ATTENDANCE POLICIES UNDER COVID-19¹

1) The course will divide students into A, B, and/or C groups for attendance on different days. Effectively, this results in each group attending class on campus once every three classes. These three groups will be in alphabetical order and the students will be notified by Blackboard Announcement and email which group they belong to. Students will be taking a health inventory every day before coming to campus that may preclude them from attending their in-person component. While it is important to encourage students to participate, the need to attend in person will be suspended to accommodate the health and safety of the campus without penalty to the student.
2) Faculty have the authority to remove a student from the classroom who is not complying with health and safety guidelines.
3) The class will be recorded live as it occurs. The recording will be available for students who may be in a group not designated for attendance on that day, and for students who have self-selected not to attend because of the daily health inventory.
4) Students who self-select not to attend due to their daily health inventory do not require medical documentation for accommodation, but they should contact the instructor. If a student tests positive for COVID-19, you will be contacted by the Dean of Students.
5) The instructor is prohibited from penalizing the student for not attending class in person.

COVID-19 SYLLABUS ADDENDUM²

COVID-19 is a dangerous illness. Above everything else, your health and safety are our concern. The best estimate now is that 20–40% of people infected with the virus have no symptoms. In compliance with safety practices, students are required to complete the COVID-19 student training course. Upon completion, you will receive a certificate with your name and date of completion. If you have yet to complete the course, please do so immediately, as completion is required to return to campus and participate in the Fall 2020 academic semester.

NOTE: If you do not complete this training, you will have a Dean of Students hold on your records, which will prevent adds, drops, and registration.

Students are required to conduct a self-assessment each day before coming to campus to determine if they are exhibiting any signs or symptoms of COVID-19 or have been exposed to COVID-19. Your presence on campus means that you certify that you are not exhibiting any signs or symptoms.

All components of this class, including assessments, can be completed virtually, through Blackboard or other platform used in this class. Office hours will be held via Webex or other platform provided by the instructor.

For lecture classes that include a face-to-face component:

Accommodation for missing class if you meet one of the criteria on the checklist or do not feel comfortable physically attending will be made without penalty. Visitors are not allowed, and students can attend class only on their designated day for in-person attendance. All students have a responsibility to ensure they are always contributing to a safe learning environment by following all health and safety protocols.

While in the classroom:

1. Sanitize your hands upon entering.
2. Always maintain at least six feet from others, including your instructor and other students.
3. Front-row seating will not be used.
4. Sit in designated seats.
5. Always wear a cloth face covering or surgical mask fully covering your mouth and nose at all times while in the classroom, even if alone.
6. Observe and conform to any markings on the floor indicating appropriate spacing and don’t sit in a location that has been marked as being off limits.
7. You may ask questions by raising your hand during class or by emailing the instructor outside of class. Do not approach your instructor before or after class to ask a question or attempt to hand your instructor any document or item, as this does not facilitate social distancing.

Students who do not live up to these responsibilities will not be permitted to physically attend class. Failure to comply with these health and safety protocols is a violation of the Student Code of Conduct. A student who is not in compliance with these health and safety protocols will not be allowed to remain in the classroom and will be reported to the student-conduct office, which may result in the student being barred from the classroom for the remainder of the semester and may also lead to expulsion from the university.

Certain classes may transition to fully online when necessary for health and safety.
TIME EXPECTATION FOR COURSEWORK:
You are expected to spend 4-8 hours per week for the course. Based on the background, some student may require more time. Time spent may be longer when assignment/exams are due.

Course Requirements every student must fulfill in order to succeed in course:
1. Students should check the Course Calendar, Announcements, and Messages (e-mail) systems in Blackboard on a regular basis.
2. Students should keep current with all course assignments, quizzes, and examinations.
3. If the course uses remote proctoring for exams, students must schedule their exam early in the semester.
4. Students should ask questions and communicate with the instructor either in class, online, off-line or during office hours.
5. For all classwork, exams, quizzes etc., if a student is completing it off-campus, then they are responsible for availability of internet connectivity. Extensions will not be granted for lack of availability of internet connections.
   a. The instructor can require students to physically sit for an examination in a proctored environment at the facilities of university testing services – setup of exam is responsibility of the student.
   b. The instructor can require students to take examinations using proctoring software as indicated in the Proctored Exams section.
   c. The instructor decides which type of examination works best for the class and the student must comply with their instructions – as long as they are not required to take an in-class examination, or are required to take the examination at one specific time that applies to all students. In other words, the instructor will offer the student some flexibility on test location and the time to sit for the examination. Instructors will allow 72 hours for students to complete any examination.

