

TEXAS A&M UNIVERSITY
SAN ANTONIO

**College of Education and Human Development
Department of Counseling, Health & Kinesiology
EDKN 5305 Graduate Research Project
Fall 2026**

Instructor: T. Brock Symons, Ph.D.

Class Time & Location: Online and by appointment.

E-mail & Phone: tsymons@tamusa.edu (preferred contact method) and 210 – 784 – 2587 (office)

Office Hours: Tuesday and Thursday at 2:00 – 5:00 pm (face-to-face) or by appointment via email.

I understand that this may not be possible for everyone; so, you can always email me at tsymons@tamusa.edu if you have any questions.

I am available from 9:00 a.m. – 5:30 p.m. Central Standard Time (EST) Monday through Friday to contact via telephone and/or e-mail using your Texas A&M University – San Antonio e-mail. If these times are not convenient for you, please let me know and I will be happy to accommodate your schedule if possible. I provide you with these times to make it easier to communicate with me, not to limit our contact and want you to know that, should you need to contact me outside these periods, you should not hesitate to do so.

In the event a third party needs to contact me, please direct them to my contact information listed under "E-mail & Phone" information above. No third party should use your login credentials to gain access to the classroom in Blackboard (Bb).

I will respond to your inquiry within 24 hours of receipt except on weekends and holidays, it will then be the next business day. If I do not respond in that period, know that I probably did not receive your message.

Office Location: SciTech 142K

Welcome: to the Texas A&M University – San Antonio, Department of Counseling, Health and Kinesiology's Advanced Physiology of Exercise (EDKN 4417) course. This course is designed as a hybrid class. You will learn how the human body, specifically its organ systems, respond to a single bout of exercise and to recurring bouts of exercise in this 16-week course.

The course contains assignments, quizzes, and exams designed to help you obtain the core concepts of each organ system studied in this course. You will read, attend class, watch online modules, and participate in both classroom and online activities.

Required Textbook: <https://resources.tamusa.edu/employees/research-and-innovation/index.html>

Recommended Textbooks: NA

Course Description: A Graduate Research Project must be completed and submitted to the Graduate Office for a grade to be assigned, otherwise IP notations are recorded. This course meets the requirements for Plan II and Plan III graduation requirement of a research project produced as a major assignment in a 3-hour 5000 level, research-titled course.

Course Prerequisites: Departmental approval.

Course Objectives: This objective of the course is to afford the non-thesis graduate student (i.e., those in Plan II or Plan III) the opportunity to complete a capstone research project in an area related to sport administration, kinesiology pedagogy, health, or exercise science that is of particular interest to the student. The student will apply his/her knowledge and skills acquired in EDKN 5317 and EDKN 5338 to conduct a research project and present his/her findings in written format according to formal guidelines and procedures.

Student Learning Outcomes: Upon completion of this course, each student will be able to:

1. Perform a review of the literature relative to a specific area within kinesiology.
2. Develop a research question and design a project through which the question can be answered.
3. Effectively communicate in written form through the preparation, according to TAMU-SA IRB guidelines, of a research project proposal.
4. Work independently towards a specific learning goal through the collection, reduction, analysis, and interpretation of data in an attempt to answer a research question.
5. Effectively communicate in verbal form by providing verbal progress reports concerning his/her kinesiology-related research project.
6. Demonstrate knowledge of research methodology (specifically, research report preparation), and the ability to communicate effectively in written form, through the preparation of a written report, according to TAMU-SA College of Graduate Studies and APA guidelines, of his/her kinesiology-related research project.

Graduate Class Policies

A student has the right to expect competent, well-organized instruction for the full number of clock hours allotted for a course; to sufficient written assignments, graded fairly and with reasonable promptness to show the student's academic standing in the course at least before mid-semester; to have ample opportunity to confer with the instructor at published office hours and to review graded written work; to freedom from ridicule, discrimination, harassment or accusations in the presence of other students or faculty members; and to an avenue for appealing to higher academic authority in case of alleged unfairness by an instructor.

