

MGMT 3320:904, **Supply Chain & Operations Management**, Fall 2026, CRN:10775
Department of Management and Marketing, College of Business

Course Syllabus

Class Modality: In Class Lecture/Hybrid
Class Meeting Time and Place: W 06:00 pm-07:15 pm, Business Library Hall, Rm# 266
Class Duration: 08/24 – 12/11
Instructor: Leonard Humes Jr.
Office: Adjunct; By Appointment; Before/After Class
Tel: 210-643-5885
E-Mail: Leonard.Humes@tamusa.edu.
Student emails will receive a reply within two business days.
Course Website: <https://tamusa.blackPosting.com/>
Office Hours: Adjunct Faculty: Available by appointment or before/after class.

Catalog Course Description: A survey of lean, quality, supply chain, and other operations management guiding concepts and quantitative tools utilized to plan, design, and control physical resources/business information to produce/provide goods/services from raw material supplier to end customer.

Prerequisite: Successful completion of the business prerequisites. Students who do not meet the prerequisites must contact the instructor immediately. QMBS 2305 Business Statistics I completion is required.

Course Objectives: The course aims to provide a basic understanding of the activities and factors that affect operational decision-making. Focusing on the practical aspects of business, this course will provide guidelines for analyzing problems and finding solutions for professionals working in global operations and supply chain management environments.

Specifically, the course is structured to provide a basic understanding of the elements of two critical Business Functions:

1. Operations Management:

Tools and techniques to drive and support the following:

Foundational Principles, Resource Allocation, and Achieving Operational Goals

2. Supply Chain Management

Tools and techniques to drive and support the following:

Foundational Principles, Procurement, Logistics and Distribution, and Inventory Management

Student Learning Outcomes: After successful completion of this course, students will be able to:

1. Understand the analytical tools of operations and supply chain management,
2. Describe the best practices of operations and supply chain management in a globalized

- environment, and
3. Describe the principles of sustainability in an operations and supply chain management environment.

Required Materials:

- **Textbook:** Operations and Supply Chain Management (Loose Leaf), **Seventeenth** Edition, by F. Robert Jacobs, Richard B. Chase, ISBN: 978-1-266-46040-1
- **Blackboard:** Connect to <http://tamusa.blackboard.com>. You will have lecture notes, solutions to problems, multimedia materials, and other supplementary materials in Blackboard.
- **Computer Hardware:** To participate in the tutoring sessions, you will need a computer with an internet connection, a microphone, and speakers/headphones.
- **Hybrid Class Guidance and Practices:** The class is intensive and challenging, and students are expected to master the assigned Chapter material and associated Chapter PowerPoint Slides. The nature and structure of this Hybrid class make the student's individual study and preparation outside of class extremely important. Reading the assigned Chapter material and PowerPoint Slides, as well as being familiar with their content before class, will be very useful for understanding class lectures. Students are expected to ask questions concerning the assigned Chapter material and related PowerPoint Slides during class. The instructor will identify specific Chapter material and related PowerPoint Slide content that may appear in each of the quizzes and exams, and he will cover only the topical areas mentioned in the respective textbook chapters and associated PowerPoint Slides.
- **Time:** In consideration of the nature of a Hybrid course and the content of this sixteen (16) week course, students are expected to spend 6-12 hours per week on this course. Based on individual backgrounds, some students may require more time. Time spent may be longer when assignments or exams are due.

Other Recommended / Reading Materials:

Additional reading materials are available on the course website, as the instructor recommends. If you haven't already, I recommend you create a LinkedIn account. I also encourage you to read the Wall Street Journal, The Economist, Business Week, and other business publications.

Resource literature that may be referenced during the semester is as follows: you are encouraged to add them to your Business Reference library.

