Course Description

This beginning-level Spanish Language Studies course is designed for students who grew up in an environment where Spanish was spoken frequently and are oftentimes capable of understanding spoken Spanish. This course will build upon students' prior knowledge and skills to expand their ability to communicate in a wide variety of contexts. This course is inclusive of second-language learners.

Course Objectives

This course employs a multifaceted approach that fosters the development of the four skills: listening, speaking, reading, and writing. By the end of the semester, students will be able to comprehend, speak, read, and write in Spanish, building on students' previous knowledge and contact with the language at home and in the community. In this class, students gain cultural competency and develop a critical understanding of their linguistic and cultural backgrounds. Some students have had very little exposure to the language and entered the class to develop beginning-level skills. The course is inclusive of bilingual and second-language learners of Spanish.

These goals are best achieved through the use of Spanish as the primary language of communication in the classroom, consistent attendance, daily pre-class preparation, and active in-class participation.

Student Learning Outcomes (on syllabi and for assessment)

- Interpersonal Communication: Students can engage in exchanges in culturally appropriate ways using understandable pronunciation on familiar topics using contextualized words, phrases, common idiomatic expressions, and simple sentences.
- Written expression: Students can write a short and short communication letter/poem/story/creative sketch/lyric in the target language that describes a past/present/future (fictional) event to the reader.
- Interpretive listening: Students can understand familiar questions and statements from simple sentences in conversations.

- Interpretive reading: Students can identify the topic and some isolated facts from simple sentences in informational and fictional texts.
- Critical cultural and language awareness: Students can recognize and describe issues relevant to Spanish-speaking communities within the context of the course.

Communicative Functions to Cover:

- Identify and recognize grammar structures of the language (reflexive verb constructions, present verbs, and impersonal and passive constructions with “se,” number and gender of nouns, simple past tense sentences and future tense)
- Describe attitudes toward language, the ideas behind them, and the history of the Spanish language
- Examine how language operates within societal systems and hierarchies.
- Differentiate language variation in the Spanish speaking world and specifically Spanish in the U.S.
- Recognize linguistic resources in their community and throughout the world.

Course Policies

1.Course Prerequisite

Spanish 1313 is a beginner course designed for students who have had no formal Spanish courses in the past and have placed into this course level via the Spanish placement exam. Students wishing to enroll in Spanish must take the A&M-SA Spanish Placement Exam (SASPE) for appropriate placement.

2. Attendance

Attendance and participation are mandatory. You must come to class every week and you must be ready to participate actively in class discussions as well as small group activities. Attendance is a component of your participation grade.

1. You are allowed to take two “grace” absences, which cannot be taken on a day when you are scheduled to make a presentation or a report. For each subsequent absence, **2% will be deducted from your final grade.**
2. Missed work can only be made up if you have valid documentation. Legitimate excused absences include the following: **verifiable confining illness, serious verifiable family emergencies, subpoenas, jury duty, and military service.** It is your responsibility to notify the instructor of any excused absences as far as possible. Work must be made up in a timely manner (e.g. before the next scheduled evaluation).
3. Documentation for excused absences must be presented as soon as possible. **No documentation will be accepted after the last day of regularly scheduled classes.**

NOTE ON ZOOM: This is an in-person class. On occasion, due to documented illness or other pressing circumstances, you may request permission from the instructor to join via Zoom. If the request is granted, you are expected to keep your camera on during class and to participate actively.

3. Class Participation

This course is conducted in Spanish. Students are expected to participate (group discussions and assignments) in Spanish. This is a class for you to feel confident producing the Spanish you may have heard before as you were growing up. Taking risks in Spanish is crucial for you to build up your oral skills. The use of Spanish is expected in every activity in the class with the instructor and classmates. You are expected to attend all classes, read the material before class, and participate actively in classroom activities. You will be expected to participate in class activities and discussions, to continue to improve your speaking fluency. A grading rubric for oral participation will be provided. Keep in mind that if you are absent, you will receive no participation points for that day.

4. Technology Use

In general, the use of laptops, tablets, and cell phones for personal purposes during class is not permitted. Exceptions may be made when these devices are required for course activities. This course uses online activities and relies on Blackboard for homework, exercises, and assessments. When devices are used in class, they should be used only for course-related work and not for personal activities.

No Use of Generative AI Permitted in SPAN 1313 001 202620

This assumes that all work submitted by students will be generated by the students themselves, working individually or in groups. Students should not have another person/entity do the writing of any portion of an assignment for them, which includes hiring a person or a company to write assignments and/or using artificial intelligence (AI) tools like ChatGPT. Use of any AI-generated content in this course qualifies as academic dishonesty and violates Texas A&M-San Antonio's standards of academic integrity.