Grading Policy: To achieve the course objectives, the class will involve the student's course performance (i.e., degree to which the student attains the course SLOs) will be evaluated based on the quality of student participation (i.e., effort) with regard to his/her thesis and the written report of the completed thesis.

The final course performance grade will be based on the following criteria:

A = All of the following are present:

- All deadlines, including progress reports, are met throughout the semester.
- Project has the characteristics of high-caliber Master's-level research carried out by a new researcher. That is, the project clearly answers a research question with appropriate data collection methodology and subsequent reduction, analysis, and interpretation of these data.
- The resulting written presentation of the research is prepared according to guidelines set forth by the College of Graduate Studies, the APA (6th ed), and the research supervisor. NOTE: This includes the 20/20 requirement for peer reviewed articles.
- Findings from the project clearly have the potential for dissemination via presentation at a learned society meeting and/or via publication of the manuscript in a peer reviewed journal.

B = All of the following are present:

- Final submission deadline, and a significant majority of the other deadlines including progress reports, are met throughout the semester.
- Project has the characteristics off Master's-level research carried out by a new researcher. That is, the project answers a research question with appropriate data collection methodology and subsequent reduction, analysis, and interpretation of these data.
- The resulting written presentation of the research is prepared according to guidelines set forth by the College of Graduate Studies, the APA (6th ed), and the research supervisor. NOTE: This includes the 20/20 requirement.

C = All of the following are present:

- Final submission deadline is met.
- Project that lacks some of the characteristics off Master's-level research carried out by a new researcher.
- The resulting written presentation of the research is prepared according to guidelines set forth by the College of Graduate Studies, the APA (6th ed), and the research supervisor.

*F = One or more of the following are present:

- Final submission deadline is not met.

- A project that lacks most of the characteristics of Master's-level research carried out by a new researcher.
- The resulting written presentation of the research is not prepared according to guidelines set forth by the College of Graduate Studies, the APA (6th ed), and the research supervisor.

*NOTE: At the discretion of the research supervisor, students earning a grade of "F" may be given the option of receiving a grade of "IP" for the course.

IP = The grade of "IP" (In Progress) is assigned to students who do not complete their research project during the applicable semester. Additionally, students whose performance warrants the assignment of a grade of "F" may be given the opportunity to receive a grade of "IP." The grade of "IP" remains on a student's transcript indefinitely. To earn credit for the course, students must reenroll in the course the next time it is offered, usually the subsequent spring or fall semester, and adequately complete the course requirements set forth by the instructor of the course for that semester. This is stated in the Graduate Catalog.

No changes to your final grade will occur once class has ended unless the instructor has made a mistake. You are given the opportunity to follow your grade throughout the semester thus you should not be surprised with the grade you earn. There are no exceptions (eligibility, financial aid, etc.)

Course Requirements:

Progress Reports: Students are responsible for scheduling these face-to-face or telephone meetings with the Committee Chair if the need arises.

Students are encouraged to schedule a meeting with the GRP Advisor whenever they need direction or feedback throughout the semester. That is, students do not have to wait until their next scheduled progress report to meet with the GRP Advisor.

GRP Policies:

1. The student is responsible for APA style, references, form or any standards of written presentation.
2. Any faculty reviewing the manuscript are to communicate their concerns about a final experience to the committee chair, not the student.
3. Any faculty reviewing the manuscript will indicate written approval or disapproval when returning any section of a manuscript. If approval is indicated, it means the faculty member will request no further content changes. If disapproval is indicated, the faculty member wishes to read the section again after specified changes have been made.
4. Faculty require a 2-week reading timeline for each portion of the GRP they are given to read. This holds true during the fall, spring, and summer sessions. DO NOT ask for special consideration. Once a section of GRP has been submitted for grading (see due dates), a grade will be assigned for that section but revisions may still be needed for that section until it is acceptable.
5. No committee meetings (research or advisory) may be scheduled during the last 2 weeks of any semester. These 2 weeks are to be considered "dead weeks".

