

Texas A&M University-San Antonio
Department of Computational, Engineering and Mathematical Sciences
Math 2313: Calculus I, Section 002
Spring 2024

Instructor: Dr. Jingbo Liu

Class Meetings: MWF 1:00pm-1:50pm

Classroom: STEM 231

E-mail: jliu@tamusa.edu

Office Hours: MW: 2:30pm-4:30pm or by appointment.

**Please make an appointment with me through emails if you want to meet online,
so that I can set up an online session on Blackboard in advance.**

Credit Hours: 3

Office Phone: (210) 784-2812

Office: Hall 314T

Math 2113: Calculus I Lab

Instructor: Dr. Jingbo Liu

Class Meeting: W 12:00pm-12:50pm

Classroom: STEM 231

Office Phone: (210) 784-2812

Office: Hall 314T

E-mail: jliu@tamusa.edu

Course Description and Materials

Catalog Description: The course encompasses the study of limits, continuity, and derivatives of algebraic, trigonometric and transcendental functions and related applications to include maximizing or minimizing a function and rate of change problems. The course also introduces the definite integral, the Fundamental Theorem of Calculus and application to calculation of areas. Curve sketching and graphing tools will be utilized in exploring these concepts.

Math 2113 and Math 2313 help students develop Critical Thinking, Communication, and Empirical and Quantitative Skills by focusing on student understanding of the calculus concepts to include recognizing, identifying, solving, analyzing, and explaining appropriately model applicable real-world situations.

Prerequisite: Math 2312 Pre-Calculus with a grade of "C" or higher, or equivalent.

Recommended Textbook: Essential Calculus, Early Transcendentals by James Stewart (2nd edition) with WebAssign. Cengage Publishing with ISBN-13: 978-1-133-11228-0.

Instructions for registration: <https://startstrong.cengage.com/webassign-blackboard-ia-yes/>.

Student Learner Objectives: Upon completion of this course, students will be able to:

- Develop solutions for tangent and area problems using the concepts of limits, derivatives, and integrals.
- Interpret and draw graphs of algebraic and transcendental functions considering limits, continuity, and differentiability at a point.
- Determine and explain whether a function is continuous and/or differentiable at a point using limits.
- Apply differentiation rules to differentiate algebraic and transcendental functions.
- Identify and apply appropriate calculus concepts and techniques to provide mathematical models of real-world situations, and to determine and explain solutions to applied problems.
- Evaluate definite integrals using the Fundamental Theorem of Calculus.
- Recognize and articulate the relationship between derivatives and integrals using the Fundamental Theorem of Calculus.

List of Topics: Topics to be covered include but are not limited to the following:

1. Limits of Functions (Sections 1.1-1.3)
2. Calculating Limits, and the Concept of Continuity (Sections 1.4-1.5)
3. Limits Involving Infinity (Section 1.6)
4. Derivatives, Rates of Change, and Derivatives as Functions (Sections 2.1-2.2)
5. Common Differentiation Rules (Sections 2.3-2.5)
6. Implicit Differentiation (Section 2.6)
7. Related Rates, Linear Approximations, and the Concept of Differentials (Sections 2.7-2.8)
8. Derivatives of Logarithmic and Exponential Functions with Applications (Sections 3.1-3.4)
9. Derivatives of Inverse Trigonometric Functions (Section 3.5)
10. Hyperbolic Functions and Their Derivatives (Section 3.6)
11. Indeterminate Forms and L'Hospital's Rule (Section 3.7)
12. Maximum and Minimum Values, and the Mean Value Theorem (Sections 4.1-4.2)
13. Derivatives and Shapes of Graphs, and Curve Sketching (Sections 4.3-4.4)
14. Optimization Problems and Newton's Method (Sections 4.5-4.6)
- 15*. Antiderivatives and Evaluating Definite Integrals (Section 4.7 and Sections 5.1-5.3)
- 16*. The Fundamental Theorem of Calculus, and the Substitution Technique (Sections 5.4-5.5)

* Those are optional topics.

