Course Description (from the A&M-SA Course Catalog)

This course is designed to assist first-year students in adjusting to university expectations through enhancing quantitative reasoning skills and acquiring essential skills for academic success.

Course Overview

This course is designed to assist first-year students in adjusting to university expectations, acquiring essential academic success skills, and exploring different career paths. The course focuses on accessing university resources, and developing self-awareness, agency, and personal responsibility. Students will also become active members of the campus community.

Course Promises (Course Learning Outcomes)

This course makes a set of promises to you (assuming you fulfill the expectations below). By the end of the semester, you should be able to:

1. Exhibit growth in self-awareness, agency, and personal responsibility
2. Adapt and apply appropriate academic strategies to courses and learning experiences
3. Identify and apply strategies to effectively manage time and priorities
4. Identify relevant academic policies, processes, and resources relevant to your academic success
5. Develop goal-setting strategies to enhance academic and career readiness.

Course Expectations

This course will only fulfill these promises if you promise the following in return:

Attend classes

This course will rely largely on class content and discussion. For this format to succeed, you must be present and on time.

Attendance and participation are worth 100 points of your final grade. You will earn points throughout the semester by **attending class, arriving on time, participating in discussions and activities, and engaging with course content.**

Attendance points cannot be made up for unexcused absences. Because much of the learning in this course occurs through in-class interaction, students who are absent will also miss opportunities to complete participation activities and earn associated points.

Students arriving 15 or more minutes late will be marked absent for the class session and will not earn attendance points for that day. Excessive tardiness (3+) may result in additional reductions to participation points.

Excused Absences: Students are expected to attend all class sessions. An absence may be considered excused for the following reasons:

- University-sponsored activities that require the student's participation
- Religious days as recognized by university policy
- Military service obligations
- Serious illness, medical emergencies, or hospitalization of the student
- Death or serious illness of an immediate family member
- Other circumstances required by university policy or approved by the instructor
- Whenever possible, students should notify the instructor in advance of an anticipated absence. Documentation may be requested for excused absences.
- Excused absences do not result in disciplinary action; however, attendance and participation points associated with missed class sessions generally cannot be earned without completing an alternative assignment. The alternative assignment is at the discretion of the FYS faculty member.
- **While students may encounter circumstances that require them to miss class, accumulating more than four absences for any reason may result in removal from the course.**

Be attentive and participate in class

I expect all students to actively participate during class both verbally and nonverbally. Participation does not simply mean speaking, although that is essential. I realize there are a variety of ways students can participate (e.g., following discussions with your eyes and ears, asking questions, sharing, reading, writing, individual reflection, presenting, collaboration). I hope that you will strive to stretch yourselves beyond your preferred ways of learning and your comfort zone. I encourage you to contribute thoughtful comments and questions, as well as to listen carefully to your peers' contributions and respectfully respond to others' comments. The success of our mutual learning from each other depends upon preparation and active participation in all aspects of the course.

Complete required assignments in a timely manner

Assignments provide you with both informal and formal opportunities to articulate your responses to the issues and topics we will discuss. You will get the most out of the course if you turn in your work on time. Extensions require at least a full day's advance notice prior to due dates and approval from me. It is vital that you follow basic grammar rules in order to get full credit for assignments. No matter how short or long the response, make sure you check for grammar and standards of academic writing. All responses are a reflection of you and are intended to prepare you for academic and professional writing.

Late Work Policy: With the exception of the final project, you can request an extension on all assignments. I will give you 3 extra days to complete assignments that you request an extension. **Assignments are closed on Blackboard after the extension deadline and will no longer be accepted at that point in time.** Students are encouraged to communicate with me as early as possible regarding any challenges that may affect their ability to meet course deadlines.

Assignments and Evaluations

To be successful in this course you are expected to complete all assignments on time. Assignments must be submitted to the correct location to be considered on time. Assignments will be graded based on quantity and quality with rubrics for each assignment provided in Blackboard.

The majority of assignments will be completed during class (and submitted on BB). If you miss an in-class assignment, meet with your Instructor, Peer Leader, or a classmate to catch up on any work you may have missed.

Individuals who believe they have experienced harassment or discrimination prohibited by this statement are encouraged to contact the University’s Civil Rights Officer at 210-784-2061 or titleix@tamusa.edu.