6. Students wanting to complete their GRP during the summer must verify that their GRP Advisor is available to read and meet for the final manuscript and presentation.
7. At the discretion of the GRP Advisor, edits and reviews between the major professor and the student may be done electronically.

GRP Procedures: A 2-week reading period is granted to faculty who receive a portion of a GRP or an entire manuscript. An outline of the procedure follows:

1. Prepare a draft of a tentative outline of the project. The tentative outline will include the first three chapters of the GRP.
2. Submit each section of the draft to the advisor for comments, criticisms, etc.
3. Submit the corrected draft to the advisor for approval.
4. After the proposed topic has been approved, the student may proceed with the GRP.
5. Secure permission if needed from the appropriate review board (Institutional Review Board or Institutional Animal Care and Use Committee) to conduct the research as required.
 - a. Note: IRB or IACUC approval may be obtained prior to completing chapter III with approval from the GRP advisor. If changes to the research are requested after IRB approval, then these changes MUST be approved by the appropriate review board.
6. Secure permission from any non-university agency which will supply subjects (schools, hospitals, etc.).

Provided the IRB has approved the application for research, collection of data may begin as soon as the student is notified of approval of the GRP. Pilot work may be carried out before approval is received and, in some cases, those data may be deemed acceptable for use in the GRP. A student cannot graduate until copies of the participant's signatures of informed consent are obtained. Only the consent form approved by the IRB can be used to obtain participant signatures.

Graduate students must be enrolled in the University during the semester in which they graduate.

Students enrolled in GRP who wish to qualify for August graduation should be aware of the following:

1. As stated above, students wanting to complete their GRP during the summer must verify that their GRP Advisor and faculty are available to read and meet for the final defense.
 - a. GRP Advisors may not be replaced in order for the student to meet degree requirements during the summer.

2. The final presentation (GRP defense) must be scheduled when the GRP Advisor and faculty are available...

Institutional Review Board Approval / Research Proposal

The IRB Approval Application must be submitted before the student can enroll in Thesis II.

The proposal must be prepared according to the IRB's Policies and Procedures for Personnel Engaged in Research Involving Human Subjects.

If applicable, the proposal must include the informed consent document to be used in the data collection. The application and consent form templates can be found on the website above and on Blackboard.

Prior to submission to the IRB, the proposal must be signed by the Thesis Committee Chair and, depending on the nature of the research, may need to be signed by the Department of Curriculum & Kinesiology Chair and School of Education and Kinesiology Dean.

No data collection is to be conducted until written approval of the research project is received from the IRB.

Once data collection is complete and the manuscript ready to be submitted, a research completion form must also be submitted to the Office of Graduate Studies and Research.

Final Manuscript

The GRP manuscript must be prepared according to guidelines detailed in Office of Graduate Studies' Research Project/Thesis Manual. Style and formatting not specified by this manual (e.g., intent citations, reference list preparation, etc.) will default to the guidelines set forth by the American Psychological Association (6th ed).

References and Citations- APA Style: NCSU Libraries is a great resource, be sure to click the APA Citation Style on the right. This source builder is not error-free; it is your responsibility to ensure citations are correct. Purdue Owl is another great resource for references and in-text citations.

The components of the final manuscript will typically be as follows:

Preliminary Pages

Title Page

Approval Page

Abstract

Dedication (optional)

Acknowledgements (optional)

Table of Contents

List of Tables

List of Figures

Text

Chapter I. Introduction -includes rationale, significance of the study (or statement of problem), purpose statement/hypothesis statement, operational definitions.

Chapter II. Review of literature

Chapter II. Methodology -includes subjects, experimental design, measurements/equipment/facilities, procedures, data collection, data reduction, data analysis (statistical design)

Chapter III. Results

Chapter IV. Discussion/Conclusions -includes explanation, interpretation and importance of results, limitations (things not expected that might have had an effect on the results) and delimitations (things you knew going in could affect the results but chose to ignore/accept), future research recommendations.

