Course Requirements:

Students will be expected to provide documentation of performance activities in an online portfolio. Submissions must contain proper supportive documents as well as the completed Performance Activity Report Form explaining the contribution and involvement required to perform the specific duty, task, or activity.

The activities should be ones which go beyond what a teacher might regularly be expected to do. The required performance activities provide a variety of substantial in-school/district experiences in diverse settings planned cooperatively and supervised by university and school district personnel.

The intent of the required assignments and the performance activities is to allow students opportunities to become involved in the area of school administration and leadership; therefore, additional responsibility, time and commitment, on the part of the student interns, will be necessary. Success of the field-based component will be determined by the quality of the various activities, the appropriate supportive documents provided in the Online Portfolio, and evaluations of the candidate's performance. The final grade and determination of successful completion of the internship will be made by the university professor.

Instructional Process or Delivery:

Interns will complete an online portfolio documenting their reflections and learning throughout the internship. The portfolio will be scored based on the TExES competencies. Instructional strategies will empower the interns to gain practical experience in applying administrative skills, techniques, and theory by working with a professional administrator. Performance activities linked to the Principal TExES standards provide the interns the opportunity to experience the realities of educational administration by applying classroom knowledge and theory to actual administrative situations.

Evaluation Policy:

Documentation of performance activities should convey an understanding of the experience, the contribution and involvement required in the performance of the activity by you, linkage to the TExES standards and reflections and responsive comments of any insight or knowledge which might have been gained through participation in the activity. Clarity of thought, originality, and quality of written responses will be important.

Strategies for Success

- ✧ It is the expectation that all assignments are written at a professional graduate level using correct English grammar and syntax, organized thought and higher-level thinking skills.
- ✧ Keep a copy of all assignments until the course is completed and final grades are recorded.
- ✧ Proofread carefully. Graduate work should be as close to error-free as is humanly possible. All written work should be typed and submitted with correct spelling, grammar, style and syntax. Bibliographic entries should be utilized when appropriate. The American Psychological Association's Publication Manual (7th edition) is recommended as an approved guide.

* The spirit of the "Incomplete" is to give a student an opportunity to complete a course after the end of the semester. An Incomplete will only be considered under specific circumstances:

1. 70% of the class has been completed and student is passing with a "C" or better
2. The circumstance for which the "I" is requested is supported with documentation
3. Student has been attending class on a regular basis

Incompletes are not to be used to remedy excessive missed classes. The unforeseen circumstances precipitating the request for an "I" should occur near the end of the semester. Students who are experiencing difficulties at the beginning or midway through the course should contact their professor immediately to discuss options. When a professor agrees to grant an "I", a contract between the student and professor that outlines a specific timeline for completion of the course will be generated. Topics such as highest possible grade will also be outlined. If contract is not fulfilled, the professor will submit a change of grade form with earned letter grade. All "I"s will automatically revert to an "F" after one year.

Dropping a Course

Each student is responsible for knowing the drop dates for any given semester. Professors are not responsible, under any circumstances, for “dropping” a student from a course. Please be aware that if you do not formally drop a course and failed to fulfill the academic requirements, the professor will submit the earned grade.

Adherence to the Following Guidelines for Compliance with the State Board for Educator Certification/Texas Education Association:

1. The Internship Supervisor will guide the candidate throughout the internship by meeting with the intern to ensure success prior to the initial internship placement. This orientation meeting will be mandatory for all interns.
2. The Internship Supervisor will meet again with the intern within the first month of the internship. **(Required on-site meeting must include intern, supervisor, and university professor.)**
3. The Internship Supervisor will observe the intern on-site for a minimum of three 45 minutes observations during the semester. These observations will be documented following the state prescribed standards for Principals in alignment with the Texas Administrative Code and the TExES examination. Feedback will be provided in writing and face to face. **(Observations will include specific and meaningful feedback in writing and verbally.)**
4. The Internship Supervisor will meet with the Principal Intern’s supervisor a minimum of once per semester to ensure the intern’s success and provide the opportunity to address any potential areas of growth. During this meeting, the supervisor will be provided with a written form documenting the strengths and areas of continuing development as identified both by the Internship Supervisor and the campus/district supervisor. **(Required on-site meeting must include site supervisor, intern, and university professor.)**
5. In the event that candidates struggle during the internship, support will be provided in the form of additional site-visits (as needed) and additional individual advising (as needed). Ultimately, if it is determined that the candidate cannot be successful in their current placement, the intern will be removed from their current assignment and placed in a different internship location to provide maximum opportunity for student success.