Texas A&M University-San Antonio faculty are committed to providing a safe learning environment for all students and for the university as a whole. If you have experienced any form of sex discrimination or harassment, including sexual assault, sexual harassment, domestic or dating violence, or stalking based on sex, know that help and support are available. A&M-San Antonio's Title IX Coordinator can support those impacted by such conduct in navigating campus life, accessing health and counseling services, providing academic and housing accommodations, and more. The university strongly encourages all students to report any such incidents to the Title IX Coordinator. Please be aware that all A&M-San Antonio employees (other than those designated as confidential resources such as counselors and trained victim advocates) are required to report information about such discrimination and harassment to the university. This means that if you tell a faculty member about a situation of sexual harassment, sexual violence, or other related sex-based misconduct, the faculty member must share that information with the university's Title IX Coordinator (titleix@tamusa.edu, 210-784-2061, CAB 439K). If you wish to speak to a confidential employee who does not have this reporting requirement, you can contact the Student Counseling Center at (210) 784-1331 or visit them in Madla 120.

Pregnant/Parenting Students: Texas A&M-San Antonio does not require a pregnant or parenting student, solely because of that status or issues related to that status, to (1) take a leave of absence or withdraw from their degree or certificate program; (2) limit the student's studies; (3) participate in an alternative program; (4) change the student's major, degree, or certificate program; or (5) refrain from joining or cease participating in any course, activity, or program at the University. The university will provide such reasonable accommodations to pregnant students as would be provided to a student with a temporary medical condition that are related to the health and safety of the student and the student's unborn child. These could include maintaining a safe distance from substances, areas, and activities known to be hazardous to pregnant individuals and their unborn child; excused absences because of illness or medical appointments; modified due dates for assignments; rescheduled tests/exams; taking a leave of absence; and being provided access to instructional materials and video recordings of lectures for excused absences, if these would be provided to any other student with an excused absence. Pregnant/parenting students are encouraged to contact the Title IX Coordinator with any questions or concerns related to their status (titleix@tamusa.edu; 210-784-2061; CAB 439K).

Texas A&M-San Antonio has also designated the Title IX Coordinator as the liaison officer for current or incoming students who are the parent or guardian of a child younger than 18 years of age. The Title IX Coordinator can provide students with information regarding support services and other resources.

Students' Rights and Responsibilities: The following statement of students' rights and responsibilities is intended to reflect the philosophical base upon which University Student Rules are built. This philosophy acknowledges the existence of both rights and responsibilities, which is inherent to an individual not only as a student at Texas A&M University-San Antonio but also as a citizen of this country.

Students' Rights

1. A student shall have the right to participate in a free exchange of ideas, and there shall be no University rule or administrative rule that in any way abridges the rights of freedom of speech, expression, petition and peaceful assembly as set forth in the U.S. Constitution.
2. Each student shall have the right to participate in all areas and activities of the University, free from any form of discrimination, including harassment, on the basis of race, color, national or ethnic origin, religion, sex, disability, age, and pregnancy/parenting or veteran status in accordance with applicable federal and state laws.
3. A student has the right to personal privacy except as otherwise provided by law, and this will be observed by students and University authorities alike.
4. Each student subject to disciplinary action arising from violations of university student rules shall be assured a fundamentally fair process.

Students' Responsibilities

1. A student has the responsibility to respect the rights and property of others, including other students, the faculty, and administration.
2. A student has the responsibility to be fully acquainted with the published University Student Rules found in the Student Handbook, [Student Code of Conduct](#), on our website, and University Catalog, and to comply with them, as well as with federal, state, and local laws.
3. A student has the responsibility to recognize that student actions reflect upon the individuals involved and upon the entire University community.
4. A student has the responsibility to recognize the University's obligation to provide a safe environment for learning.
5. A student has the responsibility to check their university email for any updates or official university notifications.

We expect that students will behave in a manner that is dignified, respectful, and courteous to all people, regardless of sex, ethnic/racial origin, religious background, or disability. Conduct that infringes on the rights of another individual will not be tolerated.

Students are expected to exhibit a high level of honesty and integrity in their pursuit of higher education. Students engaging in an act that violates the standards of academic integrity will find themselves facing academic and/or disciplinary sanctions. Academic misconduct is any act, or attempt, which gives an unfair advantage to the student. Guidelines for Use of AI

UNIV 1301.014 assumes that all work submitted by students will be generated by the students themselves, working individually or in groups. Students should not have another person/entity do the writing of any portion of an assignment for them, which includes hiring a person or a company to write assignments and/or using artificial intelligence (AI) tools like ChatGPT. Use of any AI-generated content in this course qualifies as academic dishonesty and violates Texas A&M-San Antonio’s standards of academic integrity.

This syllabus was created to give students guidance on what may be covered during the semester and will be followed as closely as possible. Please note the instructor for this course reserves the right to make changes to this syllabus at any point during the semester.