Supplementary Pages*

References

Appendix A. IRB Approval Letter and IRB Proposal

Appendix B. Informed Consent Document

Appendix C. Raw Data (if applicable)

Appendix D. Statistical Analyses (if applicable)

Vita

*other appendices can be included if needed prior to the vita.

The final manuscript (unbound), approved (signed) by the GRP Advisor and Department of Curriculum & Kinesiology Chair, must be submitted to the Office of Graduate Studies prior to the deadline for a student to be assigned a grade of "A", "B", or "C" for the course.

Once the manuscript is completed, the student must also supply the GRP Advisor and Graduate Coordinator with a copy of the manuscript.

One of the requirements to earn a grade of “A” or “B” in the course is that the final manuscript meets the “20/20 requirement.” This means that the text of the manuscript (i.e., Chapters I-V) must be at least 20 pages in length and the reference list must contain no less than 20 legitimate references. URLs (i.e., web sites, informational pages from CDC, AHA, NHLBI, etc.) will not be accepted as legitimate references except in special situations approved a priori. References must be peer reviewed.

Magazines and newspapers will not be accepted as legitimate references except in special situations approved a priori.

Abstracts from conference proceedings will not be accepted as legitimate references except in special situations approved a priori.

Students are expected to make every effort to comply with the aforementioned formatting guidelines. The Project Supervisor will not make significant formatting corrections to any portions of manuscripts where it is apparent that there was not a significant effort made by the student to adhere to these guidelines. The Supervisor will simply note that there were significant formatting errors made by the student. This, of course, can prolong the editing process and put the student at risk of missing subsequent submission deadlines.

See the section below on “Academic Dishonesty”, in particular the section on plagiarism. Each manuscript will be checked for plagiarism using an institutional internet-based plagiarism detection service (Turnitin, a link will be available on Blackboard). If a manuscript, in any form (i.e., rough draft, final submission) is found to contain plagiarized portions, the manuscript will immediately be returned to the student without further editing by the GRP Advisor. This may result in the student not receiving feedback in a timely manner which, in turn, may result in the student missing subsequent submission deadlines. The Turnitin Similarity Report must indicate a similarity index of no more than 25%.

Other Information: Failing to check Blackboard on a daily basis may place students at risk for missing critical feedback on their projects in a timely fashion which, in turn, could affect their ability to meet subsequent deadlines.

Long Distance Students: Students who are completing their research project long distance are responsible for meeting all deadlines listed in the course schedule, including the final submission deadline to the College of Graduate Studies.

Long distance students are responsible for scheduling bi-weekly telephone progress reports with the Project Supervisor.

Prioritization and Deadlines: Student success in this course depends greatly on their ability to meet the required deadlines in the course, receive feedback from the Committee Chair, and respond to that feedback in a timely fashion to ensure that subsequent submission deadlines are met. Therefore, students should place this thesis project at the top of their priority list for the semester.

The deadlines listed on the tentative course schedule are the dates that submissions are due for timely feedback to be provided by the Committee Chair. If these deadlines are met, timely feedback from the

Committee Chair will be given which should allow the student adequate time to make revisions and meet subsequent deadlines. However, failure to meet these deadlines will put the student at risk of missing future deadlines due to delayed feedback from the Committee Chair.

Students are encouraged to make submissions prior to deadlines. Submissions will be reviewed and evaluated in the order in which they are submitted to the Committee Chair.

Out Dates: Students should make note of “out dates” listed on the tentative course schedule. These are dates when the Committee Chair will be off campus to fulfill various professional obligations. Students should not plan on submitting progress reports on these days.

Turn-it-in: Once all faculty have provided feedback and once you’ve addressed their suggestion and comments, you will resubmit the manuscript to them. At any point during the editing process when they feel the manuscript is acceptable, your Committee Chair will notify you and you may then submit to Turn-it-in. The Turnitin Similarity Report must indicate a similarity index of no more than 25%. You will find the submission site in the course content section on Blackboard. See Blackboard for Turn-it-in instructions.

Blackboard: all work will be submitted in Dropbox on Blackboard unless otherwise stated. Turnitin will be available via Blackboard. The syllabus, manuscript template, IRB application, and consent form will also be on Blackboard.

