and 11 you'll be tasked with visiting local art venues. In week 3 you'll be choosing to visit either the San Antonio Museum of Art or the McNay Museum of Art. In week 7 you'll be choosing to visit Contemporary at Blue Star, Ruby City, or Artpace (be sure to book an appointment if needed). In week 11 you'll be choosing to visit a public artwork in San Antonio.

For each of these visits you'll create a discussion board post with a selfie at the venue, an image of an artwork, and a five sentence paragraph describing what you think the central thesis of the artwork is. You'll then be asked to comment on at least 3 of your classmates posts adding to or critiquing their analysis with at post that is at least 3 sentences in length. Community Art Discussion Boards will count for 20% of your final grade.

Visual Analysis Assignment

At the end of the semester students will complete a visual analysis assignment that asks them to utilize the information learned in the course to create an interpretation of a selected artwork. This assignment stands in place of a final exam. The Visual Analysis Assignment will count for 20% of your final grade, with 5% of that grade being assessed by the completion of a VAA Rough Draft Assignment.

Students' Rights and Responsibilities

The following statement of students' rights and responsibilities is intended to reflect the philosophical base upon which University Student Rules are built. This philosophy

acknowledges the existence of both rights and responsibilities, which is inherent to an individual not only as a student at Texas A&M University-San Antonio but also as a citizen of this country.

Students' Rights

1. A student shall have the right to participate in a free exchange of ideas, and there shall be no University rule or administrative rule that in any way abridges the rights of freedom of speech, expression, petition and peaceful assembly as set forth in the U.S. Constitution.
2. Each student shall have the right to participate in all areas and activities of the University, free from any form of discrimination, including harassment, on the basis of race, color, national or ethnic origin, religion, sex, disability, age, and pregnancy/parenting or veteran status in accordance with applicable federal and state laws.
3. A student has the right to personal privacy except as otherwise provided by law, and this will be observed by students and University authorities alike.
4. Each student subject to disciplinary action arising from violations of university student rules shall be assured a fundamentally fair process.

Students' Responsibilities

1. A student has the responsibility to respect the rights and property of others, including other students, the faculty, and administration.
2. A student has the responsibility to be fully acquainted with the published University Student Rules found in the Student Handbook, [Student Code of Conduct](#), on our website, and University Catalog, and to comply with them, as well as with federal, state, and local laws.
3. A student has the responsibility to recognize that student actions reflect upon the individuals involved and upon the entire University community.
4. A student has the responsibility to recognize the University's obligation to provide a safe environment for learning.
5. A student has the responsibility to check their university email for any updates or official university notifications.

We expect that students will behave in a manner that is dignified, respectful, and courteous to all people, regardless of sex, ethnic/racial origin, religious background, or disability. Conduct that infringes on the rights of another individual will not be tolerated.

Students are expected to exhibit a high level of honesty and integrity in their pursuit of higher education. Students engaging in an act that violates the standards of academic integrity will find themselves facing academic and/or disciplinary sanctions. Academic misconduct is any act, or attempt, which gives an unfair advantage to the student.

Additionally, any behavior specifically prohibited by a faculty member in the course syllabus or class discussion may be considered as academic misconduct.