- **The Ideal Team Player:** by Patrick Lencioni, ISBN: 978-1-119-20959-1
- **The Five Dysfunctions of a Team (A Leadership Fable):** by Patrick Lencioni, ISBN: 978-0-7879-6075-9
- **The Machine that Changed the World:** by James P. Womack, Daniel T. Jones, and Daniel Roos, ISBN: 978-0-7432-9979-4
- **The Goal (A Process of Ongoing Improvement):** by Eliyahu M. Goldratt and Jeff Cox, ISBN: 0-88427-178-1
- **Managing to Learn (Using the A3 management process to solve problems, gain agreement, mentor, and lead):** by John Shook, ISBN: 978-1-934109-20-5
- **The Values-Based Safety Process (Improving your Safety Culture with Behavior-Based Safety):** by Terry E. McSween, Wiley-Interscience

Course Requirements every student must fulfill to succeed in the course:

1. Students should check the Course Calendar, Announcements, and Messages (e-mail) systems in Blackboard regularly.
2. Students should keep current with all course assignments, quizzes, and examinations.
3. Students should ask questions and communicate with the instructor either in class, online, offline, or during office hours.
4. For all classwork, exams, quizzes, etc., if a student is completing them off campus, then they are responsible for the availability of internet connectivity. Extensions will **not** be granted due to a lack of internet connectivity.
5. Students should remember that hybrid and online courses assume greater responsibility and independent learning skills from the student for their learning outcomes.

Grading Policy:

The final course grade will be based on your performance on attendance, exams, assignments, and class participation using the following weights:

Attendance	05%
Blackboard Posting discussions (individual)	15%
Homework	25%
Book (Chapter) Review	15%
Article Reviews	20%
Mid-Term Exam	10%
<u>Final Exam (as per University Schedule)</u>	<u>10%</u>
Total	100%

The final letter grades will be assigned as follows: Above 90% $\Rightarrow$ A; 80 – 89% $\Rightarrow$ B; 70 – 79% $\Rightarrow$ C; 60 – 69% $\Rightarrow$ D; Below 60% $\Rightarrow$ F.

Examinations and Quizzes:

There will be one mid-term and one final online exam. The exams will consist of at least 50 questions. You will have 75 minutes to complete the mid-term and 110 minutes for the final exam. The exams will be administered at a predetermined time to be communicated as soon as possible during the semester. The exams will consist of conceptual true/false, multiple-choice questions, problem-solving questions, fill-in-the-blank, and/or short essay questions. The exam/quiz materials will come from lecture notes (PowerPoint), the texts, and class discussions. Questions will emphasize understanding and applications of concepts and topics covered in class.

Being absent from an exam may result in a grade of zero for that exam and possibly a failing grade for the course.

Students are encouraged to work collaboratively in a study group or team to take the best advantage of their exam preparation time and effort. Alternatively, if students are unable to participate in a group or team effort, they are expected to plan their schedule to adequately prepare for taking each examination on the particular date and time for each exam. Students are expected to notify the instructor within twenty-four (24) hours before the exam time if they are going to miss an exam.

Proctored Exams:

To ensure course integrity, students enrolled in this course may use Remote Test-Proctoring software for the administration of exams, if allowed and set up by the instructor.

Homework Assignments:

Each student will turn in twelve homework assignments this semester, responding to questions derived from the textbook content. The answer to the question will be one page, double-spaced, with your name, date, class, and instructor, as well as the question at the top of the paper.

The paper should flow as follows:

- An introduction that begins by setting the broad context and narrows to a clear thesis, and (if applicable), a road map for how the paper will proceed.
- Body paragraphs that provide the elaboration of the thesis that is grounded in readings from the text.
- A conclusion that directs the reader towards broader implications of the paper's argument or directions for future consideration.

Plagiarism will not be tolerated; assignments will be evaluated by the instructor using Turnitin software.

Discussion Board Postings:

Students will participate in at least twelve online discussions.

At a minimum, each student is required to post 1) a discussion point covering the topic assigned and/or 2) a response/critique comment on another's discussion point on Blackboard.

A substantive discussion comment reflects an understanding of the readings and other related information. A substantive discussion item might start as "I was impressed by the discussion of who defines quality. I had never really verbalized the fact that all consumers, through their purchases, decide what they consider good quality". Each of these substantive postings should be three or more sentences.

Article Reviews:

Each student will turn in two article reviews this semester, and they will correspond to the assigned topic, found below.

