

TEXAS A&M UNIVERSITY
SAN ANTONIO

College of Education & Human Development
Department of Counseling, Health, & Kinesiology
EDKN 1322 NUTRITION
Spring 2025

Instructor: Jesse Delacruz, MS Office:
Virtual
Office Hours: By appointment only
E-mail: jdelacruz@tamusa.edu

Class Time: Tuesdays & Thursdays 11:00 am – 12:15 pm

Class Location: SciTech 121

Required Text: Thompson, J., & Manore, M. (2018). Nutrition: An Applied Approach. Pearson.
ISBN-13: 9780134890586

Recommended Text: N/A

Supplies: N/A

Student Learner Outcomes: Upon completion of this course, each student will be able to:

1. Identify functions of vitamins and minerals in the body.
2. Identify fluid and electrolyte balance.
3. Identify antioxidant function.
4. Identify bone health, energy metabolism, and blood health.
5. Identify how nutrition concepts apply to our daily lives.

Undergraduate Class Policies:

A student has the right to expect competent, well-organized instruction for the full number of clock hours allotted for a course; to sufficient written assignments, graded fairly and with reasonable promptness to show the student's academic standing in the course at least before mid-semester; to have ample opportunity to confer with the instructor at published office hours and to review graded written work; to freedom from ridicule, discrimination, harassment or accusations in the presence of other students or faculty members; and to an avenue for appealing to higher academic authority in

Students' Rights and Responsibilities:

The purpose of the following statement is to enumerate the essential provisions for the student freedom and responsibility to learn at Texas A&M University-San Antonio. All students are required to follow all policies and regulations as set forth by The Texas A&M University System. This includes the [A&M-San Antonio Student Code of Conduct](#).

Students' Rights

1. A student shall have the right to participate in a free exchange of ideas, and there shall be no university rule or procedure that in any way abridges the rights of freedom of speech, expression, petition and peaceful assembly as set forth in the U.S. Constitution.
2. Each student shall have the right to participate in all areas and activities of the university, free from any form of discrimination, including harassment, on the basis of race, color, national or ethnic origin, religion, sex, disability, age, sexual orientation, genetic information or veteran status in accordance with applicable federal and state laws.
3. A student has the right to personal privacy except as otherwise provided by law, and this will be observed by students and University authorities alike.
4. Each student subject to disciplinary action arising from violations of university student rules shall be assured a fundamentally fair process.

Students' Responsibilities

1. A student has the responsibility to respect the rights and property of others, including other students, the faculty and the administration.
2. A student has the responsibility to be fully acquainted with the published University Student Rules found in the Student Handbook, Student Code of Conduct, on our website, University Catalog and students must comply with them and the laws of the land.
3. A student has the responsibility to recognize that student actions reflect upon the individuals involved and upon the entire university community.
4. A student has the responsibility to recognize the University's obligation to provide an environment for learning.
5. A student has the responsibility to check their university email for any updates or official university notification.
6. We expect that students will behave in a manner that is dignified, respectful, and courteous to all people, regardless of sex, ethnic/racial origin, religious background, sexual orientation or disability. Behaviors that infringe on the rights of another individual will not be tolerated.

Military Affairs: Veterans and active-duty military personnel are welcomed and encouraged to communicate, in advance if possible, and special circumstances (e.g., upcoming deployment, drill requirements, disability accommodations). You are also encouraged to visit the Patriots' Casa in-person room 202, or to contact the Office of Military Affairs with any questions at military@tamusa.edu or (210)784-1397.

Academic Dishonesty:

Students are expected to do their own course work. Academic dishonesty is a violation of the Student Code of Conduct; therefore, the instructor may report any form of academic dishonesty to the Office of Student Rights and Responsibilities. Please review the [Student Handbook](#) for a complete description of the process.

Forms of academic dishonesty:

Cheating: A student can be accused of academic dishonesty if he/she uses, or attempts to use, unauthorized assistance (e.g., asking someone else for an answer during a test, copying answers from another person's paper during a test, etc.), uses unauthorized study aids in examinations or other academic work (i.e., "cheat sheets" or textbooks/notes when that use has been disallowed by the faculty), or submits the work of another as his/her own.

Plagiarism: A student can be accused of academic dishonesty if he/she uses the ideas, data or language of another without specific or proper acknowledgment.

Artificial Intelligence: During our class we may explore ChatGPT however AI tools are not permitted to be used for any assignments that are submitted in this course. All work submitted must be your own and completed in accordance with TAMUSA policy.

Fabrication: A student can be accused of academic dishonesty if he/she submits, or attempts to submit material that is contrived or altered (e.g., making up data for an experiment, misrepresenting data, citing nonexistent articles, contriving sources, falsifying design and/or troubleshooting data, or padding estimates with intent to defraud customers, etc.).

Multiple submission: A student can be accused of academic dishonesty if he/she submits, without prior permission, any work previously submitted to fulfill another academic requirement (e.g., the unauthorized submission of a pre-existing paper or project).

Lying: Deliberate falsification with the intent to deceive in written or verbal form as it applies to an academic submission.

Bribery: Providing, offering or taking rewards in exchange for a grade, an assignment or the aid of academic dishonesty.

Threat: An attempt to intimidate a student, staff, or faculty member for the purpose of receiving an unearned grade or in an effort to prevent the reporting of an Honor Code violation.

Misrepresentation of academic records: A student may be accused of academic dishonesty if he/she misrepresents, tampers with or attempts to tamper with any portion of a student's transcripts or academic record (e.g., changing one's grade, altering computer records, falsifying academic information on one's resume, etc.).

Facilitating Academic Dishonesty: A student may be accused of academic dishonesty if he/she knowingly helps or attempts to help another violate the principles of academic integrity (e.g., working together on a take-home exam without instructor permission, providing another student with a pre-written paper or test, unauthorized collaboration of any kind, including online testing, giving answers to lab projects with the intent to help students take practical exams, etc.).

Plagiarism: The University recognizes plagiarism as a serious academic offense. Plagiarism, the act of representing the work of another as one's own, may take two forms. It may consist of copying, paraphrasing or otherwise using the written or oral work of another without acknowledging the source or it may consist of presenting oral or written course work prepared by another as one's own.

Unless an assignment is designated as a group project, assignments should be completed by the student. I encourage group learning and problem solving with assignments, but when you write up the assignment, it should be in your words. I need to know what YOU know, not what the group knows.

Normally a student who plagiarizes shall receive a grade of "F" in the course in which the act occurs. Students are expected to follow A&M-SA's policies as defined in the Academic Catalog. Anyone caught cheating (including plagiarizing) will receive an automatic failure in the course. The instructor may decide to reduce this penalty to an F for the assignment or other appropriate consequence. If you have any questions about the meaning of plagiarizing, how to properly cite material from a source, or about any of the other forms of cheating listed above, do not hesitate to see Mr. Armijo.

Any student caught using the work of another student and/or giving work to another student, or caught cheating in any of the forms listed above, will be reported to student affairs for academic sanctions.

Information on plagiarism is available at the following websites:

[University of Indiana](#) [Plagiarism.org](#)

All students who have enrolled for audit are expected to complete all course requirements. These requirements include: regular class attendance and participation; completion of all assignments and other class work; quizzes and exams are optional at the discretion of the instructor

Non-Academic Misconduct: (See the [Student Handbook](#)). The University respects the rights of instructors to teach and students to learn. Maintenance of these rights requires campus conditions that do not impede their exercise. Campus behavior that interferes with either (1) the instructor's ability to conduct the class, (2) the inability of other students to profit from the instructional program, or (3) campus behavior that interferes with the rights of others will not be tolerated. An individual engaging in such disruptive behavior may be subject to disciplinary action. Such incidents will be adjudicated under nonacademic procedures by the Dean of Students. This includes but is not limited to:

1. Sleeping in class: Students sleeping in class are a distraction to the professor and to the students in class who have a sincere desire to learn.
2. Side Conversation: Students engaging in side conversations during class are a distraction to the professor and to the students in class who have a sincere desire to learn. Therefore, this behavior is deemed to be a form of nonacademic misconduct and will not be tolerated.
3. Cellular phones and other electronic devices: Cellular phones are to be turned off during class. A student's cellular phone ringing is a distraction to the professor and to the students in class who have a sincere desire to learn.

