COURSE REQUIREMENTS AND GRADING COMPONENTS:

Attendance and Participation (10%); Short Answer/Discussion Questions (20%) Quizzes (15%); Matching Exercise (15%); Midterm Exam (20%); Final exam (20%)

Grading Scheme:

A = Excellent, 90-100.

B = Good, 80-89.

C = Average, 70-79.

D = Passing, 60-69.

F = Failure, below 60.

Exams

This course will use two in-class exams, a Midterm and a Final as a method of evaluation, which constitute 40% of your final class grade. All exams will be graded and posted on Blackboard.

End of Chapter Quizzes

After each chapter, you will receive a quiz of 10 questions via Blackboard by the Wednesday of each week to check your comprehension of the chapter with an allotted time of **15 minutes**. The quizzes are counted towards your overall grade (15%) so it will be useful for you to complete the quizzes since they will also prepare you for the exams and will give you an idea of what kind of questions to expect in the exams. The deadline for taking the quizzes will be on the following Monday of each week at 3:30 pm. Quizzes completed after the due date are subject to penalty. All quizzes and grades will be posted on Blackboard.

Matching Exercise

After each chapter, you will receive a matching exercise consisting of 10 key terms via Blackboard by the Wednesday of each week to check your comprehension of the chapter with an allotted time of **10 minutes**. The questions are counted towards your overall grade (15%) so it will be useful for you to complete them since they will also prepare you for the exams. The deadline for completing the exercise will be on the following Monday of each week at 3:30 pm. Matching exercises submitted after the due date are subject to penalty. All grades will be posted on Blackboard.

Discussion Posts/Short Answer:

After certain chapters, you will receive a short answer question/discussion question via Blackboard on the Wednesday of each week and will be due on the following Monday each week at 3:30 pm. The Blackboard questions involve research analysis relative to questions from the chapter. Online discussion forums are used to inspire thought and interaction between classmates. Short answer questions are used to inspire self-initiated research and is a critical part of the course experience. We recognize that there are a variety of AI programs available to assist writers. AI programs are not a replacement for human creativity, originality, and critical thinking. Using these tools puts your academic integrity at risk. Short answer/discussion questions constitute 20% of your final class grade. It is the place where you will not only respond to questions posed by the instructor, but where you may post questions concerning the material presented. It is also the place where you are to ask for and provide help and encouragement to your classmates. Your online participation will be evaluated on a quantity and quality basis. Your comments should advance the discussion, add value, and be relevant. Comments such as "I agree" and "ditto" are not considered value-added participation. Therefore, when you agree or disagree with a comment, please state and support your agreement or disagreement. Writings submitted after the due date are subject to penalty. All grades will be posted on Blackboard.

Attendance Policy:

Every student is responsible for familiarizing himself/herself with the specific academic regulations contained in the university catalog including degree requirements. For a detailed explanation of policies on class attendance, absence due to religious holidays, field trips, degree planning and withdrawal from the university, please refer to the catalog or the online version at <http://www.TAMUSA.edu/academics/catalog/>.

The University Attendance Policy provides that any absences tend to lower the quality of a student's work in a course, and frequent or persistent absences may preclude a passing grade or cause a student to be dropped from one or more courses upon the request of a faculty member to the Provost and Vice President for Academic Affairs. Participation and engagement on the part of the student will be an integral part of this course and **will constitute 10% of the overall grade.**

RULES AND GUIDELINES FOR BLACKBOARD DISCUSSION

Many of the "rules of the road" or protocols that apply to e-mail also apply to the use of discussions. Use the following conventions when composing a discussion posting:

1. During a Discussion assignment, deadlines for posting to and replying will be specified with each assignment. It is good practice to always check the Discussions multiple times during the week.
2. If you want to send a personal message to the instructor or to another student, use e-mail rather than the discussions (see above E-mail Protocols).
3. Use the appropriate Discussion Topic; don't post everything on the "Main" Discussion Topic.
4. Be patient. Don't expect an immediate response when you send a message.
5. A helpful hint for use with both discussions and e-mail --- Compose your message in your word-processing application to check spelling, punctuation, and grammar --- then copy and paste your composition into e-mail or the discussion. This also saves online time.
6. Everyone should feel free to participate in class and online discussions. Regular and meaningful discussion postings constitute a substantial portion of your grade.
7. Respect each other's ideas, feelings, and experience.
8. Be courteous and considerate. It is important to be honest and to express yourself freely but being considerate of others is just as important and expected online, as it is in the classroom.
9. Explore disagreements and support assertions with data and evidence.
10. "Subject" headings: use something that is descriptive and refer to a particular assignment or discussion topic when applicable. Some assignments will specify the subject heading.
11. Use the "reply" button rather than the "compose" button if you are replying to someone else's posting.
12. Do not use postings such as "I agree," "I don't know either," "Who cares," or "ditto." They do not add to the discussion, take up space on the Discussions, and will not be counted for assignment credit.
13. Avoid posting large blocks of text. If you must, break them into paragraphs and use a space between paragraphs.
14. Use the Technical Discussion topic for assistance with technical issues. Use the Help Discussion topic for questions about course material or assignments. There will be specific discussion topics for discussions - pay close attention to the assignment, and post appropriately.
15. Students must obtain permission from me before using AI composition software (like ChatGPT) for any assignments in this course.