Article #1: Find, review, and discuss an article concerning "Successful Supply Chain Strategies" Issues and Challenges

Article #2: Find, review, and discuss an article concerning "Lean Supply Chains" Issues and Challenges

The best articles will come from the library database but can be located on any scholarly website (for example, Google Scholar). I will explain how to search for articles at the beginning of the semester. The articles **will be** taken from academic journals and magazines, practitioner trade journals, and business magazines. Do not use sources from the Internet that are from consultants, Blogs, company advertisements, or Wikipedia-type websites. These are not acceptable articles. Articles not meeting these criteria will result in a grade of zero (0). Contact me if you are unsure about the article.

The review will consist of:

1) The bibliographic citation for the article follows APA format at the top of the assignment, just under your name.

2) A synopsis of the article.

3) The relationship of this article to the assigned topic/chapter.

4) Your opinion of the practice/issue/concept introduced in the article.

The article review will be a two-page, double-spaced assignment, with your name, date, class, instructor, and topic name at the top of the paper. Plagiarism and use of AI will not be tolerated; the instructor will evaluate assignments via Turnitin software.

Online discussions (posting):

Students will participate in regular online discussions. At a minimum, each student is required to post either 1) a discussion comment and/or 2) a response/critique comment on Blackboard for each lecture (a minimum of twelve discussion posts in total for the semester). A substantive discussion comment reflects an understanding of the readings and other related information. A substantive discussion item might start as “I was impressed by the discussion of who defines quality. I had never really verbalized the fact that all consumers, through their purchases, decide what they consider good quality.” Each of these substantive postings should be three or more sentences. Often, students will express that they are using a particular practice at work, ask classmates if they use the practice at their place of employment, or somebody may even ask if some of these tools or practices are relevant in each industry. This is where peer learning occurs, and I find it an important element of the class. A comment, such as “I agree with Bill,” while supportive, is not considered substantive. You can still make these comments, but they don’t count. If somebody has already said what you intended to say, you will have to find something else to say. It is the student’s responsibility to read all postings by all class members. Your postings should be spread throughout the week. That is, don’t make all your comments all at once. It is suggested that you log in about 2-3 times or more for each discussion. I will be observing the discussion, and I may even offer my own opinions, too. The result should be a healthy community discussion of the lesson cycle reading topics.

Online Individual / Group Activities:

Leaders in the business world value teamwork in their organizations and, as such, it is supported in this course. Students are encouraged to work collaboratively in study groups to take full advantage of their collective intelligence, time, and effort.

Book (Chapter) Analysis: Students will prepare a formal analysis to be submitted by the due date indicated in the Class Schedule portion of this syllabus. The book for this analysis is:

Textbook: Jeffrey K. Liker and David Meier; The Toyota Way Fieldbook: A Practical Guide for Implementing Toyota’s 4P’s.

DOI: 10.1036/0071448934

This book is available as a PDF version in the course Blackboard Course Content folder.

The formal Analysis will cover only **Chapter 12 (Develop Suppliers and Partners as Extensions of the Enterprise)** and should be a minimum of three (3) double-spaced, typewritten pages. It should be submitted via Turnitin.com on the Blackboard page for this class. Students will receive instruction/guidance on the structure for this analysis on the Blackboard page for this class, but the following must be included as part of the Analysis. The objective of this Analysis is:

- Demonstration of a high degree of understanding of the relevant and corresponding course material presented in class and in the textbook

The following is pertinent information for the students' use and consideration as the analysis is prepared. From a Reader's point of view, the student should critique the material and express his/her opinions and recommendations relative to the nature and content of this book. Does the student think this is relevant in today's business environment? Does the student recommend this material? If so, then to whom? The structure of the analysis will follow APA style and will consist of a title page with a running header, an abstract, an introduction and body with the student's opinions and recommendations, and a reference page. Moreover, the overall content of this Book Analysis should reflect the work of an upper-level college student.

Artificial Intelligence (AI) Policy: No Use of Generative AI Permitted

CRN: 10775 assumes that all work submitted by students will be generated by the students themselves, working individually or in groups. Students should not have another person/entity do the writing of any portion of an assignment for them, which includes hiring a person or a company to write assignments and/or using artificial intelligence (AI) tools like ChatGPT. Use of any AI-generated content in this course qualifies as academic dishonesty and violates Texas A&M-San Antonio's standards of academic integrity.