Sexual Misconduct: (See the [Student Handbook](#)). Sexual harassment of students and employees at Texas A&M University-San Antonio is unacceptable and will not be tolerated. Any member of the University community violating this policy will be subject to disciplinary action.

Statement of Harassment and Discrimination: Texas A&M University-San Antonio is committed to the fundamental principles of academic freedom, equality of opportunity and human dignity. To fulfill its multiple missions as an institution of higher learning, A&M-San Antonio encourages a climate that values and nurtures collegiality, diversity, pluralism and the uniqueness of the individual within our state, nation, and world. All decisions and actions involving students and employees should be based on applicable law and individual merit. Texas A&M University-San Antonio, in accordance with applicable federal and state law, prohibits discrimination, including harassment, on the basis of race, color, sex, religion, national origin, age, disability, genetic information, veteran status, sexual orientation, gender identity, or gender expression. Individuals who believe they have experienced harassment or discrimination prohibited by this statement are encouraged to contact the appropriate offices within their respective units.

Texas A&M University-San Antonio faculty are committed to helping create a safe learning environment for all students and for the university as a whole. If you have experienced any form of sex- or gender-based discrimination or harassment, including sexual assault, sexual harassment, domestic or dating violence, or stalking, know that help and support are available. A&M-San Antonio has staff members trained to support survivors in navigating campus life, accessing health and counseling services, providing academic and housing accommodations, and more. The university

strongly encourages all students to report any such incidents to the university. Please be aware that all A&M-San Antonio employees (other than those designated as confidential resources such as counselors and other healthcare providers are required to report information about such discrimination and harassment to the university. This means that if you tell a faculty member about a situation of sexual harassment or sexual violence, or other related misconduct, the faculty member must share that information with the university's Title IX Coordinator. If you wish to speak to a confidential employee who does not have this reporting responsibility, you can contact the Student Counseling Center at (210) 784-1331, Modular C.

Class Attendance:

A vital part of every student's education is regular attendance of class meetings. Any absences tend to lower the quality of a student's work in a course, and frequent or persistent absences may preclude a passing grade or cause a student to be dropped from one or more courses upon the request of a faculty member to the Provost and Vice President for Academic Affairs.

- Quizzes, assignments, and other work related to weekly topics will be completed inside and/or outside of class. In-class quizzes, assignments, and other work missed because of absence will *not* be made up.
 - Attendance and tardiness are part of your grade, you will receive a **zero (0)** deducted if you do not participate or have excessive absences. This deduction will take place unless you have a valid, university approved excuse (see below).
1. The general policy outlined by the University will be followed as stated in the [Student Handbook](#). There are no 'free' unexcused absences.
 2. The instructor's policy for this course includes:
 - a. Your presence is expected in class daily except for emergencies. Students assume responsibility for any material missed in class. It is **YOUR** responsibility to gather any missed information.
 - b. Requests to be absent from class for official University business (athletics, field trips, student government, etc.) shall be made prior to the anticipated absence. Arrangements for missed work will be made at that time.
 - c. If you miss an exam or quiz or do not show up on the day of a presentation or when an assignment is due without **PRIOR ARRANGEMENT** with the instructor, no make-up will be allowed unless there is a **documented** emergency.
 - i. If there is an emergency (hospital, funeral, etc.) please contact me the day of the problem or the day you missed class.
 - ii. If you cannot participate in a lab you must have documentation (hurt ankle, sick, etc.), otherwise you will receive half credit for being there but not participating.
 1. This includes not participating in one or more assessments for that lab.