5. Assignment Due Dates

Due dates are firm. Work is due at the beginning of each class period (unless specified otherwise) and late work will not be accepted. Coursework turned in late will receive zero points for the assignment. We will make exceptions for university-excused absences and unavoidable circumstances (e.g., deaths, personal/family illness and emergencies) with written verification. All assignments need to be uploaded onto Blackboard.

6. Make-up Exams and Presentations

If you are unable to attend class on the scheduled day of an exam or group presentation, you will receive a score of zero unless prior arrangements have been made. Make-up exams and presentations may be allowed for university-excused or unavoidable circumstances (such as illness, family emergencies, or other serious situations) and require written documentation.

Documentation should be submitted within 72 hours of your absence.

Whenever possible, please notify the instructor at least 24 hours in advance.

7. University Email Policy and Course Communications

All correspondence between professors and students must occur via university email accounts. You must have your Jaguar email account ready

and working. If it is not working, contact the help desk at helpdesk@tamusa.edu or at 210-784-HELP (4357). If you don't hear back within 48 hours, contact them again. They have many requests during the first part of the semester, so you may need to follow up with them.

If you send emails through Blackboard, do not expect a prompt response, as all communication will be conducted through TAMUSA email. You are also responsible for all information that is sent to your TEXAS A&M-SA email account regarding the course, and you should check this information regularly. To ensure effective communication, please use your Texas A&M email when contacting Dr. Rodriguez (yrodriguezs@tamusa.edu).

8. Blackboard

There is a Blackboard site for this course where readings will be posted, along with grades and other course information and assignments. It is your responsibility to check BLACKBOARD regularly for announcements and updates.

Make-up exams must be completed within two days of the original exam date.

Course Material, Academic Freedom, and Students' Rights

The materials and activities in this class were developed based on the instructor's subject-matter expertise and align with norms and best-practices in the discipline you are learning.

- As the Student Handbook states, “students will be free to take reasoned exception to the data or views in any course of study and to withhold judgment about matters of opinion, but they are responsible for learning the content of any course of study for which they are enrolled.”
- The instructor will respect the rights enumerated in the handbook, including “respect for personal feelings; freedom from indignity of any type, freedom from control by any person except as may be in accord with Texas A&M University-San Antonio, and conditions allowing them to make the best use of their time and talents toward the objectives which brought them to this University.” The instructor ask that you respect the rights of your classmates to learn and have a positive experience in this class.
- You are asked to respect the instructor's intellectual property and not share materials from the class with those outside of the university community and that you respect academic freedom, which presumes that “teachers are entitled to freedom in the classroom in discussing their subject.”
- Should you have concerns about any of the materials in this course, please contact your instructor to discuss their disciplinary relevance and to explore strategies for completing the work in a way that is both acceptable to you and aligned with course objectives. These conversations should take place before or after class so as not to disrupt the learning experience of others.

What is academic freedom?

Based on four, interrelated components:

- Teaching: freedom to discuss all relevant matters in the classroom;
- Research: freedom to explore all avenues of scholarship, research, and creative expression and to publish the results of such work;
- Intramural speech: freedom from institutional censorship or discipline when addressing matters of institutional policy or action; and
- Extramural speech: freedom from institutional censorship or discipline when speaking or writing as citizens.

Not equivalent to freedom of speech, as it is based in an academic's subject-matter expertise.

A non-punitive drop does not affect the student's GPA. However, course drops that exceed the maximum allowed by SB 1231 will be treated as "F" grades and will impact the student's GPA.

Statement of Harassment and Discrimination

Texas A&M University-San Antonio is committed to the fundamental principles of academic freedom, equal opportunity, and human dignity. To fulfill its multiple missions as an institution of higher learning, A&M-San Antonio encourages a climate that values and nurtures collegiality and the uniqueness of the individual on our campus and within our state, nation, and world. All decisions and actions involving students and employees are to be based on applicable law and individual merit. Texas A&M University-San Antonio, in accordance with applicable federal and state law, prohibits discrimination, including harassment, on the basis of race, color, sex, religion, national origin, age, disability, genetic information, veteran status, sexual orientation, or pregnancy/parenting status. Individuals who believe they have experienced harassment or discrimination prohibited by this statement are encouraged to contact the University's Civil Rights Officer at 210-784-2061 or titleix@tamusa.edu.