Make-up and Late Assignment/Exam Policy:

Make-ups or late submissions for assignments will be accepted up to two weeks late. Late submissions will result in points being subtracted from the overall grade. Late submissions or make-up for exams may be accepted/administered only in extraordinary circumstances such as an excused official university activity, a severe illness, or a dire emergency. However, the student must provide comprehensive documentation either before or within a few days of the missed assignment/quiz/exam. (See Class Policies)

Class conduct and civility code:

Everyone in class is expected to follow all rules in the student handbook, as well as common courtesy during classroom lectures and discussions in class and online, including the following:

1. Attendance will be taken at the beginning of the class. If you arrive late, make sure to stop by the instructor's desk at the end of class to check in.
2. Students should read and understand the Fall 2026 Class Schedule on the last page(s) of this syllabus and ask any questions of the instructor that will assure their understanding of the provisions and information outlined in this schedule.
3. It is the students' responsibility to obtain and be able to use the required materials and software for this class.
4. The student must retain copies of all assignments and graded work for verification purposes and provide them to the instructor, if necessary. Keep your copies of all computer files and e-mails till the final grade is received.
5. Talking while the instructor is lecturing is extremely disruptive and discourteous to the instructor and other students.
6. Using computers or phones (except for a valid urgent need) during class for a purpose not related to class is disruptive. All cell phones and gadgets should be turned OFF and headphones removed. If you must take a call, please step out of the classroom.
7. For any questions about the exams and assignments, a student should contact the instructor well in advance of the day they are due, so the instructor may have enough time to provide feedback.

8. All communications will be via e-mail to the Texas A&M University e-mail account, and students are expected to use their school-provided email account. The instructor will reply to a student's e-mail messages and voice messages within 2 business days (Monday-Friday).
9. All assignment submissions must be uploaded to Blackboard by the due date and time. The submission window may close or be marked late, even if late by one second.

Anyone violating these policies may be subject to disciplinary actions.

Class attendance and Participation:

The instructor's expectations for this class are as follows:

- Students should read and understand the Fall 2026 Class Schedule and ask any questions of the instructor that will ensure their understanding of the provisions and information outlined in this schedule.
- Students are expected to attend all class sessions.
- Students should read the assigned textbook chapter(s), PowerPoint presentation(s), and case study material, if any, before class, and come to class prepared to answer questions concerning the assigned textbook chapter, PowerPoint presentation, and case study material, if any, during class. Moreover, students should ask the instructor any questions concerning this material during class.
- Students are expected to come/be prepared for examinations. They should devote the necessary preparation time to achieve a good grade on each exam.
- Students, as adult learners, should engage in active listening and interactive learning to strengthen their critical thinking, analytical, and problem-solving skills.

However, a minimum of two hours of work outside the class is expected for every hour of class period per week. Reading the assigned chapter(s) and having some familiarity with them before class will be very useful for understanding lectures.

Fall 2026 Class Schedule

The provisions and information outlined in the schedule below are intended to be informational and not contractual. The instructor reserves the right to amend, alter, change, delete, or modify the provisions of the schedule.

<i>Week</i>	<i>Dates</i>	<i>Chapter(s)</i>	<i>Activity</i>	<i>Assignments Due: Wed. 6:00 PM</i>
1	Aug 26	Ch 1- Introduction Ch 2- Strategy	Introduction, Syllabus, assignments, and assigned project. Lecture, Question & Answer	
2	Sept 02	Ch 3- Design of Products and Services Ch 11- Process Design and Analysis Ch 11S- Operations Consulting	Lecture, Question & Answer	Discussion Posting (1) Homework Question (1)
3	Sept 09	Ch 4- Projects Ch 5- Strategic Capacity Management	Lecture, Question & Answer	Discussion Posting (2) Homework Question (2)

16	Dec 09	Final Exam, as per A&M-SA Schedule. See the A&M-SA catalog for the schedule.	On-Line	

University Email Policy and Course Communications: All correspondence between professors and students must occur via university email accounts. You must have your Jaguar email account ready and working. If it is not working, contact the help desk at helpdesk@tamusa.edu or at 210-784-HELP (4357). If you don't hear back

within 48 hours, contact them again. They have many requests during the first part of the semester, so you may need to follow up with them.