Final Examination
The final examination is comprehensive of the entire course. The final examination accounts for 40% of the overall grade. The final examination will be administered online through Cengage. You will receive notice of the availability of the final exam by Blackboard Announcement and email. Extensions will **not** be granted for lack of availability of internet connections. You are strongly discouraged from using any wireless connection for completion of any homework, quiz, examination, or final examination. It is the student’s responsibility to have an adequate connection to complete these.

Examinations
There will be three class examinations administered online through Cengage. Together, these three tests account for 35% of your grade. Each examination is limited in time, and you will have only one opportunity to obtain the highest grade you can. You will receive notice of the availability of the examinations by Blackboard Announcement and email. Extensions will **not** be granted for lack of availability of internet connections. You are strongly discouraged from using any wireless connection for completion of any homework, quiz, examination, or final examination. It is the student’s responsibility to have an adequate connection to complete these.

Chapter Quizzes
Chapter quizzes will be administered online through Cengage. You will receive notice of the availability of the chapter quizzes by Blackboard Announcement and email. Each quiz will consist of ten multiple choice questions. Together, chapter quizzes account for 20% of your grade. Each chapter quiz will be limited in time, and you will have two quizzes per chapter. You will have one opportunity to complete each quiz. You are strongly discouraged from using any wireless connection for completion of any homework or quiz assignment. It is the student’s responsibility to have an adequate connection to complete these.

**Homework Assignments:**
Homework problems will be administered online through Cengage. Notice of Homework assignments will be given online by Blackboard Announcement and email. Each assignment will consist of ten to fifteen multiple choice questions. You have as many as twenty attempts on each homework assignment to earn the highest grade you can. The grade for the homework assignments is based on completion and accuracy. A total of 5% of your grade is based on your homework assignments. Extensions will not be granted for lack of availability of internet connections. You are strongly discouraged from using any wireless connection for completion of any homework or quiz, assignment. It is the student’s responsibility to have an adequate connection to complete these.

**COMPLETION OF HOMEWORK, QUIZZES, EXAMINATIONS, AND FINAL EXAMINATION:**
Students will be sent notice by Blackboard Announcement (which sends simultaneous notice to the Blackboard Announcements section in Blackboard, and to webmail) that a homework or quiz assignment is available for completion. Upon receiving such notice, it is the student’s responsibility to check Cengage for the due date/time. You are strongly discouraged from using any wireless connection for completion of any homework or quiz assignment. It is the student’s responsibility to have an adequate connection to complete these.

As a general rule, make-ups or late submissions will NOT be offered or accepted for any missed assignments/exams/quizzes. Late submissions or make-ups may be accepted/administered only in extra-ordinary circumstances such as an excused official university activity, a severe illness, or a dire emergency. However, you must provide comprehensive documentation either before or within a few days of the missed assignment/exam. If you have a medical excuse, your medical documentation must include names, addresses, and phone numbers of the medical personnel who addressed your medical emergency, along with your waiver of your physician-patient privilege. Although I do not have an interest in what your medical condition was, I do have a need to verify when the emergency occurred, how long it lasted, and whether it prevented you from completing the exam, quiz, or homework assignment. Extensions will not be granted for lack of availability of internet connections.

In general, the homework and quiz assignments will allow for 72 hours, from date/time of assignment, to complete the homework or quiz. It is the student’s responsibility to check Cengage for when the assignment is due. The time allowed for completion of the assignment will vary because students must be allowed time to review these assignments in preparation for Examinations.

Late submissions or make-ups may be accepted/administered only in extra-ordinary circumstances such as an excused official university activity, a severe illness, or a dire emergency. However, you must provide comprehensive documentation either before or within a few days of the missed assignment/exam. Anyone violating these policies may be subject to disciplinary actions.

2. The course is intensive and challenging and you are expected to master the materials presented in class. The structure of the class makes your individual study and preparation outside of class extremely important. Reading the assigned chapter(s) and having some familiarity with them before class will be very useful for understanding lectures.

Your participation is highly encouraged in the class as it makes class more interesting and enhances the learning experience. I encourage you to ask questions, participate in class discussions and problem solving.

4. The provisions and information set forth in this syllabus and schedule are intended to be informational and not contractual in nature. I reserve the right to amend, alter, change, delete or modify the provisions of the syllabus and schedule. 11. Using computers or phones (except for a valid urgent need) during class for a purpose not related to class is disruptive. All cell phones and gadgets should be turned OFF and headphones removed.