NOTE: This class meets four times each week. Aside from the four hours that you spend in class each week, you should devote at least another 4~6 hours to studying on your own: reading the book and my lecture notes, working out the exercises and your homework assignments, and solving extra problems for practice etc. You are responsible for all materials/topics discussed in this class.

Active Learning and Inquiry Based Learning: This course implements active learning and inquiry-based learning approaches throughout, and the students are strongly encouraged to preview the teaching materials and be aware of many class participation and self/group study activities.

Course Expectations and Requirements

Class Attendance: You are expected to attend classes as scheduled and be prepared to participate in discussions, in-class exercises, and problem presentations. Attendance is taken in each class. You are strongly encouraged to attend all classes. In addition, if an unavoidable situation prevents you from being on time or if you must leave early, **please minimize class interruption.**

Quizzes: There will be a 15~20-minute in-class quiz emphasizing the most recently covered topics roughly every two weeks, and there will be around 6 in total where only the best 5 of them will be counted as portion for your final grades.

Examinations: There will be two midterm tests during the semester held in regular class: one in Feb and one in Apr, and there will be one comprehensive final exam in the end.

You will take all examinations at regularly scheduled times. Exceptions for a legitimate reason may be granted by and must be approved by me. You will need to notify (or under certain special circumstances have someone else to notify) me formally that you will miss, or have missed an exam and provide a reason, with the accompanying documents supporting that, for your absence within 24-hrs of the scheduled exam date. I can be notified by e-mail, or in person with a written notice. Contact me beforehand to make necessary arrangement if you know in advance that you will be unable to take an exam at the regular class time. Students who fail to follow the prescribed procedure will receive a **GRADE OF ZERO** on the missed exam.

Dates of Midterm Tests: The exact dates will be announced at least a week ahead of time when the time comes both on Blackboard and via email. They can be either in-class 50-minutes exams, taken home projects, and/or hybrid.

Test 1 covers Chapters 1~2(only selected important topics).

Test 2 covers Chapters 3~4 (only selected important topics).

Final exam is comprehensive (only selected important topics).

NOTE: Graphic calculators, cell phones, laptops, i-pads, kindles, and any other electronic/mobile devices are absolutely **NOT** allowed in quizzes and tests. Once found, your quizzes/tests would receive **ZERO CREDIT**. If this happens in a recursive manner, I will report this to the university as an academic dishonesty issue.

Assignments: All homework assignments will be completed online in WebAssign. Read the announcements on Blackboard for all instructions and all due dates are listed in WebAssign. If you cannot finish all the questions, then please try your best to finish as many problems as possible. Do not wait until the last day to start your homework assignments. Work on the problems daily. The homework assignments may be attempted multiple times to increase your homework grade.

Late Assignments: Each assignment worth 100 points, and late assignment will be reduced by 10 points for every day they are late; that is, if it is one day late, you cannot receive a grade higher than 90; if it is two days late, you cannot receive a grade higher than 80, and so on.

Electronic Devices: Cell phones, laptops, i-pads, kindles, and any other electronic devices must be turned off and put away during class. Anyone who is observed text messaging or using an electronic device during class will be given a warning, and as a further action that person will be asked to drop this class.

Grading Policy

Assignments: 10% Participation: 5% Quizzes: 20% Tests: 20% each Final Exam: 25%

A = 90-100% B = 80-89.9% C = 70-79.9% D = 60-69.9% F = 0-59.9%

Final Grade = $10\% \times \text{average of HWs} + 5\% \times \text{Participation} + 20\% \times \text{average of Quizzes} + 20\% \times \text{Test 1} + 20\% \times \text{Test 2} + 25\% \times \text{Final Exam}$

NOTE: *The final grade is a **weighted** average. Please do **NOT** simply take the average of all the grades posted on Blackboard as your final grade.