- iii. If you completely miss a lab and have no documentation, a 0 will be given for that assignment
 - iv. For presentations, a five (5) point deduction will be taken for every presentation that is missed.
 - 1. This deduction will be made to the individual that missed the presentation and not the group as a whole.
 - v. Absence from group presentations will constitute a zero (0) for the person that missed unless **PRIOR** arrangements have been made.
- d. Points will be deducted from any participation grade that may be required of class as a result of unexcused absences.
- i. Excused absences: *In the event that you need to be away for a given period of time (e.g. funerals, hospital stays, family emergencies, military duty, etc.), you should contact [Student Counseling and Wellness](mailto:StudentCounseling@tamusa.edu) (210-784-1331 (or 1329); StuCounseling@tamusa.edu or StuWellness@tamusa.edu).* If you will be missing more than a week of classes (whether continuous or not), inform them of the situation and they can send a notice to all your instructors rather than you having to explain to each of them your circumstances.
- e. Do not make doctor's appointments on the days of class, tests, labs, or presentations.

Religious Observances: Texas A&M University-San Antonio recognizes the diversity of faiths represented among the campus community and protects the rights of students, faculty, and staff to observe religious holidays according to their tradition. Under the policy, students are provided an opportunity to make up any examination, study, or work requirements that may be missed due to a religious observance provided they notify their instructors before the end of the second week of classes for regular session classes.

Respect for Diversity: We understand that our students represent diverse backgrounds and perspectives. When we are equity-minded, we are aware of differences and inequalities and are willing to discuss them so we can act to resolve them. The University is committed to building cultural competencies, or the attitudes, skills, and knowledge that enable individuals and organizations to acknowledge cultural differences and incorporate these differences in working with people from diverse cultures. Respecting and accepting people different than you is vital to your success in the class, on campus, and as a future professional in the global community. While working together to build this community we ask all members to:

- Share their unique experiences, values, and beliefs.
- Be open to the views of others.
- Honor the uniqueness of their colleagues.
- Value each other's opinions and communicate respectfully.
- Keep confidential discussions that the community has of a personal (or professional) nature.
- Use this opportunity together to discuss ways in which we can create an inclusive environment in this course and across the A&M-San Antonio community.

Research on Human Subjects: Research that involves human subjects must be approved by the Institutional Review Board for the Protection of Human Subjects.

Americans with Disabilities Act: The Americans with Disabilities Act (ADA) is a federal anti-discrimination statute that provides comprehensive civil rights protection for persons with disabilities. Among other things, this legislation requires that all students with disabilities be guaranteed a learning environment that provides for reasonable accommodation of their disability. Disability Support Services (DSS) provides services, auxiliary aids and accommodations for students at Texas A&M University-San Antonio (A&M-SA) who have self-identified, registered and provided DSS with documentation supporting their disability. Students may access additional information on the [Disability Support Services webpage](#).

Academic Accommodations for Persons with Disabilities: The Americans with Disabilities Act Amendments Act (ADAAA) of 2008 and the Rehabilitation Act of 1973 are federal anti-discrimination statutes that provide comprehensive civil rights protection for persons with disabilities. Title II of the ADAAA and Section 504 of the Rehabilitation Act require that students with disabilities be guaranteed equal access to the learning environment through the provision of reasonable and appropriate accommodation of their disability. If you have a diagnosed disability that may require an accommodation, please contact Disability Support Services (DSS) for the coordination of services. The phone number for DSS is (210) 784-1335 and email is dss@tamusa.edu.