COMMUNICATIONS POLICY

E-mail communications are an integral part of this course. It's recommended you make sure you:

1. Check your e-mail at least twice per week (more often is better).
2. Be patient. Don't expect an immediate response when you send a message. Generally, two days is considered a reasonable amount of time to receive a reply.
3. Include "Subject" headings: use something that is descriptive and refer to a particular assignment or topic.
4. Be courteous and considerate. Being honest and expressing yourself freely is very important but being considerate of others online is just as important as in the classroom.
5. Make every effort to be clear. Online communication lacks the nonverbal cues that fill in much of the meaning in face-to-face communication.
6. Do not use all caps. This makes the message very hard to read and is considered "shouting." Check spelling, grammar, and punctuation (you may want to compose in a word processor, then cut and paste the message into the discussion or e-mail).
7. Break up large blocks of text into paragraphs and use a space between paragraphs.
8. Sign your e-mail messages.

University Email Policy and Course Communications

All correspondence between professors and students must occur via university email accounts. You must have Jaguar email account ready and working. If it is not working, contact the help desk at sahelp@tamusa.tamus.edu or at 210-784-4357. If you don't hear back from them within 48 hours, contact them again. They have a lot of requests during the first part of the semester, so you may need to check up on them. I will distribute course materials, including announcements and updates, via Blackboard, so I encourage you to log-in to that system at least twice per week.

Cellular Phone Policy: All cellular phones, pagers, and other forms of electronic communication must be silenced during the class period. If you need to have your device on for emergency purposes, inform the teacher as well as take steps to minimize the disturbance in class. Recording in the classroom is prohibited.

Faculty will provide the Office of Financial Aid with an electronic notification if a student has not attended by the published Census Date (the first week of class). Any student receiving federal financial aid who does not attend prior to the published Census Date (the first week of class) will have their aid terminated and returned to the DoE. Please note that any student who stops attending at any time during the semester may also need to return a portion of their federal aid.

Religious Observances

Texas A&M University-San Antonio recognizes the wide variety of faiths represented among the campus community and protects the rights of students, faculty, and staff to observe religious holidays according to their tradition. Under the policy, students are provided with an opportunity to make up any examination, study, or course work requirements that may be missed due to a religious observance provided they notify their instructors before the end of the second week of classes for regular session classes.

The Six-Drop Rule

Students are subject to the requirements of Senate Bill (SB) 1231 passed by the Texas Legislature in 2007. SB 1231 limits students to a maximum of six (6) non-punitive course drops

(i.e., courses a student chooses to drop) during their undergraduate careers. A non-punitive drop does not affect the student's GPA. However, course drops that exceed the maximum allowed by SB 1231 will be treated as "F" grades and will impact the student's GPA.

Statement of Harassment and Discrimination

Texas A&M University-San Antonio is committed to the fundamental principles of academic freedom, equal opportunity, and human dignity. To fulfill its multiple missions as an institution of higher learning, A&M-San Antonio encourages a climate that values and nurtures collegiality and the uniqueness of the individual on our campus and within our state, nation, and world. All decisions and actions involving students and employees are to be based on applicable law and individual merit. Texas A&M University-San Antonio, in accordance with applicable federal and state law, prohibits discrimination, including harassment, based on race, color, sex, religion, national origin, age, disability, genetic information, veteran status, sexual orientation, or pregnancy/parenting status. Individuals who believe they have experienced harassment or discrimination prohibited by this statement are encouraged to contact the University's Civil Rights Officer at 210-784-2061 or titleix@tamusa.edu. Texas A&M University-San Antonio faculty are committed to providing a safe learning environment for all students and for the university. If you have experienced any form of sex discrimination or harassment, including sexual assault, sexual harassment, domestic or dating violence, or stalking based on sex, know that help and support are available. A&M-San Antonio's Title IX Coordinator can support those impacted by such conduct in navigating campus life, accessing health and counseling services, providing academic and housing accommodations, and more. The university strongly encourages all students to report any such incidents to the Title IX Coordinator. Please be aware that all A&M-San Antonio employees (other than those designated as confidential resources such as counselors and trained victim advocates) are required to report information about such discrimination and harassment to the university. This means that if you tell a faculty member about a situation of sexual harassment, sexual violence, or other related sex-based misconduct, the faculty member must share that information with the university's Title IX Coordinator (titleix@tamusa.edu, 210-784-2061, CAB 439K). If you wish to speak to a confidential employee who does not have this reporting requirement, you can contact the Student Counseling Center at (210) 784-1331 or visit them in Madla 120.