*The lowest quiz grade will be dropped at the end of the semester.

*The final examination is a comprehensive exam and is required of all students. The final exam may also replace a low or missing test grade.

*The grading policy may be amended during the semester at my discretion.

AI policy

All work submitted by you must be generated by yourself, working individually or in groups. You should not have another person/entity do the writing of any portion of an assignment for you, which includes hiring a person or a company to write assignments and/or using artificial intelligence (AI) tools like ChatGPT. Use of any AI-generated content in this course qualifies as academic dishonesty and violates A&M-SA's standards of academic integrity.

IMPORTANT POLICIES AND RESOURCES

Academic Accommodations for Persons with Disabilities: Texas A&M University-San Antonio is committed to providing all students with reasonable access to learning opportunities and accommodations in accordance with The Americans with Disabilities Act, as amended, and Section 504 of the Rehabilitation Act. If you experience barriers to your education due to a disability or think you may have a disability, please contact Disability Support Services in the Central Academic Building, Suite 210, or at (210) 784-1335 or visit <https://www.tamusa.edu/index.html> or email us at dss@tamusa.edu. Disabilities may include, but are not limited to, attentional, learning, mental health, sensory, physical, or chronic health conditions. All students are encouraged to discuss their disability-related needs with Disability Support Services and their instructors as soon as possible.

Academic Learning Center: The Academic Learning Center provides free course-based tutoring to all currently enrolled students at Texas A&M University-San Antonio. Students wishing to work with a tutor can make appointments through the Brainfuse online tutoring platform. Brainfuse can be accessed in the *Tools* section of Blackboard. You can contact the Academic Learning Center by emailing tutoring@tamusa.edu, calling (210) 784-1307, or visiting the Central Academic Building, room 202.

Counseling/Mental Health Resources: As a college student, there may be times when personal stressors interfere with your academic performance and/or negatively impact your daily functioning. If you are experiencing emotional difficulties or mental health concerns, support is available to you through the Student Counseling Center (SCC). To schedule an appointment call 210-784-1331 or visit Madla 120.

All mental health services provided by the SCC are free and confidential (as the law allows). The Student Counseling Center provides brief individual and group therapy, crisis intervention, consultation, case management, and prevention services.

Crisis support is available 24/7 by calling the SCC at 210-784-1331 (after-hours select option '2'). For more information and self-help resources, please visit www.tamusa.edu/studentcounseling.

Emergency Preparedness: JagE Alert is Texas A&M University-San Antonio's mass notification. In the event of an emergency, such as inclement weather, students, staff and faculty, who are registered, will have the option to receive a text message, email with instructions and updates. To register or update your information visit: <https://tamusa.bbcportal.com/>.

More information about Emergency Operations Plan and the Emergency Action Plan can be found here: <https://www.tamusa.edu/about-us/campus-information/safety/university-police-department/documents/emergency-operations-plan.pdf> and <https://www.tamusa.edu/about-us/campus-information/safety/university-police-department/documents/emergency-action-plan.pdf>

Download the SafeZone App for emergencies or call (210) 784-1911. Non-Emergency (210) 784-1900

Financial Aid and Verification of Attendance: According to the following federal regulation, 34 CFR 668.21: U.S. Department of Education (DoE) Title IV regulation, a student can only receive Title IV funds based on Title IV

eligibility criteria which include class attendance. If Title IV funds are disbursed to ineligible students (including students who fail to begin attendance), the institution must return these funds to the U.S. DoE within 30 days of becoming aware that the student will not or has not begun attendance. Faculty will provide the Office of Financial Aid with an electronic notification if a student has not attended the first week of class. Any student receiving federal financial aid who does not attend the first week of class will have their aid terminated and returned to the DoE. Please note that any student who stops attending at any time during the semester may also need to return a portion of their federal aid.