Academic Learning Center: All currently enrolled students at Texas A&M University-San Antonio can utilize the Academic Learning Center for subject-area tutoring. The Academic Learning Center is an appointment based center where appointments are made through the Navigate platform. Students access Navigate through Jagwire in the Student Services tab. The Center is active on campus outreaching to students to highlight services offered. You can contact the Academic Learning Center by emailing tutoring@tamusa.edu or calling (210)-784-1332. Appointments can also be made through JagWire under the services tab.

Jaguar Writing Center: The Jaguar Writing Center provides writing support to graduate and undergraduate students in all three colleges. Writing tutors work with students to develop reading skills, prepare oral presentations, and plan, draft, and revise their written assignments. The Writing Center is currently holding all appointments digitally. Students can schedule appointments with the Writing Center in JagWire under the student services tab. Students wanting to work in realtime with a tutor can schedule an "Online Appointment." Students wishing to receive asynchronous, written feedback from a tutor can schedule an "eTutoring" appointment. More information about what services we offer, how to make an appointment, and how to access your appointment can be found on our website at www.tamusa.edu/Writing-Center. The Writing Center can also be reached by emailing writingcenter@tamusa.edu.

Message for pregnant and parenting students: Title IX of the Education Amendments of 1972 (“Title IX”), 20 U.S.C. §1681 *et seq.*, protects students in all of the academic, educational, extracurricular, athletic, and other programs or activities of universities. This includes prohibiting discrimination against pregnant and parenting students. A student who is pregnant or parenting is entitled to special services. Texas A&M University-San Antonio is committed to implementing all provisions of Title IX. For availing of special services available to students whose curricular and co-curricular work is impacted by pregnancy and parenting related issues visit the [Title IX homepage](#).

Incompletes: The spirit of the “Incomplete” is to give a student an opportunity to complete a course after the end of the semester. An Incomplete will only be considered under specific circumstances: 1) 70% of the class has been completed and student is passing with a “C” or better, 2) The circumstance for which the “I” is requested is supported with documentation, and 3) Student has been attending class on a regular basis Incompletes are not to be used to remedy excessive absences. Unforeseen circumstances precipitating the request for an “I” should occur near the end of the semester. Students who are experiencing difficulties at the beginning or midway through the course should contact their professor immediately to discuss options. When a professor agrees to grant an “I”, a contract between the student and professor that outlines a specific timeline for completion of the course will be generated. Topics such as highest possible grade will also be outlined. If the contract is not fulfilled, the professor will submit a change of grade form with earned letter grade. All “I”s will automatically revert to an “F” after one year.

Dropping a Course: A course may be dropped by a student without approval from his/her academic advisor or other university official. Students who have been readmitted on academic/scholastic probation must also consult with their advisors prior to dropping or withdrawing. It is highly recommended that a student consult his/her academic advisor because of the impact on financial aid, graduation, veteran benefits, etc. After the online registration system is closed, all drops must be processed by the Office of the Registrar. A student who, by dropping a course, becomes registered for less than a normal load will be reclassified as a part-time student. Freshmen students who intend to drop a course must first visit their Academic Success Coach. If dropping a course after the last date for an automatic “W,” the drop will be assigned either a passing (P) or failing (F). See [Dates of Interest](#) for drop dates.

Administrative Drops for Non-Attendance: A faculty member may drop an undergraduate student for non-attendance at any time prior to the mid-point of a long semester. A drop processed by a faculty member for non-attendance will be treated as a non-punitive grade unless the undergraduate student is subject to the requirements of Senate Bill 1231. The Office of the Registrar will treat all drops processed by a faculty member in accordance with the requirements of Senate Bill 1231 and may change a grade of W to a grade of WS or an F, depending on the student’s status.

Financial Aid and Verification of Attendance: According to the following federal regulation, 34 CFR 668.21: U.S. Department of Education (DoE) Title IV regulation, a student can only receive Title IV funds based on Title IV eligibility criteria which include class attendance. If Title IV funds are disbursed to ineligible students (including students who fail to begin attendance), the institution must

return these funds to the U.S. DoE within 30 days of becoming aware that the student will not or has not begun attendance. Faculty will provide the Office of Financial Aid with an electronic notification if a student has not attended the first week of class. Any student receiving federal financial aid who does not attend the first week of class will have their aid terminated and returned to the DoE. Please note that any student who stops attending at any time during the semester may also need to return a portion of their federal aid.