Late Penalties: All assigned work is due on the date and time assigned; work received later than the due date will be penalized one letter grade per day, after which 4 days will result in a zero (F). and will jeopardize completion.

- Extra credit is not offered, Independent Studies are not offered

Library Support for COEHD Programs & Courses: The [A&M-SA Library](#) provides access to thousands of researches and learning materials for COEHD students, faculty, and staff. These resources are mainly provided in electronic format and are accessible 24/7/365 with Jaguar log-in credentials. They include, but are not limited to, scholarly academic journals, professional publications, newspapers, ebooks, streaming video, and curated web resources. Additionally, there is a smaller physical collection, study space, and computer access available in CAB 202. Two unique physical collections housed in CAB 202 are the curriculum materials (sample textbooks, teachers' guides, activity guides, manipulatives, models, classroom reading collections, educational games, etc.) and the children's literature collection. These materials are available for checkout and can be used by students in lesson planning and in their clinical school placements.

[Education Librarian Kimberly Grotewold](#) is available to assist with finding, accessing, evaluating, and effectively using relevant library resources and other information. She has developed subject, topic, and course-specific research guides which are linked into Blackboard (under Campus Resources in the left menu) and are accessible through the [Library's website](#) under the Research Guides link. If you have questions, concerns, or need help, please contact her through email at kimberly.grotewold@tamusa.edu; via phone: (210) 784-1519; or request an appointment using her [online scheduling calendar](#).

Schedule of Course Activities:

		Students Graduating in FA 2026:
Week of:		
Aug	25	Chapters I, II & Reference List Preparation
	30	DUE 09/04 = IRB Proposal due to GRP Advisor (email) <i>IRB Proposal will be graded at this time</i>
Sept	06	DUE 09/11= IRB Proposal Application due to IRB Chapters I, II & Reference List Preparation
	15	DUE 09/18= Chapter I & Refer. List to GRP Advisor (email) <i>Chapter I will be graded at this time</i> Chapter II & Reference List Preparation
	20	DUE 09/26= Chapter II & Refer. List to GRP Advisor (email) <i>Chapter II will be graded at this time</i> Chapter III & Reference List Preparation
Oct	04	DUE 09/6= Chapter III & Refer. List to GRP Advisor (email). <i>Chapter III will be graded at this time</i>
		Data Collection (you may begin data collection earlier if IRB and advisor approves)
		Data Reduction and Analysis
	25	DUE 10/31= Chapter IV & Refer. List to GRP Advisor (email). <i>Chapter IV will be graded at this time</i>
		Chapters V Preparation, Complete Manuscript Compilation
Nov	8	DUE 11/13= Complete Manuscript to GRP Advisor (email). <i>Chapter V and all else will be graded at this time</i>
		Manuscript Revisions
		Manuscript Revisions
	29	DUE 12/4= Final Submission of Draft Package*
		Competency exams (Presentation of project to faculty)

IMPORTANT POLICIES AND RESOURCES

University Email Policy and Course Communications: All correspondence between professors and students must occur via University email accounts. You must have your Jaguar email account ready and working. If it is not working, contact the help desk at helpdesk@tamusa.edu or at 210-784-HELP (4357). If you don't hear back within 48 hours, contact them again. They have many requests during the first part of the semester, so you may need to follow up with them.

Academic Accommodations for Individuals with Disabilities: Texas A&M University-San Antonio is committed to providing all students with reasonable access to learning opportunities and accommodations in accordance with The Americans with Disabilities Act, as amended, and Section 504 of the Rehabilitation Act. If you experience barriers to your education due to a disability or think you may have a disability, Disability Support Services is located in the Central Academic Building, Suite 210. You can also contact us via phone at (210) 784-1335, visit us at the [website](http://www.dss.tamusa.edu) or email us at dss@tamusa.edu. Disabilities may include, but are not limited to, attentional, learning, mental health, sensory, physical, or chronic health conditions. All students are encouraged to discuss their academic accommodations with Disability Support Services and their instructors as soon as possible.