Writing, Language, and Digital Composing Center: The Writing, Language, and Digital Composing Center supports graduate and undergraduate students in all three colleges as well as faculty and staff. Tutors work with students to develop reading skills, prepare oral presentations, and plan, draft, and revise their written assignments. Our language tutors support students enrolled in Spanish courses and students composing in Spanish for any assignment. Our digital studio tutors support students working on digital projects such as eportfolios, class presentations, or other digital multimedia projects. Students can schedule appointments through JagWire under the Student Services tab. Click on “Writing, Language, and Digital Composing Center” to make your appointment. The Center offers face-to-face, synchronous online, and asynchronous digital appointments. More information about what services we offer, how to make an appointment, and how to access your appointment can be found on our website at <https://bit.ly/WLDCCenter>.

Meeting Basic Needs: Any student who has difficulty affording groceries or accessing sufficient food to eat every day, or who lacks a safe and stable place to live, and believes this may affect their performance in the course, is urged to contact the Dean of Students (DOS@tamusa.edu) for support. Furthermore, please notify the professor if you are comfortable in doing so. This will enable them to provide any resources they may possess.

Military Affairs: Veterans and active-duty military personnel are welcomed and encouraged to communicate, in advance if possible, and special circumstances (e.g., upcoming deployment, drill requirements, disability accommodations). You are also encouraged to visit the Patriots’ Casa in-person room 202, or to contact the Office of Military Affairs with any questions at military.va@tamusa.edu or (210)784-1397.

Religious Observances: Texas A&M University-San Antonio recognizes the diversity of faiths represented among the campus community and protects the rights of students, faculty, and staff to observe religious holidays according to their tradition. Under the policy, students are provided an opportunity to make up any examination, study, or work requirements that may be missed due to a religious observance provided they notify their instructors before the end of the second week of classes for regular session classes.

The Six-Drop Rule: Students are subject to the requirements of Senate Bill (SB) 1231 passed by the Texas Legislature in 2007. SB 1231 limits students to a maximum of six (6) non-punitive course drops (i.e., courses a student chooses to drop) during their undergraduate careers. A non-punitive drop does not affect the student’s GPA. However, course drops that exceed the maximum allowed by SB 1231 will be treated as “F” grades and will impact the student’s GPA.

Statement of Harassment and Discrimination: Texas A&M University-San Antonio is committed to the fundamental principles of academic freedom, equality of opportunity and human dignity. To fulfill its multiple missions as an institution of higher learning, A&M-San Antonio encourages a climate that values and nurtures

collegiality and the uniqueness of the individual within our state, nation, and world. All decisions and actions involving students and employees should be based on applicable law and individual merit. Texas A&M University-San Antonio, in accordance with applicable federal and state law, prohibits discrimination, including harassment, on the basis of race, color, sex, religion, national origin, age, disability, genetic information, veteran status, sexual orientation, gender identity, gender expression, or pregnancy/parenting status. Individuals who believe they have experienced harassment or discrimination prohibited by this statement are encouraged to contact the appropriate offices within their respective units.

Texas A&M University-San Antonio faculty are committed to providing a safe learning environment for all students and for the university as a whole. If you have experienced any form of sex- or gender-based discrimination or harassment, including sexual assault, sexual harassment, domestic or dating violence, or stalking, know that help and support are available. A&M-San Antonio's Title IX Coordinator can support those impacted by such conduct in navigating campus life, accessing health and counseling services, providing academic and housing accommodations, and more. The university strongly encourages all students to report any such incidents to the Title IX Coordinator. Please be aware that all A&M-San Antonio employees (other than those designated as confidential resources such as counselors and trained victim advocates) are required to report information about such discrimination and harassment to the university. This means that if you tell a faculty member about a situation of sexual harassment or sexual violence, or other related misconduct, the faculty member must share that information with the university's Title IX Coordinator (titleix@tamusa.edu, 210-784-2061, CAB 439K). If you wish to speak to a confidential employee who does not have this reporting requirement, you can contact the Student Counseling Center at (210) 784-1331 or visit them in Madla 120.

