ASSESSMENT AND PROCEDURES QUIZZES:

EXAMINATIONS: Assessments include **3 Examinations**. Each Exam will be worth **100 points**. Exam dates are clearly listed in the course schedule outline below. The format for each Exam will be discussed in advance. All Exams will be completed on Canvas using Respondus Lockdown Browser. Respondus Lockdown Browser is a system required by UTA

instructors to proctor students taking assessments online to promote academic integrity as per UTA policy expectation mentioned below. Please take UTA's academic integrity's policy seriously when you are taking Exams to avoid undesirable consequences. You can also plan to be each other's police to turn in cheating students. **MAKE UP POLICY:** All students are expected to take all 3 Exams as scheduled, UNLESS you have a legitimate written excuse such as a written documentation of death or a serious illness, court appearance, or absence on a college sponsored function. These are the only legitimate excuses for failure to complete any quiz on time.

DISCUSSION FORUMS: There will be **10 required graded discussion forums**. Every student is expected to contribute 2 discussion posts to each discussion forum. The total number of points for each discussion forum will be 10. The first post must be your original thought in response to the respective topic of a given forum (5 points). The second post must be a response to one other post from a different classmate (5 points). Therefore, the maximum score for each forum will be 10 points. All 10 forums will carry a maximum of 100 points. To get full points, each post must be at least 200 words. Also make sure each post meets the required specifications as well as sound content. Additionally, make sure you have two posts for each forum. All discussion posts must be submitted on Canvas to be graded.

Discussion Forum Due dates are clearly listed in the course outline. Late discussion posts will carry a penalty of 2 points. This is necessary because to maximize discussion points, other students will depend on your original post just like your success may depend on theirs. Further instructions to successfully complete discussion forums are clearly listed on the Discussion Forum Page within given modules.

As you respond to other people's posts, be open minded understanding that we all do not have to agree but can work together with unique perspectives on social issues. Respectful exchange of information enriches the learning process, and in real life may lead to better decision-making outcomes. Each student is encouraged to engage in discussion forums pertaining to text/lecture materials, movies, and other topics relevant to the course. I value your input as well as your contributions, and I will do my best to encourage them by working with you to create a climate that is conducive for your participation. I am sure that all of you will have something to contribute to enrich the learning process. I will treat your contributions with respect, and I expect you to do the same for your classmates.

DUE DATES: Discussion Forum Due dates are clearly listed in the course syllabus schedule below. Late discussion posts will carry a penalty of 3 points. This is necessary because to maximize discussion points, other students will depend on your original post just like your success may depend on theirs. I value your input as well as your contributions, and I will do my best to encourage them by working with you to create a climate that is conducive for your participation. I will treat your contributions with respect, and I expect you to do the same for your classmates. Further instructions to complete discussion forums are narrated in Blackboard modules.

EXTRA CREDITS: Additionally, there may be additional online written activities that could be awarded as extra credits based on the overall performance of the class. Extra credit activities are voluntary and not a requirement. All extra credit activities must be completed as scheduled.

MAKE UP POLICY: All students are expected to complete all assessments as scheduled UNLESS one has a legitimate written excuse such as a written documentation of death or a serious illness, court appearance, or absence on a college sponsored function. These are the only legitimate excuses for failure to complete assessments as scheduled. Other situations may be considered as per ‘TAMUSA’s Important Policies and Resources’ found on the course Blackboard menu under “**Important Policies and Resources**”. Make sure you understand these policies. Remember that it is your responsibility to contact me if you must reschedule completing assessments for any reason. At the same time, if you fail to complete the exam as scheduled for any reason, do not hesitate to consult with me should there be other situation to be considered.

READINGS: The readings for this class are not easy. It is extremely important that you have enough time to devote to your readings. Therefore, if you are not able to read the text and review your notes regularly you will not be successful in this class. It is vital to your success that you do your readings on a timely basis and engage in class discussions forums. I will not remind you of missed assignments or any other matter. If you must miss a deadline for accessing class material, it is your responsibility to find out what you missed from fellow students. If your score falls below 70% on any of the given assignments, don’t hesitate to contact me about your performance for help.

CLASS PARTICIPATION: Class participation specifically in the form of discussion forums or other online activities is essential for success in this course, not only because it enhances the overall learning process, but it may affect your final grade. Make sure you complete discussions as scheduled because other students will depend on your input to post their work.

ACADEMIC INTEGRITY

Students enrolled in this course are expected to adhere to TAMUSA’s academic integrity policy. Additionally, the use of Generative AI is prohibited in this course. All work submitted by students will be generated by the students themselves, working individually or in groups. Students should not have another person/entity do the writing of any portion of an assignment for them, which includes hiring a person or a company to write assignments and/or using artificial intelligence (AI) tools like ChatGPT. Use of any AI-generated content in this course qualifies as academic dishonesty and violates Texas A&M-San Antonio’s standards of academic integrity. Suspected violations of TAMUSA’s standards for academic integrity policy will be referred to the Office of Student Conduct. Violators will be disciplined in accordance with the University’s policy, which could result in severe consequences that may include the student’s suspension or expulsion from the University.

GRADING SCALE

Your course grade will be based on the number of points you earn. Your responsibility is to earn as many points as possible. The best way to achieve this is to do as well as possible on your quizzes, do a good job on your written assignments, and be active in class. To give you an

idea of where you stand at any point during the semester, the following grading scale will be used:

Assignment	Point Value	% Final Grade	Outcomes Assessed	Percentage
3 Examinations	300	75%		A = 100-90
10 Discussion Forums	100	25%		B = 89-80
Extra Credits (Tentative)	Cr	Cr		C = 79-70
Total Points	400	100%		D = 69-60
				F = Below 60

DROP POLICY

The Six-Drop Rule: Students are subject to the requirements of Senate Bill (SB) 1231 passed by the Texas Legislature in 2007. SB 1231 limits students to a maximum of six (6) non-punitive course drops (i.e., courses a student chooses to drop) during their undergraduate careers. A non-punitive drop does not affect the student's GPA. However, course drops that exceed the maximum allowed by SB 1231 will be treated as "F" grades and will impact the student's GPA. It is the student's responsibility to officially withdraw if they do not plan to attend after registering. **Students will not be automatically dropped for non-attendance.**