Academic Learning Center: All currently enrolled students at Texas A&M University-San Antonio can utilize the Academic Learning Center for subject-area tutoring. The Academic Learning Center provides free course-based tutoring to all currently enrolled students at Texas A&M University-San Antonio. Students wishing to work with a tutor can make appointments through the Brainfuse online tutoring platform. Brainfuse can be accessed in the *Tools* section of Blackboard. You can contact the Academic Learning Center by emailing tutoring@tamusa.edu, calling (210) 784-1307, or visiting the Central Academic Building, room 202. Online tutoring is also available for after hours and weekend assistance.

While tutoring hours may change based on tutor schedules and availability, the current tutoring hours for MATH in the ALC are as follows:

	Appointments available	Walk in Tutoring – No appointment needed
MONDAY	8 am – 6 pm	9 am – 5 pm
TUESDAY	8 am – 6 pm	9 am – 5 pm
WEDNESDAY	8 am – 6 pm	9 am – 5 pm
THURSDAY	8 am – 6 pm	9 am – 5 pm
FRIDAY	8 am – 5 pm	11 am – 4 pm

Counseling/Mental Health Resources: As a college student, there may be times when personal stressors interfere with your academic performance and negatively impact your daily functioning. If you are experiencing emotional difficulties or mental health concerns, support is available to you through the

Student Counseling Center (SCC). To schedule an appointment, visit our website, call 210-784-1331 or visit Madla 120 between the hours of 8:00 AM and 5:00 PM.

All mental health services provided by the SCC are free and confidential (as the law allows). The Student Counseling Center provides brief individual and group therapy, crisis intervention, consultation, case management, and prevention services. *Crisis support is available 24/7/365 by calling the SCC at 210-784-1331 or through the TELUS student support App.*

The TELUS Student Support App provides a variety of mental health resources to including 24/7/365 support for in the moment distress, crisis support, an anonymous peer-to-peer support network, mental health screenings, podcasts, and articles to improve your mental wellbeing.

Emergency Preparedness: JagE Alert is Texas A&M University-San Antonio's mass notification system. In the event of an emergency, such as inclement weather, students, staff and faculty, who are registered, will have the option to receive a text message, email with instructions and updates. To register or update your information visit: <https://tamusa.bbcportal.com/>. More information about Emergency Operations Plan and the Emergency Action Plan can be found [here](#). Download the SafeZone App (<https://safezoneapp.com/>) for emergencies or call (210) 784-1911. Non-Emergency (210) 784-1900.

Financial Aid and Verification of Attendance: According to the following federal regulation, 34 CFR 668.21: U.S. Department of Education (DoE) Title IV regulation, a student can only receive Title IV funds based on Title IV eligibility criteria which include class attendance. If Title IV funds are disbursed to ineligible students (including students who fail to begin attendance), the institution must return these funds to the U.S. DoE within 30 days of becoming aware that the student will not or has not begun attendance. Faculty will provide the Office of Financial Aid with an electronic notification if a student has not attended by the published Census Date (the first week of class). Any student receiving federal financial aid who does not attend prior to the published Census Date (the first week of class) will have their aid terminated and returned to the DoE. Please note that any student who stops attending at any time during the semester may also need to return a portion of their federal aid.

Jaguar Writing, Language, and Digital Composing Center (WLDCC): The Jaguar Writing Center provides writing support to graduate and undergraduate students in all three colleges as well as faculty and staff. Writing tutors work with students to develop reading skills, prepare oral presentations, and plan, draft, and revise their written assignments. Our language tutors support students enrolled in Spanish courses and students composing in Spanish for any assignment. Our digital studio tutors support students working on digital projects such as eportfolios, class presentations, or other digital multimedia projects. The Writing Center offers face-to-face, synchronous online, and asynchronous digital appointments. Students can schedule appointments with the Writing Center in JagWire under the Student Services

tab. Click on “Writing, Language, and Digital Composing Center” to make your appointment. Students wanting to work in realtime with a tutor can schedule an “Online Appointment.” Students wishing to receive asynchronous, written feedback from a tutor can schedule an “eTutoring” appointment. More information about what services we offer, how to make an appointment, and how to access your appointment can be found on our [website](#) . The Writing Center can also be reached by emailing writingcenter@tamusa.edu.