Pregnant/Parenting Students: Texas A&M-San Antonio does not require a pregnant or parenting student, solely because of that status or issues related to that status, to (1) take a leave of absence or withdraw from their degree or certificate program; (2) limit the student's studies; (3) participate in an alternative program; (4) change the student's major, degree, or certificate program; or (5) refrain from joining or cease participating in any course, activity, or program at the University. The university will provide reasonable accommodations to pregnant students that would be provided to a student with a temporary medical condition and that are related to the health and safety of the student and the student's unborn child. These could include maintaining a safe distance from substances, areas, and activities known to be hazardous to pregnant individuals and their unborn child; excused absences because of illness or medical appointments; modified due dates for assignments; rescheduled tests/exams; taking a leave of absence; and being provided access to instructional materials and video recordings of lectures for excused absences, if these would be provided to any other student with an excused absence. Pregnant/parenting students are encouraged to contact the Title IX Coordinator with any questions or concerns related to their status (titleix@tamusa.edu; 210-784-2061; CAB 439K).

Texas A&M-San Antonio has also designated the Title IX Coordinator as the liaison officer for current or incoming students who are the parent or guardian of a child younger than 18 years of age. The Title IX Coordinator can provide students with information regarding support services and other resources.

Students' Rights and Responsibilities: The following statement of students' rights and responsibilities is intended to reflect the philosophical base upon which University Student Rules are built. This philosophy acknowledges

the existence of both rights and responsibilities, which is inherent to an individual not only as a student at Texas A&M University-San Antonio but also as a citizen of this country.

Students' Rights

1. A student shall have the right to participate in a free exchange of ideas, and there shall be no University rule or administrative rule that in any way abridges the rights of freedom of speech, expression, petition and peaceful assembly as set forth in the U.S. Constitution.
2. Each student shall have the right to participate in all areas and activities of the University, free from any form of discrimination, including harassment, on the basis of race, color, national or ethnic origin, religion, sex, disability, age, sexual orientation, or veteran status in accordance with applicable federal and state laws.
3. A student has the right to personal privacy except as otherwise provided by law, and this will be observed by students and University authorities alike.
4. Each student subject to disciplinary action arising from violations of university student rules shall be assured a fundamentally fair process.

Students' Responsibilities

1. A student has the responsibility to respect the rights and property of others, including other students, the faculty and administration.
2. A student has the responsibility to be fully acquainted with the published University Student Rules found in the Student Handbook, Student Code of Conduct, on our website, University Catalog and to comply with them, as well as federal, state, and local laws.
3. A student has the responsibility to recognize that student actions reflect upon the individuals involved and upon the entire University community.
4. A student has the responsibility to recognize the University's obligation to provide an environment for learning.
5. A student has the responsibility to check their university email for any updates or official university notification.

We expect that students will behave in a manner that is dignified, respectful, and courteous to all people, regardless of sex, ethnic/racial origin, religious background, sexual orientation or disability. Behaviors that infringe on the rights of another individual will not be tolerated.

Students are expected to exhibit a high level of honesty and integrity in their pursuit of higher education. Students engaging in an act that violates the standards of academic integrity will find themselves facing academic and/or disciplinary sanctions. Academic misconduct is any act, or attempt, which gives an unfair

advantage to the student. Additionally, any behavior specifically prohibited by a faculty member in the course syllabus or class discussion may be considered as academic misconduct. For more information on academic misconduct policies and procedures please review the Student Code of Conduct.

Important Dates:

January 16	First day of class
March 11-17	Spring Break – No classes
March 29	Study Day – No classes
April 13	Last day to drop with an automatic “W”
April 20	Last day to drop a course or withdraw from the University
April 29	Last day of classes
April 30	Study Day – No classes
May 1-7	Final exams

The complete academic calendar is available online: <https://www.tamusa.edu/academics/academic-calendar/index.html>