Pregnant/Parenting Students

Texas A&M-San Antonio does not require a pregnant or parenting student, solely because of that status or issues related to that status, to (1) take a leave of absence or withdraw from their degree or certificate program; (2) limit the student's studies; (3) participate in an alternative program; (4) change the student's major, degree, or certificate program; or (5) refrain from joining or cease participating in any course, activity, or program at the University. The university will provide reasonable accommodation for pregnant students as it would be provided to a student with a temporary medical condition that is related to the health and safety of the student and the student's unborn child. These could include maintaining a safe distance from substances, areas, and activities known to be hazardous to pregnant individuals and their unborn child; excused absences because of illness or medical appointments; modified due dates for assignments; rescheduled tests/exams; taking a leave of absence; and being provided access to instructional

materials and video recordings of lectures for excused absences, if these would be provided to any other student with an excused absence. Pregnant/parenting students are encouraged to contact the Title IX Coordinator with any questions or concerns related to their status (titleix@tamusa.edu; 210-784- 2061; CAB 439K).

Texas A&M-San Antonio has also designated the Title IX Coordinator as the liaison officer for current or incoming students who are the parent or guardian of a child younger than 18 years of age. The Title IX Coordinator can provide students with information regarding support services and other resources. Young Jaguars can support parenting students with daycare if students meet this criteria: (1) must be enrolled in classes at Texas A&M-San Antonio in the current semester, (2) must be Pell eligible or a single parent, (3) child(ren) must be aged 3 to 12-years-old, and (4) child(ren) must be enrolled in Pre-K-3 through 6th grade. For more information, please contact Young Jaguars at youngjaguars@tamusa.edu or call (210) 784-2636.

Students' Rights and Responsibilities

The following statement of students' rights and responsibilities is intended to reflect the philosophical base upon which University Student Rules are built. This philosophy acknowledges the existence of both rights and responsibilities, which is inherent to an individual not only as a student at Texas A&M University-San Antonio but also as a citizen of this country.

Students' Rights

1. A student shall have the right to participate in a free exchange of ideas, and there shall be no University rule or administrative rule that in any way abridges the rights of freedom of speech, expression, petition and peaceful assembly as set forth in the U.S. Constitution.
2. Each student shall have the right to participate in all areas and activities of the University, free from any form of discrimination, including harassment, on the basis of race, color, national or ethnic origin, religion, sex, disability, age, and pregnancy/parenting or veteran status in accordance with applicable federal and state laws.
3. A student has the right to personal privacy except as otherwise provided by law, and this will be observed by students and University authorities alike.
4. Each student subject to disciplinary action arising from violations of university students' rules shall be assured a fundamentally fair process.

Students' Responsibilities

1. A student has the responsibility to respect the rights and property of others, including other students, the faculty, and administration.
2. A student has the responsibility to be fully acquainted with the published University Student Rules found in the Student Handbook, Student Code of Conduct, on our website, and University Catalog, and to comply with them, as well as with federal, state, and local laws.
3. A student has the responsibility to recognize that student actions reflect upon the individuals involved and upon the entire University community.

4. A student has the responsibility to recognize the University's obligation to provide a safe environment for learning.
5. A student has the responsibility to check their university email for any updates or official university notifications.

Students are expected to exhibit a high level of honesty and integrity in their pursuit of higher education. Students engaging in an act that violates the standards of academic integrity will find themselves facing academic and/or disciplinary sanctions. Academic misconduct is any act, or attempt, which gives an unfair advantage to the student. Additionally, any behavior specifically prohibited by a faculty member in the course syllabus or class discussion may be considered as academic misconduct. For more information on academic misconduct policies and procedures please review the [Student Code of Conduct](#) or visit the resources available in the [OSRR website](#).

Use of any AI-generated content in this course qualifies as academic dishonesty and violates Texas A&M-San Antonio's standards of academic integrity.

Student Misconduct

Appropriate conduct is essential to the effective functioning of the University. University policy defines unacceptable conduct, both academic and non-academic misconduct, and penalties for such behavior.

PROHIBITED CONDUCT

All forms of prohibited conduct are outlined in the TAMU-SA student handbook. In addition, guidelines and procedures for handling instances of student misconduct are contained therein, which can be viewed on line at: <http://www.tamusa.tamus.edu/studenthandbook.html>.

Academic Dishonesty Policy

Students at Texas A&M University-San Antonio are expected to adhere to the highest standards of academic honesty and integrity. Academic dishonesty for which a student is subject to penalty includes cheating, plagiarism, fabrication, multiple submissions, misrepresentation of academic records, facilitating academic dishonesty, unfair advantage, violating known safety requirements and ethical misconduct. This includes holding other students to the same standards and reporting any incidents of alleged violation of the honesty policy to the instructor involved or, if necessary, to the appropriate academic department head. All students are responsible for being familiar with the Academic Dishonesty Policy, which may be found in the Texas A&M University-San Antonio Student Handbook.

University policy prescribes serious consequences for acts of academic dishonesty including, but not limited to, a grade of ‘F’ on the paper or assignment, a failing grade in the course, or possible expulsion from the University. Considering the potential consequences of academic misconduct, it is obviously in students’ best interests to avoid even the appearance of such behavior. If you are ever unclear whether a specific act might constitute academic misconduct, please contact your instructor for an assessment of the situation.

All student term papers, and other written assignments are subject to analysis by anti-plagiarism software.

The University’s policy on academic honesty and appeal procedures can be found in <http://www.tamusa.tamus.edu/undergraduate-catalog-2011.pdf>.