12. For any questions about the exams and assignments, a student should contact the instructor, well in advance of the day they are due, so the instructor may have enough time to provide feedback.

13. All communications will be via e-mail communications to the Texas A&M University e-mail account, and students are expected to use their school provided email account. The instructor will reply to a student e-mail messages and voice messages within 24 hours during week days (Monday-Friday).

14. All assignment submissions must be uploaded to Blackboard by the due date and time. Submission window may close or marked late, even if late by one second.

15. Anyone violating these policies may be subject to disciplinary actions.

Class attendance and Participation

A vital part of every student’s education is regular attendance of class meetings. Any absences tend to lower the quality of a student’s work, and frequent or persistent absences may result in a failing grade. Students are responsible for the materials covered in class. The course covers a lot of material and most students find at least some parts of it difficult. Class participation is highly encouraged as it makes the class more interesting and enhances the learning experience. Students are strongly encouraged to ask questions, participate in class discussions and problem solving, and visit/contact the instructor during office hours in case of questions or concerns. Good attendance and participation will be rewarded when final grades are assigned.

Financial Aid and Verification of Attendance
According to the following federal regulation, 34 CFR 668.21: U.S. Department of Education (DoE) Title IV regulation, a student can only receive Title IV funds based on Title IV eligibility criteria which includes class attendance. Any student receiving Federal financial aid who does not attend the first week of class will have his/her aid terminated and returned to the DoE. Please note that any student who stops attending at any time during the semester may also need to return a portion of his/her federal aid.

The Six-Drop Rule
Students are subject to the requirements of Senate Bill (SB) 1231 passed by the Texas Legislature in 2007. SB 1231 limits students to a maximum of six (6) non-punitive course drops (i.e., courses a student chooses to drop) during their undergraduate careers. A non-punitive drop does not affect the student’s GPA. However, course drops that exceed the maximum allowed by SB 1231 will be treated as “F” grades and will impact the student’s GPA.

Students with Disabilities
The Americans with Disabilities Act (ADA) is a federal anti-discrimination statute that provides comprehensive civil rights protection for persons with disabilities. Among other things, this legislation requires that all students with disabilities be guaranteed a learning environment that provides for reasonable accommodation of their disability. If you believe you have a disability that may require accommodations, please contact Disability Support Services (DSS) for the coordination of services. The phone number for DSS is (210) 784-1335 and email is dsupport@tamusa.edu.

Violations of Academic Conduct (Section 14.5 Student Handbook)
As a member in an academic community, students at Texas A&M University-San Antonio are expected to exhibit a high level of honesty and integrity in their pursuit of higher education, be mature, be self-directed and be able to manage their own affairs. Students who are unwilling to abide by these basic expectations will find themselves facing academic and/or disciplinary sanctions. Students are expected to share in the responsibility and authority with faculty and staff to challenge and make known acts that violate the Texas A&M University-San Antonio Code of Conduct. For more information please visit the Office of Student Rights & Responsibilities website http://bit.ly/TAMUSAStudentRR.

Students engaging in an act that violates the standards of academic integrity will find themselves facing academic and/or disciplinary sanctions. Academic misconduct is any act, or attempt, which gives an unfair advantage to the student. Additionally, any behavior specifically prohibited by a faculty member in the course syllabus or class discussion may be considered as academic misconduct. Academic misconduct includes, but is not limited to, cheating, plagiarism, multiple submissions, collusion, lying and bribery. For more information, refer to the Student Code of Conduct, Article III: Conduct Rules and Regulations. Texas A&M University-San Antonio faculty has the discretion to impose grade penalties as deemed necessary.

Faculty members are required to report such serious breaches of academic honesty to their chair, their dean and the Office of Student Rights and Responsibilities. In cases of academic misconduct, students may be subject not only to grade sanctions in courses but to disciplinary action. Grade sanctions may be imposed only by faculty members, but suspension or expulsion may be imposed only by the Vice President for Student Affairs. If a student wishes to appeal the decision of suspension or expulsion due to violations of academic misconduct, they must initiate their appeal as outlined within the Student Code of Conduct. Extenuating circumstances may cause the University to deviate from the defined time frames.

All student term papers and other written assignments are subject to analysis by anti-plagiarism software. Posting of any class work given to student, or solutions, or discussion, on publicly accessible forums or on social media is not permissible.

Considering the potential consequences of academic misconduct, it is obviously in students’ best interests to avoid even the appearance of such behavior. If a student is unclear whether a specific act might constitute academic misconduct, please she/he should contact the instructor for an assessment of the situation.
