This course covers major policy issues dealing with crime control and the criminal justice system. Law enforcement, corrections, civil liberties, and court processes are main areas in which public opinion and policy are in current controversy and debate.

Other Required Materials: Coursework will be completed online in Blackboard. Students will need 1) computer or device that allows them to access the online class materials; 2) reliable internet access (technological issues are not considered valid grounds for late assignment submission); 3) access/use of Microsoft Word and PowerPoint applications.

Student Learning Outcomes: Students who successfully master course content will:

1. Understand the importance of studying the effectiveness of criminal justice policy from an evidence-based perspective.
2. Know the findings of influential studies concerning the effectiveness of criminal justice policies.

3. Able to differentiate the reality of crime and criminal justice policy from myths.
4. Critically analyze the effectiveness of specific criminal justice policies utilizing an evidence-based perspective.

Course Requirements and Grading System

Late Assignments: Not accepted. Be mindful of all due dates and plan accordingly. Do not wait until the last minute to complete assignments.

Weekly Chapter/Module Assignments: Most chapters will have a chapter/module content quiz (covering the entire chapter and items assigned in the weekly module) and/or a writing assignment. A new Learning Module will be released each Monday to correspond to the content that will be covered that week. The assignments scheduled for the week will be open/available on Monday and will be due by Sunday of the applicable week by 11:59pm.

All assignments open in Blackboard on Monday at 12:00am and remain open for the entire week (close on Sunday at 11:59pm). Once the due date passes you are no longer able to complete the assignments for that week; thus, late submissions are not accepted. Be sure to pace yourself throughout the week and complete all of your assignments by the end of the applicable week.

Exams: There will be 4 exams given throughout the semester. The exams will consist of fill in the blank, multiple-choice and true/false questions. The exam dates are marked on the calendar below. It is expected that all students take their exams on the date listed on the calendar. All exams will cover the assigned reading material as well as other items located in the weekly module (videos, presentations, articles).

Online Discussion Questions/Peer Responses: In applicable weeks, there will be a discussion board question/assignment that will be completed online as well as 2 peer responses. These responses can be to either other class members' posts or the instructor's comments. The discussion question response must be at least 300 words in length. Do not post the discussion question response as a Word attachment. Use the discussion board response area to post your work. Posting Word attachments will be subject to a point reduction. Repeating the discussion question in the body of your response does not count towards the word count. The peer responses must be at least 100 words in length. Anything less will be considered unsubstantive and will have a point deduction rendered. Responses that only compliment another person's response (great job with your response. You did a great job explaining the topic and it helped me understand the content, etc.) and do not offer any substantive commentary on the actual topic of discussion will be subject to point reductions. The online discussion questions will open for the applicable week on Monday at midnight. The discussion questions (your answers to the questions posed in the assignment) must be completed by Wednesday of the applicable week and the peer responses must be completed by Sunday, 11:59pm of the applicable week. If the initial response to the discussion questions is not completed by Wednesday, a 10-point late penalty will be assessed for each day this section of the assignment is posted late. Once the Discussion Assignment window closes, it will not be reopened.

Make-Up Examinations: Make-up exams will not be given unless a student can provide appropriate cause for missing the exam. Examples of this would be: (a) illness that is certified with a licensed physician's note stating that the student should avoid participating in class functions; or (b) certifiable

death or cataclysmic life course event that has an adverse effect on the student and that can be documented and/or verified.

Semester Projects (2) - Written Assignments (Research Paper and Presentation)

Please make sure that your assignments are formatted per APA.

As far as using outside research goes, **all assignments (research paper and presentation) are expected to include scholarly or peer-reviewed articles.** Please make sure that you include citations and references for your content that is sourced from scholarly/peer-reviewed articles. Nonacademic sources of research are admissible in some instances (pertains to the information and relevance to the assignment). If you are unsure how to use outside materials, I recommend the utilization of the Jaguar Writing Center. If you have any questions, please let me know and I will do my best to help.

When choosing outside sources, stay away from Wikipedia, Ask.com, eHow, dictionaries and other non-academic/non-peer reviewed sources.

Specific assignment information for the Semester Projects will be posted in the weekly module section. There will be 2 semester projects in this course. This will entail the creation of a research paper and a PowerPoint Presentation regarding a Crime and Justice Policy topic (TBA).

Grading Scale	Total
Exams (4)	35%
Weekly Chapter/Module Assignments	15%
Semester Projects – Paper and Presentation (2)	45%
Discussion Board Assignments (DB)/Peer Responses	5%

The grade range for each assignment will be from 0 – 100

The university will provide such reasonable accommodations to pregnant students as would be provided to a student with a temporary medical condition that are related to the health and safety of the student and the student's unborn child. These could include maintaining a safe distance from substances, areas, and activities known to be hazardous to pregnant individuals and their unborn child; excused absences because of illness or medical appointments; modified due dates for assignments; rescheduled tests/exams; taking a leave of absence; and being provided access to instructional materials and video recordings of lectures for excused absences, if these would be provided to any other student with an excused absence. Pregnant/parenting students are encouraged to contact the Title IX Coordinator with any questions or concerns related to their status (titleix@tamusa.edu; 210-784-2061; CAB 439K).
