<thead>

<th>Percentage</th>
</tr>
</thead>
<tbody>
<tr>
<td>Mid-Exam1</td>

</tr>
<tr>
<td>Mid-Exam2</td>
<td>25%</td>
</tr>
<tr>
<td>Final Exam</td>
<td>30%</td>
</tr>
<tr>
<td>Quizzes</td>
<td>10%</td>
</tr>
<tr>
<td>Assignments</td>
<td>10%</td>
</tr>
</tbody>
</table>

The final letter grades will be assigned as follows: Above 90% ⇒ A; 80 – 89.99% ⇒ B; 70 – 79.99% ⇒ C; 60 – 69.99% ⇒ D; Below 60% ⇒ F.

This course has a requirement of a grade of C as a minimal grade for satisfactory completion of this course.

The instructor reserves the right to adjust the student’s final grade based on the overall performance.

Examinations: There will be two mandatory mid-term exams and a mandatory final exam (as per university schedule). The exams/quizzes will consist of conceptual multiple-choice questions, problem solving questions, and short essay questions. The exam/quiz materials will come from lecture notes, the text, and class discussions. Questions will emphasize understanding and applications of concepts and topics covered in class. Missing an exam will result in a grade of zero for that exam and may result in a fail grade in the course.

Proctored Exams: Examinations in this class may/will be administered using secure online testing services. Details regarding proctored test sign up and administration will be provided at least 2 weeks prior to the exam.

Assignments: Problem solving homework will be assigned for the most of chapters. The purpose of homework is to apply the information learned during class. Each problem solving homework assignment will be available for two weeks to complete it. Students can refer the homework schedule to find out exact dates for each assignment.

Experiential Learning Assignment: Students will find the Accounting Standards updates from Financial Accounting Standards Boards (FASB) website and write a paper regarding the expected effect of the Accounting rule changes.

Make up and Late Assignment/exam/quiz policy: As a general rule, no make-ups or late submissions will be offered/accepted for any missed assignments/exams/quizzes. Late submissions or make-ups may be accepted/administered only in extra-ordinary circumstances such as an excused official university activity, a severe illness, or a dire emergency. However, you must provide comprehensive documentation within a few days of the missed assignment/quiz/exam.

Class conduct and civility code: Everyone in class is expected to follow all rules in the student handbook, as well as common courtesy during classroom lectures and discussions online, including the following:
1. It is the students’ responsibility to obtain and be able to use the required materials and software for this class.
2. Student must retain copies of all assignments and graded work for verification purposes.
3. For any questions about the exams and assignments, a student should contact the instructor, before the day they are due, so the instructor may have enough time to provide feedback.

4. All communications will be via e-mail communications to the Texas A&M University e-mail account, and students are expected to use their school provided email account. The instructor will reply to a student e-mail messages and voice messages within 2 business days (Monday-Friday).

Anyone violating these policies may be subject to disciplinary actions.

**Class attendance and Participation:** A vital part of every student's education is regular attendance of class meetings (for face-to-face/hybrid classes/online synchronous classes) or regular review of class materials posted by the instructor for asynchronous classes. Any absences tend to lower the quality of a student's work, and frequent or persistent absences may result in a failing grade. Students are responsible for the materials covered in class.

The course covers a lot of material and most students find at least some parts of it difficult. The course is intensive and challenging and you are expected to master the materials presented in class. The structure of the class makes your individual study and preparation outside of class extremely important. Reading the assigned chapter(s) and having some familiarity with them before class will be very useful for understanding lectures.
