Welcome

Hello, Jaguars!

Welcome to MUSI 1306: Music Appreciation. I am thrilled to have you in my music class! Below, you will find important information regarding the course.

Virtual Office Hours

Since I do not have a physical office space on campus, any office hour meetings will need to be directly after class (on-campus classes only) or met by appointment over Zoom. Student TAMUSA credentials can be used to log into student Zoom accounts. Use this link provided by the university to log in: <https://tamusa.zoom.us>

Preferred Communication

As the instructor for this course, my preferred method of communication is through Blackboard. I answer emails during the working hours of (9am – 5pm) Monday – Friday. Allow me 48 hours (2 business days) to respond to your email. If I don't respond by then, please send a follow up email. There are times during the semester where I get a high volume of emails, but I typically respond within the same day.

Dual Credit

High school students enrolled in Dual-Credit courses at TAMUSA need to have proactive communication with their assigned liaison. Dual-Credit students will be required to have meetings with their liaison if attendance or class performance become an issue. If issues persist, student will be put on a probation period and will risk being dropped from the course.

Grading Descriptions

Reading Assignments:

Students have access to all three textbooks as e-books through the Connect platform. Reading assignments (which can also be heard in audiobook form) will be given each week for students to complete on their own time for each week. Reading assignments will be accompanied by comprehension questions which will be factored into the reading assignment grade.

Listening Journals: Each week, students will need to listen to the assigned piece(s) and write a 2-3 paragraph response to each prompt. Students will be graded on the quality, not the length of their responses. What personal connections can you make with the music we are studying, how about any follow up questions? All journals will be submitted electronically through Blackboard either as a typed comment on the assignment, or a PDF upload as an attachment. **DO NOT** upload photos of handwritten assignments. I will not accept that form of submission. Is it recommended to use Microsoft Word, or other similar writing apps to complete these assignments.

Attendance, Participation, and Preparation: Students must attend all lectures and should plan to arrive at least a few minutes before the start of class. Students that are more than 15 minutes late will be marked absent. Students are given 2 free absences. Every absence after that is a 5 point deduction from the overall attendance grade. Participation is also required for music activities, etc.

Students are **not** allowed to bring guests to class, unless given permission by the instructor in advance.

Mid-Term: Although there is no exam administered for the mid-term, the mid-term grade is a snapshot of the student's current grade average at the 8-week mark during the semester. The mid-term grade is NOT an official posted grade on your transcript; it is there to let students and admin know current standings mid-way through the semester.

Other screen share alternatives include apple screen recording tools, QuickTime, Loom, etc. It is recommended to test that your audio sharing works before recording your full presentation.

Academic Sources

Academic sources are scholarly books, articles, and research papers that are typically peer-reviewed, credible and authoritative. Peer-reviewed sources are written by an expert in the field and have passed review by other experts who judged the source for quality and accuracy. If a source is peer-reviewed, there's a really good chance it's a good choice for high-quality, accurate

information. **For these assignments, please avoid using websites like Britannica, Wikipedia, IMDb, etc.**

Late Work

- * Each week's assignments will be open every Monday @ 12:00am and close Sunday @ 11:59pm which gives students a full 7 days to complete each week's assignments.
- * Late work will be accepted for a max grade of 70%.
- * The last day to submit assignments will be posted at the end of the course calendar. Submissions of any kind after this date/time will **not** be accepted. Students that have proper documentation through the university may request extensions.

Broader Use of Generative AI Permitted Within Guidelines

Use of artificial intelligence (AI) tools, including ChatGPT is permitted in this course for students who wish to use them on the ground of initial research. Students should not use AI tools to complete listening journals or Connect reading assignments. To adhere to our scholarly values, students may however, cite AI generated material that informed their Final Exam presentation research work. This includes intake, citations, and or use of quotations and in your reference list. Using an AI to generate content without proper attribution qualifies as academic dishonesty and violates Texas A&M, San Antonio standard of academic integrity.

The university will provide reasonable accommodation for pregnant students as it would be provided to a student with a temporary medical condition that is related to the health and safety of the student and the student's unborn child. These could include maintaining a safe distance from substances, areas, and activities known to be hazardous to pregnant individuals and their unborn child; excused absences because of illness or medical appointments; modified due dates for assignments; rescheduled tests/exams; taking a leave of absence; and being provided access to instructional materials and video recordings of lectures for excused absences, if these would be provided to any other student with an excused absence. Pregnant/parenting students are encouraged to contact the Title IX Coordinator with any questions or concerns related to their status (titleix@tamusa.edu; 210-784- 2061; CAB 439K).

Students' Rights and Responsibilities

The following statement of students' rights and responsibilities is intended to reflect the philosophical base upon which University Student Rules are built. This philosophy acknowledges the existence of both rights and responsibilities, which is inherent to an individual not only as a student at Texas A&M University-San Antonio but also as a citizen of this country.

Students' Rights

1. A student shall have the right to participate in a free exchange of ideas, and there shall be no University rule or administrative rule that in any way abridges the rights of freedom of speech, expression, petition and peaceful assembly as set forth in the U.S. Constitution.
2. Each student shall have the right to participate in all areas and activities of the University, free from any form of discrimination, including harassment, on the basis of race, color, national or ethnic origin, religion, sex, disability, age, and pregnancy/parenting or veteran status in accordance with applicable federal and state laws.
3. A student has the right to personal privacy except as otherwise provided by law, and this will be observed by students and University authorities alike.
4. Each student subject to disciplinary action arising from violations of university students' rules shall be assured a fundamentally fair process.

Students' Responsibilities

1. A student has the responsibility to respect the rights and property of others, including other students, the faculty, and administration.
2. A student has the responsibility to be fully acquainted with the published University Student Rules found in the Student Handbook, Student Code of Conduct, on our website, and University Catalog, and to comply with them, as well as with federal, state, and local laws.
3. A student has the responsibility to recognize that student actions reflect upon the individuals involved and upon the entire University community.
4. A student has the responsibility to recognize the University's obligation to provide a safe environment for learning.
5. A student has the responsibility to check their university email for any updates or official university notifications.

Students are expected to exhibit a high level of honesty and integrity in their pursuit of higher education. Students engaging in an act that violates the standards of academic integrity will find themselves facing academic and/or disciplinary sanctions. Academic misconduct is any act, or attempt, which gives an unfair advantage to the student. Additionally, any behavior specifically prohibited by a faculty member in the course syllabus or class discussion may be considered as academic misconduct. For more information on academic misconduct policies and procedures please review the [Student Code of Conduct](#) or visit the resources available in the [OSRR website](#).
