Teacher candidates facing extenuating circumstance must contact their course instructor as soon as possible.

FITNESS TO TEACH:

Teacher candidates admitted to the Educator CAFÉ are expected to demonstrate professional dispositions and abilities. The Educator CAFÉ is dedicated to ensuring that teacher candidates are prepared to support educator professional dispositions and are ready to teach in their respective fields. Indicators that demonstrate readiness to teach include successful completion of university coursework, application of ethical behavior, demonstration of professionalism, and adherence to professional standards.

Teacher candidates pursuing an initial teacher's certification must meet fitness to teach standards that are assessed by program faculty and staff throughout the program. These standards include demonstration of emotional and mental fitness in their interaction with others as well as conformance with the code of professional educator ethics of the state of Texas. Students that demonstrate areas of growth or need for fitness as an educator may be asked to enter a remediation plan to remain in the program.

If a remediation plan is developed, students must demonstrate satisfactory remediation prior to being allowed to proceed toward graduation. Periodically in each candidate's preparation, there will be checkpoints at which faculty, teaching specialists and cooperating teachers will assess professional dispositions. Candidates who are identified as having significant areas of growth will be required to demonstrate improvement to avoid being placed on a growth plan.

Texas A&M University-San Antonio teacher candidates completing field-based requirements are expected to adhere to the Educator Code of Ethics and Standard Practices for Texas Educators. Fitness to Teach instances may escalate to the Associate Dean level as needed. Failure to remediate areas of concern may result in a recommendation for the teacher candidate to be dropped from the Educator Preparation Program. Teacher candidates dropped from the Educator Preparation Program will be required to change to a non-certification degree to graduate. Teacher candidates who are required to change to a non-certification degree will not be allowed to change back to a certification path.

COVID-19 SYLLABUS ADDENDUM

Everyone is strongly encouraged to get vaccinated and get vaccine boosters! It is the best way to prevent serious illness or death.

In alignment with the recent Texas A&M-System COVID-19 Phased Demobilization – Phase 1 guidelines, the University is updating Texas A&M-San Antonio COVID-19 guidelines and procedures.

To coincide with the end of the spring 2022 semester, the updates include:

- Indicators for positive COVID-19 cases are no longer posted to the [Community. Safety. TOGETHER](#) microsite as of May 15.
- COVID-19 case management will no longer be conducted.
- The reporting portal will no longer be used to make second-hand reports about individuals who have revealed they are a positive, exposure, or symptomatic case.
- Exposure cases and symptomatic cases are no longer required/asked to report; only positive cases are required to report. Students and employees are required to complete the online [COVID19 Reporting Portal form](#) if they test positive for COVID-19. This includes results from a home Rapid Test.
- Once a positive report is made, individuals will receive automated feedback documenting their status and will receive information about completing a Return to Campus form at the conclusion of their expected period of isolation. Once the Return to Campus form is submitted, they will receive automated feedback whether they are able to return to campus or not.
- As it pertains to COVID-19, faculty/supervisors will no longer receive a formal letter from the University (Dean of Students Office or Human Resources Department) documenting the release of a student or employee to return to campus. It is the responsibility of the student/employee to fill out the [Return to Campus form](#) and present to their respective professors and/or supervisor documentation of their approved return to campus.
- The Self Wellness Screen (Health Self-Screen Form) found on the Jaguar App may still be accessed and used to help determine if an individual should be on campus or not. Continued self-screening is encouraged for all, as is the continued practice of refraining from coming to campus if symptomatic.

In addition, there have been significant changes to our [Community. Safety. TOGETHER](#). Microsite to consolidate and condense information. Resources and updated information will still be available on the microsite, including archives of what was previously communicated and featured on the site.