Meeting Basic Needs: Any student who has difficulty affording groceries or accessing sufficient food to eat every day or who lacks a safe and stable place to live, and believes this may affect their performance in the course, is urged to submit a [CARE report](#) for support. Furthermore, please notify the professor if you are comfortable in doing so. This will enable them to direct you to available resources. A food pantry is available on campus; click [here](#) for hours and contact information.

Military Affairs: Veterans and active-duty military personnel are welcomed and encouraged to visit the Office of Military Affairs for any question involving federal or state VA Education Benefits. Visit the Patriots’ Casa building, room 202, or to contact the Office of Military Affairs with any questions at military.va@tamusa.edu or (210)784-1397.

Religious Observances: Texas A&M University-San Antonio recognizes the wide variety of faiths represented among the campus community and protects the rights of students, faculty, and staff to observe religious holidays according to their tradition. Under the policy, students are provided an opportunity to make up any examination, study, or course work requirements that may be missed due to a religious observance provided they notify their instructors before the end of the second week of classes for regular session classes.

The Six-Drop Rule: Students are subject to the requirements of Senate Bill (SB) 1231 passed by the Texas Legislature in 2007. SB 1231 limits students to a maximum of six (6) non-punitive course drops (i.e., courses a student chooses to drop) during their undergraduate careers. A non-punitive drop does not affect the student’s GPA. However, course drops that exceed the maximum allowed by SB 1231 will be treated as “F” grades and will impact the student’s GPA.

Statement of Harassment and Discrimination: Texas A&M University-San Antonio is committed to the fundamental principles of academic freedom, equal opportunity, and human dignity. To fulfill its multiple missions as an institution of higher learning, A&M-San Antonio encourages a climate that values and nurtures collegiality and the uniqueness of the individual on our campus and within our state, nation, and world. All decisions and actions involving students and employees are to be based on applicable law and individual merit. Texas A&M University-San Antonio, in accordance with applicable federal and state law, prohibits discrimination, including harassment, on the basis of race, color, sex, religion, national origin, age, disability, genetic information, veteran status, sexual orientation, or pregnancy/parenting status. Individuals who believe they have experienced harassment or discrimination prohibited by this statement are encouraged to contact the University’s Civil Rights Officer at 210-784-2061 or titleix@tamusa.edu.

Texas A&M University-San Antonio faculty are committed to providing a safe learning environment for all students and for the university as a whole. If you have experienced any form of sex discrimination or harassment, including sexual assault, sexual harassment, domestic or dating violence, or stalking based on sex, know that help and support are available. A&M-San Antonio's Title IX Coordinator can support those impacted by such conduct in navigating campus life, accessing health and counseling services, providing academic and housing accommodations, and more. The university strongly encourages all students to report any such incidents to the Title IX Coordinator. Please be aware that all A&M-San Antonio employees (other than those designated as confidential resources such as counselors and trained victim advocates) are required to report information about such discrimination and harassment to the university. This means that if you tell a faculty member about a situation of sexual harassment, sexual violence, or other related sex-based misconduct, the faculty member must share that information with the university's Title IX Coordinator (titleix@tamusa.edu, 210-784-2061, CAB 439K). If you wish to speak to a confidential employee who does not have this reporting requirement, you can contact the Student Counseling Center at (210) 784-1331 or visit them in Madla 120.

