Course Requirements

Students should check the Course Calendar, Announcements, and Messages (e-mail) systems in Blackboard on a regular basis.

Students should keep current with all course assignments, quizzes, and examinations.

For all classwork, exams, quizzes etc., if a student is completing it off-campus, then they are responsible for availability of internet connectivity. Extensions will not be granted for lack of availability of internet connections.

Grading Policy: There will be HomeWorks and three exams. The exams/HomeWorks materials will come from lecture notes, the text, and class discussions. Questions will emphasize understanding and applications of concepts and topics covered in class.

The final course grade will be based on your performance on the exams using the following weights:

MindTap HomeWorks	30%	11:59 p.m., Dec 04
Exam 1	15%	Sep 22
Exam 2	15%	Oct 20
Exam 3	40%	Dec 08, 12:00-2:00 p.m.

The final letter grades will be assigned as follows: 90% – 100% A; 80 – 89% B; 70 – 79% C; 60 – 69% D; below 60% F. In order to make a fair distribution of the grades, I reserve the right to change these ranges.

You must complete all MindTap home-works by 11: 59 p.m., Dec 04. They can be located in the Course Content on Blackboard. Please make sure that you check all folders (including Getting Started: Key Tools for Learning Success) in each of the chapters to complete these home-works in order to receive full credit (they are marked as COUNTS TOWARDS GRADE). The total possible points for home-works are 406. Note that before the deadline, MindTap shows your grades based on the number of home-works completed, not all possible points (406). You will also find a host of other activities that will not be graded, but I strongly encourage you to complete those as well.

Please note that Blackboard shows the unweighted raw data of home-works and exams. To find out your standing anytime during the semester, you need to apply the proper weights to those row scores. If you have any questions, you should immediately contact me.

Make up and Late Assignment/exam/quiz policy:

Please note that I will not be able to reset the home-works if you miss any. If you face any technical problems in accessing/completing the home-works, you must have to inform me within the first week of the semester; otherwise, I will not be able to consider any complain. You must have to complete all exams on due date and time. Please note that it is a strict requirement to attend the Exam-3 to pass this course. Aso, it is your responsibility to contact the instructor and provide legitimate reasons if you miss Exam-3. Take note that plagiarism and other forms of academic dishonesty is subject to severe penalty at the A & M-SA. For more information, please see the Student Handbook.

The course assumes that all work submitted by students will be generated by the students themselves, working individually or in groups. Students should not have another person/entity do the writing of any portion of an assignment for them, which includes hiring a person or a company to write assignments and/or using artificial intelligence (AI) tools like ChatGPT. Use of any AI-generated content in this course qualifies as academic dishonesty and violates Texas A&M-San Antonio's standards of academic integrity.