The Six-Drop Rule: Students are subject to the requirements of Senate Bill (SB) 1231 passed by the Texas Legislature in 2007. SB 1231 limits students to a maximum of six (6) non-punitive course drops (i.e., courses a student chooses to drop) during their undergraduate careers. A non-punitive drop does not affect the student's GPA. However, course drops that exceed the maximum allowed by SB 1231 will be treated as "F" grades and will impact the student's GPA.

Grading Policy & Course Requirements: To achieve the course objectives, the class will involve:

Lecture

Individual assignments

Group Assignments

<u>Course Evaluation:</u>	
Exams	40%
Major Projects	40%
Quizzes/Homework	<u>20%</u>
Total	100%

<u>Criteria:</u>	
90-100	A
80-89.99	B
70-79.99	C
60-69.99	D
0 - 59.99	F

A grade of "**C**" or better must be earned in this course to satisfy Kinesiology requirements. Majors who do not earn a grade of "C" or better will be required to repeat the course. I do not round up or round down your grade.

No changes to your final grade will occur once class has ended unless I have made a mistake. You are given the opportunity to follow your grade throughout the semester thus you should not be surprised with the grade you earn. There are no exceptions (eligibility, financial aid, etc.)

Late Penalties: All assigned work is due on the date and time assigned; work received later than the due date will NOT be graded.

- *I do not offer extra credit.*
- *I do not offer Independent Studies if an acceptable grade is not earned*

Blackboard: All assignments will be turned in and all notes, announcements, etc., will be posted on [Blackboard](#) (except for those that require signatures). Please check that your account is working, otherwise you will fall behind. If you have problems accessing Blackboard, contact the [Help Desk](#).

To access Blackboard, go to the [A&M-SA homepage](#).

If you need to pull up an assignment, notes, etc., my suggestion is to save it to your computer or disk, THEN open it.

If you have a question, comment, etc. about an assignment or any other matter, please contact me through **email** (idelacruz@tamusa.edu) but **NOT Blackboard Messaging**.

Emergency Preparedness: JagE Alert is Texas A&M University-San Antonio's mass notification. In the event of an emergency, such as inclement weather, students, staff and faculty, who are registered, will have the option to receive a text message, email and/or phone call with instructions and updates. To register or update your information visit: <https://tamusa.bbcportal.com/>. More information about Emergency Preparedness and the Emergency Response Guide can be found here: <https://www.tamusa.edu/upd/index.html>.

Counseling Resources:

As a college student, there may be times when personal stressors interfere with your academic performance and/or negatively impact your daily functioning. If you or someone you know is experiencing life stressors, emotional difficulties, or mental health concerns at Texas A&M University – San Antonio, please contact the Student Counseling Center (SCC) located in Modular C, Room 166 (Rear entrance) or call 210- 784-1331 between the hours of 8:00AM and 5:00PM, Monday – Friday. All mental health services provided by the SCC are free, confidential (as the law allows), and are not part of a student's academic or university record. SCC provides brief individual and group therapy, crisis intervention, consultation, case management, and prevention services.

For more information, please visit www.tamusa.edu/studentcounseling In a crisis situation, please walk-in to the Student Counseling Center (SCC) any time between the hours of 8:00AM and 5:00PM, Monday – Friday, to be seen by a clinician. For after-hours support, please call 210-784-1331. Please contact UPD at 911 if harm to self or harm to others is imminent.

EDKN 1322 NUTRITION Spring 2025

Tentative Schedule: This is a tentative schedule. The course schedule will change as the demands of the students dictate. There may be a quiz at the beginning of each class over the previously covered material, except on test days. All work will be due by 11:59 pm on due days.