Pregnant/Parenting Students: Texas A&M-San Antonio does not require a pregnant or parenting student, solely because of that status or issues related to that status, to (1) take a leave of absence or withdraw from their degree or certificate program; (2) limit the student's studies; (3) participate in an alternative program; (4) change the student's major, degree, or certificate program; or (5) refrain from joining or cease participating in any course, activity, or program at the University. The university will provide such reasonable accommodations to pregnant students as would be provided to a student with a temporary medical condition that are related to the health and safety of the student and the student's unborn child. These could include maintaining a safe distance from substances, areas, and activities known to be hazardous to pregnant individuals and their unborn child; excused absences because of illness or medical appointments; modified due dates for assignments; rescheduled tests/exams; taking a leave of absence; and being provided access to instructional materials and video recordings of lectures for excused absences, if these would be provided to any other student with an excused absence. Pregnant/parenting students are encouraged to contact the Title IX Coordinator with any questions or concerns related to their status (titleix@tamusa.edu; 210-784-2061; CAB 439K).

Texas A&M-San Antonio has also designated the Title IX Coordinator as the liaison officer for current or incoming students who are the parent or guardian of a child younger than 18 years of age. The Title IX Coordinator can provide students with information regarding support services and other resources. Young Jaguars can support parenting students with daycare if students meet this criteria: (1) must be enrolled in classes at Texas A&M-San Antonio in the current semester, (2) must be Pell eligible or a single parent, (3) child(ren) must be aged 3 to 12-years-old, and (4) child(ren) must be enrolled in Pre-K-3 through 6th grade. For more information, please contact Young Jaguars at youngjaguars@tamusa.edu or call (210) 784-2636.

Students' Rights and Responsibilities: The following statement of students' rights and responsibilities is intended to reflect the philosophical base upon which University Student Rules are built. This philosophy

acknowledges the existence of both rights and responsibilities, which is inherent to an individual not only as a student at Texas A&M University-San Antonio but also as a citizen of this country.

Students' Rights

1. A student shall have the right to participate in a free exchange of ideas, and there shall be no University rule or administrative rule that in any way abridges the rights of freedom of speech, expression, petition and peaceful assembly as set forth in the U.S. Constitution.
2. Each student shall have the right to participate in all areas and activities of the University, free from any form of discrimination, including harassment, on the basis of race, color, national or ethnic origin, religion, sex, disability, age, and pregnancy/parenting or veteran status in accordance with applicable federal and state laws.
3. A student has the right to personal privacy except as otherwise provided by law, and this will be observed by students and University authorities alike.
4. Each student subject to disciplinary action arising from violations of university student rules shall be assured a fundamentally fair process.

Students' Responsibilities

1. A student has the responsibility to respect the rights and property of others, including other students, the faculty, and administration.
2. A student has the responsibility to be fully acquainted with the published University Student Rules found in the Student Handbook, [Student Code of Conduct](#), on our website, and University Catalog, and to comply with them, as well as with federal, state, and local laws.
3. A student has the responsibility to recognize that student actions reflect upon the individuals involved and upon the entire University community.
4. A student has the responsibility to recognize the University's obligation to provide a safe environment for learning.
5. A student has the responsibility to check their university email for any updates or official university notifications.

We expect that students will behave in a manner that is dignified, respectful, and courteous to all people, regardless of sex, ethnic/racial origin, religious background, or disability. Conduct that infringes on the rights of another individual will not be tolerated.

Students are expected to exhibit a high level of honesty and integrity in their pursuit of higher education. Students engaging in an act that violates the standards of academic integrity will find themselves facing academic and/or disciplinary sanctions. Academic misconduct is any act, or attempt, which gives an unfair advantage to the student. Additionally, any behavior specifically prohibited by a faculty member in the course syllabus or class discussion may be considered as academic misconduct. For more information on academic misconduct policies and procedures please review the [Student Code of Conduct](#) or visit the resources available in the [OSRR website](#)

No Use of Generative AI Permitted

[EDKN 4417] assumes that all work submitted by students will be generated by the students themselves, working individually or in groups. Students should not have another person/entity do the writing of any portion of an assignment for them, which includes hiring a person or a company to write assignments and/or using artificial intelligence (AI) tools like ChatGPT. Use of any AI-generated content in this course qualifies as academic dishonesty and violates Texas A&M-San Antonio’s standards of academic integrity.
