

## TEXAS A&M UNIVERSITY-SAN ANTONIO

### Applied Behavior Analysis

#### **EDBA 5308 Verbal Behavior**

##### **A. MAJOR COURSE DESCRIPTION/REQUIREMENT**

This course examines B.F. Skinner's *Verbal Behavior* (1957) and its application to language development. Students explore how biological, environmental, and motivational variables influence verbal behavior, and review research on ABA interventions for individuals with language delays, including those with autism.

##### **B. LEARNING OBJECTIVES**

Upon Completion of the course, the student will be able to:

1. Describe the importance of B.F. Skinner's work on language training and remediation.
2. Discuss factors influencing verbal behavior.
3. Describe strategies to improve verbal behavior

##### **C. LECTURE OR DISCUSSION TOPICS**

Foundations of Verbal Behavior

Assessment of Verbal Behavior and Language

Teaching Early Communication and AAC

Developing Core Verbal Operants

Expanding Verbal Repertoires

Generalization, Social Validity, and Context

##### **D. REQUIRED OR RECOMMENDED READINGS**

Students will study course content provided through selected texts and Blackboard postings. These resources include:
