Attendance/Participation:

While this course is asynchronous, active participation in online discussions and timely submission of assignments are essential for success. Regularly log into Blackboard to review materials, complete assignments, and engage in discussion boards. Failure to meet deadlines or participate may negatively impact your grade.

SmartBook in Connect:

240 points (12 Assignments x 20 points each): The course includes assignments based on chapters and the content discussed in the class. The assignments will be completed through the SmartBook of Connect (McGraw Hill). Rooted in several learning science principles like spacing, chunking, and interleaving, SmartBook creates mini-cycles of questions that consist of no more than five concepts at a time, creating smaller, easier to absorb “chunks” of content.

Exams: The midterm and final exams, worth 650 points (65% of the final grade), will evaluate your understanding and application of logistics concepts rather than rote memorization. The final exam will be in a quiz format, including multiple-choice, true/false, and quantitative problems, with no essay questions. You will have 90 minutes to complete each exam, and both exams are open books/open notes. However, due to the time constraint, well-organized notes are essential, and you should be familiar enough with the material to rely on something other than your notes. You will only be given one attempt to take the exams.

CAUTION: The timer will automatically start when you open the final exam. The final is open-book and open-note, intended to help you determine how well you have mastered the material. Be wary of your time restriction. The time limit for the final is based on historical data. There is enough time if you are prepared.

EXTRA CREDIT: Extra credit will be available only if offered to the entire class. Any extra credit opportunities will be announced by Blackboard at least 24 hours in advance.

SCHEDULING DISCLAIMER: The schedule, policies, and assignments contained in this course syllabus are subject to change in the event of extenuating circumstances, class progress, or by mutual agreement between the instructor and the students. Changes will be announced via Blackboard.