Academic Accommodations for Individuals with Disabilities: Texas A&M University-San Antonio is committed to providing all students with reasonable access to learning opportunities and accommodations in accordance with The Americans with Disabilities Act, as amended, and Section 504 of the Rehabilitation Act. If you experience barriers to your education due to a disability or think you may have a disability, Disability Support Services is located in the Central Academic Building, Suite 210. You can also contact us via phone at (210) 784-1335, visit us at the [website](#) or email us at dss@tamusa.edu. All students are encouraged to discuss their academic accommodation with Disability Support Services and their instructors as soon as possible.

Academic Learning Center: All currently enrolled students at Texas A&M University-San Antonio can utilize the Academic Learning Center for subject-area tutoring. The Academic Learning Center provides free course-based tutoring to all currently enrolled students at Texas A&M University-San Antonio. Students wishing to work with a tutor can make appointments through the Brainfuse online tutoring platform. Brainfuse can be accessed in the *Tools* section of Blackboard. You can contact the Academic Learning Center by emailing tutoring@tamusa.edu, calling (210) 784-1307, or visiting the Central Academic Building, room 202. Online tutoring is also available for after hours and weekend assistance.

While tutoring hours may change based on tutor schedules and availability, the current tutoring hours for MATH in the ALC are as follows:

Appointments available MATH Walk in Tutoring – No appointment needed

	Appointments available	Walk in Tutoring – No appointment needed
MONDAY	8 am – 6 pm	9 am – 5 pm
TUESDAY	8 am – 6 pm	9 am – 5 pm
WEDNESDAY	8 am – 6 pm	9 am – 5 pm
THURSDAY	8 am – 6 pm	9 am – 5 pm
FRIDAY	8 am – 5 pm	11 am – 4 pm

Counseling/Mental Health Resources: As a college student, there may be times when personal stressors interfere with your academic performance and negatively impact your daily functioning. If you are experiencing emotional difficulties or mental health concerns, support is available to you through the Student Counseling Center (SCC). To schedule an appointment, visit our website, call 210-784-1331 or visit Madla 120 between the hours of 8:00 AM and 5:00 PM.

All mental health services provided by the SCC are free and confidential (as the law allows). The Student Counseling Center provides brief individual and group therapy, crisis intervention, consultation, case management, and prevention services. *Crisis support is available 24/7/365 by calling the SCC at 210-784-1331 or through the TELUS student support App.*

The TELUS Student Support App provides a variety of mental health resources to including 24/7/365 support for in the moment distress, crisis support, an anonymous peer-to-peer support network, mental health screenings, podcasts, and articles to improve your mental wellbeing.

Emergency Preparedness: JagE Alert is Texas A&M University-San Antonio's mass notification system. In the event of an emergency, such as inclement weather, students, staff and faculty, who are registered, will have the option to receive a text message, email with instructions and updates. To register or update your information visit: <https://tamusa.bbcportal.com/>. More information on emergency response may be found at: [Emergency Operations Plan](#) and the [Emergency Action Plan](#). Download the SafeZone App (<https://safezoneapp.com/>) for emergencies or call (210) 784-1911. Non-Emergency (210) 784-1900.

Financial Aid and Verification of Attendance: According to the following federal regulation, 34 CFR 668.21: U.S. Department of Education (DoE) Title IV regulation, a student can only receive Title IV funds based on Title IV eligibility criteria which include class attendance. If Title IV funds are disbursed to ineligible students (including students who fail to begin attendance), the institution must return these funds to the U.S. DoE within 30 days of becoming aware that the student will not or has not begun attendance. Faculty will provide the Office of Financial Aid with an electronic notification if a student has not attended by the published Census Date (the first week of class). Any student receiving federal financial aid who does not attend prior to the published Census Date (the first week of class) will have their aid terminated and returned to the DoE. Please note that any student who stops attending at any time during the semester may also need to return a portion of their federal aid.

Jaguar Writing, Language, and Digital Composing Center (WLDCC): The WLDCC provides support to graduate and undergraduate students in all three colleges as well as faculty and staff. Writing tutors work with students to develop reading skills, prepare oral presentations, and plan, draft, and revise their written assignments. Our language tutors support students enrolled in Spanish courses and students composing in Spanish for any assignment. Our digital studio tutors support students working on digital projects such as eportfolios, class presentations, or other digital multimedia projects. The WLDCC offers face-to-face, synchronous online, and asynchronous digital appointments. Students can schedule appointments with the WLDCC in JagWire under the Student Services tab. Click on "Writing, Language, and Digital Composing Center" to make your appointment. Students wanting to work in realtime with a tutor can schedule an "Online Appointment." Students wishing to receive asynchronous, written feedback from a tutor can schedule an "eTutoring" appointment. More information about what services we offer, how to make an appointment, and how to access your appointment can be found on our [website](#). The WLDCC can also be reached by emailing wldcc@tamusa.edu.

Meeting Basic Needs: Any student who has difficulty affording groceries or accessing sufficient food to eat every day or who lacks a safe and stable place to live, and believes this may affect their performance in the course, is urged to submit a [CARE report](#) for support. Furthermore, please notify the professor if you are comfortable in doing so. This will enable them to direct you to available resources. A food pantry is available on campus; click [here](#) for hours and contact information.

Military Affairs: Veterans and active-duty military personnel are welcomed and encouraged to visit the Office of Military Affairs for any question involving federal or state VA Education Benefits. Visit the Patriots' Casa building, room 202, or to contact the Office of Military Affairs with any questions at military.va@tamusa.edu or (210)784-1397.

Religious Observances: Texas A&M University-San Antonio recognizes the wide variety of faiths represented among the campus community and protects the rights of students, faculty, and staff to observe religious holidays according to their tradition. Under the policy, students are provided an opportunity to make up any examination, study, or course work requirements that may be missed due to a religious observance provided they notify their instructors before the end of the second week of classes for regular session classes.

The Six-Drop Rule: Students are subject to the requirements of Senate Bill (SB) 1231 passed by the Texas Legislature in 2007. SB 1231 limits students to a maximum of six (6) non-punitive course drops (i.e., courses a student chooses to drop) during their undergraduate careers. A non-punitive drop does not affect the student's

GPA. However, course drops that exceed the maximum allowed by SB 1231 will be treated as “F” grades and will impact the student’s GPA.

Statement of Harassment and Discrimination: Texas A&M University-San Antonio is committed to the fundamental principles of academic freedom, equal opportunity, and human dignity. To fulfill its multiple missions as an institution of higher learning, A&M-San Antonio encourages a climate that values and nurtures collegiality and the uniqueness of the individual on our campus and within our state, nation, and world. All decisions and actions involving students and employees are to be based on applicable law and individual merit. Texas A&M University-San Antonio, in accordance with applicable federal and state law, prohibits discrimination, including harassment, on the basis of race, color, sex, religion, national origin, age, disability, genetic information, veteran status, sexual orientation, or pregnancy/parenting status. Individuals who believe they have experienced harassment or discrimination prohibited by this statement are encouraged to contact the University’s Civil Rights Officer at 210-784-2061 or titleix@tamusa.edu.

Texas A&M University-San Antonio faculty are committed to providing a safe learning environment for all students and for the university as a whole. If you have experienced any form of sex discrimination or harassment, including sexual assault, sexual harassment, domestic or dating violence, or stalking based on sex, know that help and support are available. A&M-San Antonio’s Title IX Coordinator can support those impacted by such conduct in navigating campus life, accessing health and counseling services, providing academic and housing accommodations, and more. The university strongly encourages all students to report any such incidents to the Title IX Coordinator. Please be aware that all A&M-San Antonio employees (other than those designated as confidential resources such as counselors and trained victim advocates) are required to report information about such discrimination and harassment to the university. This means that if you tell a faculty member about a situation of sexual harassment, sexual violence, or other related sex-based misconduct, the faculty member must share that information with the university’s Title IX Coordinator (titleix@tamusa.edu, 210-784-2061, CAB 439K). If you wish to speak to a confidential employee who does not have this reporting requirement, you can contact the Student Counseling Center at (210) 784-1331 or visit them in Madla 120.