Texas A&M University-San Antonio faculty are committed to providing a safe learning environment for all students and for the university as a whole. If you have experienced any form of sex discrimination or harassment, including sexual assault, sexual harassment, domestic or dating violence, or stalking based on sex, know that help and support are available. A&M-San Antonio's Title IX Coordinator can support those impacted by such conduct in navigating campus life, accessing health and counseling services, providing academic and housing accommodations, and more. The university strongly encourages all students to report any such incidents to the Title IX Coordinator. Please be aware that all A&M-San Antonio employees (other than those designated as confidential resources such as counselors and trained victim advocates) are required to report information about such discrimination and harassment to the university. This means that if you tell a faculty member about a situation of sexual harassment, sexual violence, or other related sex-based misconduct, the faculty member must share that information with the university's Title IX Coordinator (titleix@tamusa.edu, 210-784-2061, CAB 439K). If you wish to speak to a confidential employee who does not have this reporting requirement, you can contact the Student Counseling Center at (210) 784-1331 or visit them in Madla 120.

Pregnant/Parenting Students

Texas A&M-San Antonio does not require a pregnant or parenting student, solely because of that status or issues related to that status, to (1) take a leave of absence or withdraw from their degree or certificate program; (2) limit the student's studies; (3) participate in an alternative program; (4) change the student's major, degree, or certificate program; or (5) refrain from joining or cease participating in any course, activity, or program at the University. The university will provide such reasonable accommodations to pregnant students as would be provided to a student

with a temporary medical condition that are related to the health and safety of the student and the student's unborn child. These could include maintaining a safe distance from substances, areas, and activities known to be hazardous to pregnant individuals and their unborn child; excused absences because of illness or medical appointments; modified due dates for assignments; rescheduled tests/exams; taking a leave of absence; and being provided access to instructional materials and video recordings of lectures for excused absences, if these would be provided to any other student with an excused absence. Pregnant/parenting students are encouraged to contact the Title IX Coordinator with any questions or concerns related to their status (titleix@tamusa.edu; 210-784-2061; CAB 439K).

Texas A&M-San Antonio has also designated the Title IX Coordinator as the liaison officer for current or incoming students who are the parent or guardian of a child younger than 18 years of age. The Title IX Coordinator can provide students with information regarding support services and other resources.

Students' Rights and Responsibilities

The following statement of students' rights and responsibilities is intended to reflect the philosophical base upon which University Student Rules are built. This philosophy acknowledges the existence of both rights and responsibilities, which is inherent to an individual not only as a student at Texas A&M University-San Antonio but also as a citizen of this country.

Students' Rights

1. A student shall have the right to participate in a free exchange of ideas, and there shall be no University rule or administrative rule that in any way abridges the rights of freedom of speech, expression, petition and peaceful assembly as set forth in the U.S. Constitution.
2. Each student shall have the right to participate in all areas and activities of the University, free from any form of discrimination, including harassment, on the basis of race, color, national or ethnic origin, religion, sex, disability, age, and pregnancy/parenting or veteran status in accordance with applicable federal and state laws.
3. A student has the right to personal privacy except as otherwise provided by law, and this will be observed by students and University authorities alike.
4. Each student subject to disciplinary action arising from violations of university student rules shall be assured a fundamentally fair process.

Students' Responsibilities

1. A student has the responsibility to respect the rights and property of others, including other students, the faculty, and administration.
2. A student has the responsibility to be fully acquainted with the published University Student Rules found in the Student Handbook, [Student Code of Conduct](#), on our website, and University Catalog, and to comply with them, as well as with federal, state, and local laws.
3. A student has the responsibility to recognize that student actions reflect upon the individuals involved and upon the entire University community.
4. A student has the responsibility to recognize the University's obligation to provide a safe environment for learning.
5. A student has the responsibility to check their university email for any updates or official university notifications.

We expect that students will behave in a manner that is dignified, respectful, and courteous to all people, regardless of sex, ethnic/racial origin, religious background, or disability. Conduct that infringes on the rights of another individual will not be tolerated.

Students are expected to exhibit a high level of honesty and integrity in their pursuit of higher education. Students engaging in an act that violates the standards of academic integrity will find themselves facing academic and/or disciplinary sanctions. Academic misconduct is any act, or attempt, which gives an unfair advantage to the student. Additionally, any behavior specifically prohibited by a faculty member in the course syllabus or class discussion may be considered as academic misconduct. For more information on academic misconduct policies and procedures please review the [Student Code of Conduct](#) or visit the resources available in the [OSRR website](#)
