A. COURSE DESCRIPTION AND OBJECTIVES

1. Overview

Course description

This is a beginning-level Spanish is designed for students who grew up in an environment where Spanish was spoken frequently and are oftentimes capable of understanding spoken Spanish, so this course will build upon students' prior knowledge and skills to expand their ability to communicate in a wide variety of contexts. Some students have had very little exposure to the language and enter the class to develop beginning-level skills. This course employs a multifaceted approach that foments the development of the four skills of listening, speaking, reading, and writing. The course is inclusive of bilingual and second language learners of Spanish. By the semester's end, students will be able to comprehend, speak, read, and write the language, building on student's previous knowledge and contact at home and in the community. In this class, students gain cultural competency and develop a critical understanding of their linguistic and cultural background. These goals are best achieved through using Spanish as the primary language of communication in the classroom, consistent attendance, daily pre-class preparation, and active in-class participation.

Student Learning Outcomes (on syllabi and for assessment)

1. Interpersonal Communication: Students can engage in exchanges in culturally appropriate ways using understandable pronunciation on familiar topics using contextualized words, phrases, common idiomatic expressions, and simple sentences.
2. Written expression: Students can write an essay/poem/story/creative sketch/lyric in the target language that describes a past/present/future (fictional) event to the reader.
3. Interpretive listening: Students can understand familiar questions and statements from simple sentences in conversations.
4. Interpretive reading: Students can identify the topic and some isolated facts from simple sentences in informational and fictional texts.
5. Critical cultural and language awareness: Students can recognize and explain some of the issues facing bilingual communities in accordance to the instructor's expertise and articulation with subsequent courses.

Communicative Functions to cover

- 1) Use spoken Spanish to describe campus, regional and home environments.
- 2) Expand on everyday vocabulary to write about family history, personal linguistic biography, and local Latine festivals and events.
- 3) Identify and recognize grammar structures of the language (reflexive verb constructions, present verbs, and impersonal and passive constructions with "se," number and gender of nouns)
- 4) Differentiate language variation in the Spanish speaking world and *specifically* Spanish in the U.S.
- 5) Recognize linguistic resources in their community and throughout the world.

The term “academic misconduct” includes all forms of student academic misconduct wherever committed; illustrated by, but not limited to, cases of plagiarism and dishonest practices in connection with examinations. Instructors shall report all instances of alleged academic misconduct. For additional information, see the Code of Student Conduct

We encourage students to visit the Writing, Language, and Digital Literacy Center for writing and language support and to use resources such as <https://www.wordreference.com/> for sentence level and grammatical checks on essays and projects. However, these resources must not be used on exams or quizzes unless it is explicitly permitted by the instructor. If you are unsure about using a resource, please ask your instructor. You will **receive a zero** on the assignment turned in using any of the resources listed above (or similar ones) the first time. You cannot email assignments to the instructor. You should turn in written assignments in a Word document or PDF format. Students are expected to complete written assignments to the best of their ability in Spanish without translating directly from English (with the use of online translators). Please contact your instructor if you have any concerns regarding this matter.

Homework

A homework packet will be assigned weekly and will be due on Sundays before 11:59 PM. Your instructor will post the homework packet along with instructions and due dates on BLACKBOARD. No late homework will be accepted. You will turn in the homework packets as Word or PDF files on each designated assignment on BLACKBOARD. Any other document format will not be accepted.

Weekly Projects

Through your projects you will improve your writing and speaking skills, you will create videos and prepare in class presentations.

Oral Presentations

You will have two short oral presentations, one about your Personal Mural Project and other about your family map. Your instructor will provide detailed instructions for each throughout the semester. You will have in-class preparation and support for each.

Digital Story-Telling Project and Final Presentation

For this capstone project, you will audio-record two Spanish speaking persons (preferably your grandparents or

someone in your grandparents' generation) and create a digital story (in PowerPoint, iMovie or movie maker) containing their testimony regarding an important issue. Your instructor will provide detailed information, a list of topics to choose from, a due date and rubric regarding this project. You will include your own introduction and a final reflection as part of your digital story.

Interviews

One informal oral interview will be conducted during the semester outside of class time. Students will be required to meet with the instructor one-on-one to converse briefly about their background and experience with Spanish. This meeting is a graded assignment and cannot be made up. Your instructor will give further details during the first week of class.

Midterm exams

There will be 2 exams and a final exam (3 total). The final exam will be accumulative. Make-up exams cannot be administered without a documented excuse and without authorization from the HL program leader. Students should contact the instructor before the date of the exam in the case of a time conflict. If an emergency happens the day of the exam, you need to contact the instructor or, if unavailable, the department immediately to make the necessary arrangements before the next class period. Make-up exams cannot be administered after two days of their initial scheduled date.

Participation

You are expected to have read the materials before coming to class and actively participate in class discussions and activities. You will be evaluated daily. *(Please note: This is not merely an attendance grade, but rather a global assessment of the quality of your participation in class activities. You are expected to contribute to all group activities and class discussions.)*

4. Tutoring and Additional Support

Your instructor will upload your weekly study guides, readings and other supplemental materials via BLACKBOARD modules. Additionally, your instructor will provide study guide packets pertaining to the grammar material studied in class (by the end of the week each week) through BLACKBOARD. You are always encouraged to take notes and meet with your classmates outside of class to study. If you have questions or need additional support outside of class, your instructor will hold office hours every week. If you are unable to attend office hours, please email your instructor as soon as possible to schedule an appointment. You may also visit the tutoring room in **Classroom Hall 304**, please check online schedule.