Pregnant/Parenting Students: Texas A&M-San Antonio does not require a pregnant or parenting student, solely because of that status or issues related to that status, to (1) take a leave of absence or withdraw from their degree or certificate program; (2) limit the student’s studies; (3) participate in an alternative program; (4) change the student’s major, degree, or certificate program; or (5) refrain from joining or cease participating in any course, activity, or program at the University. The university will provide such reasonable accommodations to pregnant students as would be provided to a student with a temporary medical condition that are related to the health and safety of the student and the student’s unborn child. These could include maintaining a safe distance from substances, areas, and activities known to be hazardous to pregnant individuals and their unborn child; excused absences because of illness or medical appointments; modified due dates for assignments; rescheduled tests/exams; taking a leave of absence; and being provided access to instructional materials and video recordings of lectures for excused absences, if these would be provided to any other student with an excused absence. Pregnant/parenting students are encouraged to contact the Title IX Coordinator with any questions or concerns related to their status (titleix@tamusa.edu; 210-784-2061; CAB 439K).

Texas A&M-San Antonio has also designated the Title IX Coordinator as the liaison officer for current or incoming students who are the parent or guardian of a child younger than 18 years of age. The Title IX Coordinator can provide students with information regarding support services and other resources.

Young Jaguars can support parenting students with daycare if students meet this criteria: (1) must be enrolled in classes at Texas A&M-San Antonio in the current semester, (2) must be Pell eligible or a single parent, (3) child(ren) must be aged 3 to 12-years-old, and (4) child(ren) must be enrolled in Pre-K-3 through 6th grade. Hours

of operation is Monday-Thursday 3:30pm-9:00pm. For more information, please contact Young Jaguars at youngjaguars@tamusa.edu or call (210) 784-2636.

Students' Rights and Responsibilities: The following statement of students' rights and responsibilities is intended to reflect the philosophical base upon which University Student Rules are built. This philosophy acknowledges the existence of both rights and responsibilities, which is inherent to an individual not only as a student at Texas A&M University-San Antonio but also as a citizen of this country.

Students' Rights

1. A student shall have the right to participate in a free exchange of ideas, and there shall be no University rule or administrative rule that in any way abridges the rights of freedom of speech, expression, petition and peaceful assembly as set forth in the U.S. Constitution.
2. Each student shall have the right to participate in all areas and activities of the University, free from any form of discrimination, including harassment, on the basis of race, color, national or ethnic origin, religion, sex, disability, age, and pregnancy/parenting or veteran status in accordance with applicable federal and state laws.
3. A student has the right to personal privacy except as otherwise provided by law, and this will be observed by students and University authorities alike.
4. Each student subject to disciplinary action arising from violations of university student rules shall be assured a fundamentally fair process.

Students' Responsibilities

1. A student has the responsibility to respect the rights and property of others, including other students, the faculty, and administration.
2. A student has the responsibility to be fully acquainted with the published University Student Rules found in the Student Handbook, [Student Code of Conduct](#), on our website, and University Catalog, and to comply with them, as well as with federal, state, and local laws.
3. A student has the responsibility to recognize that student actions reflect upon the individuals involved and upon the entire University community.
4. A student has the responsibility to recognize the University's obligation to provide a safe environment for learning.
5. A student has the responsibility to check their university email for any updates or official university notifications.

We expect that students will behave in a manner that is dignified, respectful, and courteous to all people, regardless of sex, ethnic/racial origin, religious background, or disability. Conduct that infringes on the rights of another individual will not be tolerated.

Students are expected to exhibit a high level of honesty and integrity in their pursuit of higher education. Students engaging in an act that violates the standards of academic integrity will find themselves facing academic and/or disciplinary sanctions. Academic misconduct is any act, or attempt, which gives an unfair advantage to the student. Additionally, any behavior specifically prohibited by a faculty member in the course syllabus or class discussion may be considered as academic misconduct. For more information on academic misconduct policies and procedures please review the [Student Code of Conduct](#) or visit the resources available in the [OSRR website](#)
